**The Emerging Church, Millennials, and Religion: Volume 1 Prospects and Problems** Wipf and Stock Publishers *The landscape of American religion is changing dramatically, Millennials are dropping out of church, and new experimental types of Christianity such as the Emerging Church are coming to the fore. But what is the future of religion in America, and what role will Millennials play in that? The results of three years of scholarly inquiry, this collection of essays looks at the Emerging Church and Millennial religious responses and seeks to define and explore both phenomena, always on the lookout for their intersection. Bringing together a diverse collection of scholars in theology, sociology, history and comparative religion, this book highlights the importance of both the Emerging Church and the Millennial generation's future for religion.* **The Publishers' Trade List Annual The English Catalogue of Books [annual]** Vols. for 1898-1968 include a directory of publishers. **An Outline of Christianity: The rise of the modern churches Roman State & Christian Church Volume 2 A Collection of Legal Documents to A.D. 535** Wipf and Stock Publishers *This collection of legal documents affecting the Christian Church in the Roman Empire is the first its kind in any language. In time the monuments here translated cover the period from the foundation of the Church to the deposition of Romulus Augustulus, the last emperor in the West (476), and to the publication of the second (and only extant) edition of the Code of Justinian I, the most conspicuous champion of Caesaropapism in the East (534)—each terminus ad quem being an arbitrary, but a natural, limit. The character of the originals, which are mostly in either Greek or Latin, is strictly secular, that is, the documents emanate from the State's officials, ordinarily the emperors, and thus expose the*

Written by an eminent theologian, it combines in its narrative a rare blend of clarity, unity, and balance. In light of significant advances in scholarship in recent years, extensive revisions have been made to this fourth edition. Three scholars from Union Theological Seminary in New York have incorporated new historical discoveries and provided fresh interpretations of various periods in church history from the first century to the twentieth. The result is a thoroughly updated history which preserves the tenor and structure of Walker's original, unparalleled text. **The History of the Christian Religion and Church During the Three First Centuries, Vol. 1 of 2** [Forgotten Books](#) Excerpt from *The History of the Christian Religion and Church During the Three First Centuries, Vol. 1 of 2* The history of the Christian Church is a cheering subject for the contemplation of**

a Christian heart. It may indeed suit the would-be philosopher to gather arguments against Christianity itself from the dissensions among Christians, but a deeper insight into man's nature and his destinies would read a different lesson from the same page. The history of the Christian Church records, we allow, much of the weakness of human nature, but at the same time it records still more of its strength, when that strength is aided by those high principles which Christianity alone imparts to man. However weak the human instruments may have been, with which God wrought, their weakness proves his strength. It is almost impossible not to recognise the hand of God in the rise and progress of the Church. From its earliest infancy, when with godlike strength it strangled the serpents that assailed it, the guidance of God's providence was over it; and through oppression, persecution, contempt, and poverty, it struggled on, under that guidance to the full ripeness of manly vigour. In the earlier ages of the Church God's protection is more visible; even the eye that seeks it not, can hardly fail to find it there, unless that eye be dimmed to all the dealings of God in the world, unless with Epicurean view it sees in God a being "far from any one of us," careless alike of the happiness and of the improvement of the world. It contains over 6,000 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; saints; and mystics. In this revision, innumerable small changes have been made to take into account shifts in scholarly opinion, recent developments, such as the Church of England's new prayer book (*Common Worship*), RC canonizations, ecumenical advances and mergers, and, where possible, statistics. A number of existing articles have been rewritten to reflect new evidence or understanding, for example the Holy Sepulchre entry, and there are a few new articles, on Desmond Tutu and Padre Pio, for example. Perhaps most significantly, a great number of the bibliographies have been updated. Established since its first appearance in 1957 as an essential resource for ordinands, clergy, and members of religious orders; ODCC is an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader. **THEOLOGY**- the development of doctrines throughout the ages, with their philosophical background and the different traditions of the major Churches- spirituality and heresy- history of the Reformation and Counter-Reformation **PATRISTIC SCHOLARSHIP**: Fathers of the Church, on whose work later theology is founded, are covered in detail, for example- the Nag Hammadi

papyri and their significance for our understanding of Gnosticism- the problems of Marcarius of Egypt and Macarius/Simeon are explored- the recently discovered sermons of Augustine are mentioned, with their places of publication listed

**CHURCHES AND DENOMINATIONS-** the beliefs and structures of both the mainstream and lesser-known denominations such as Amish, Muggletonians, Shakers, and Wee Frees- lengthy articles on the history of Christianity throughout the world, in countries such as Angola, Canada, Ireland, New Zealand, the Philippines, Poland, Spain, the United States, Vietnam, and Zaire

