The Ghost Files 4

Sleep, little children, all safe in your beds. But when the boogeyman knocks, if you are up watching... he'll make sure that you wish you were dead! Once every one hundred and fifty years he emerges from the darkest depths to feed. With each soul he takes, he grows stronger. There is but one gift he needs in order to gain the power he seeks. One gift that will allow