**THE CHURCH CALENDAR AND ORGANIZATION-** feast and saints' days- Sacraments- church services, offices, rites, and practices- canon law including Catholic revision- councils and synods- religious orders

**THE BIBLE-** individual Biblical Books- major figures from Abraham, Moses, and King David to St Paul and the Evangelists- schools of Biblical criticism and entries on their chief exponents

**BIOGRAPHICAL ENTRIES-** these are wide ranging and include saints, popes, patriarchs, and archbishops- emperors, kings, and other rulers- mystics, heretics, and reformers- theologians and philosophers, with a summary of their opinions- artists, poets, and musicians

**The True Christian Religion, Vol. 2 Containing the Universal Theology of the New Church, Foretold by the Lord in Daniel VII, 13, 14, and in Revelation XXI, 1, 2 (Classic Reprint)** Excerpt from *The True Christian Religion, Vol. 2: Containing the Universal Theology of the New Church, Foretold by the Lord in Daniel VII, 13, 14, and in Revelation XXI, 1, 2* I was seeing in the night visions; and behold there was coming with the clouds of the heavens, one like unto the Son of man. And unto Him was given dominion, and glory, and a kingdom; and all people, nations, and tongues shall worship Him. His dominion is the dominion of an age which shall not pass away, and His kingdom that which shall not perish. I John saw a new heaven and a new earth. And I saw the holy city, New Jerusalem, descending from God out of Heaven made ready as a bride adorned for her husband. And an angel spake with me, saying, Come, I will show thee the Bride, the Wife of the Lamb. And he carried me away in spirit upon a mountain great and high, and showed me a great city, the holy Jerusalem coming down out of heaven from God. He who sitteth upon the throne said, Behold, I make all things new. And He said to me, Write, for these words are true and faithful. **The Emerging Church, Millennials, and Religion: Volume 2 Curations and Durations** Wipf and Stock Publishers Millennials and progressive Christians are continuing their work of creating alternative spaces for spiritual and religious expressions in North America. The practices and beliefs of progressive Christian movements like the emerging

church and millennials, who tend toward spirituality over and against religion, have been the targets of much criticism. Yet millennials and progressive Christians continue to both curate spaces for self- and collective expression while also engaging within contexts often critical or hostile. This collection analyzes these movements from theological, religious-studies, and social-scientific perspectives to provide a more holistic view of what is taking shape in religious and spiritual trends, and it ventures to project what may lie ahead for the progressive Christianity that is emerging and enduring.

Forgotten Books Excerpt from *The Evidences of Christianity, Vol. 2 of 2: Stated in a Popular and Practical Manner, in a Course of Lectures, on the Internal Evidences of the Christian Religion, Delivered in the Parish Church of St. Mary, Islington* Little need be said by the Author on the present occasion, after the observations made in submitting the former volume of this work to the public eye. His object has still been to unite the internal with the external Evidences, and to impress them upon: the hearts and consciences of men. **Biblical, Traditional, and Theological Framework for Understanding Christian Prophetism in Ghana Today** Wipf and Stock Publishers The basis for this project is to verify and determine the extent to which contemporary prophetic ministry in Ghana appropriates prophetism in the early church, Corpus Paulinum, and traditional prophetism in Ghana. The spirit of prophecy which was believed to have ceased in Judaism and during the intertestamental period has now been restored at the inauguration of Christianity. Notwithstanding, Paul gave stipulations for prophets and prophecy in the church in 1 Corinthians 14. This confirms that prophecy was a common phenomenon in the early church and Pauline communities. Contemporary prophetic ministry in Ghana claimed to have conformed to Pauline stipulations concerning prophets and prophecy in the church, but what is their level of conformity? Contemporary prophetic ministry is becoming popular due to its appeal and compatibility with religious worldviews and its pragmatic outlook that resonates with the Ghanaian phenomenon of religion. As an adherent of the Akan traditional religion would go to a religious intermediary for ebisa (literally to "inquire" or "ask") into present or future happenings, contemporary prophets have positioned themselves to be agents of ebisa in Ghanaian Christianity. This book explores biblical and traditional understandings of prophetism that have influenced contemporary Christian understanding of prophets and prophecy in the church. **Christianity and Imperial Culture Chinese Christian Apologetics in the Seventeenth Century and Their Latin Patristic Equivalent** BRILL This book studies the writings of the seventeenth century Chinese Christian apologist, Xu Guangqi, comparing them with those of early Latin Christian apologists in Europe to explore problems within the historical inculturation of Christianity in China. **History of the Christian Church Volume 1** CCEL **The Early Church at Work and Worship, Vol II Volume 2: Catechesis, Baptism, Eschatology, and Martyrdom** ISD LLC This is the second volume of Ferguson's collected essays, and includes some of his most memorable work.
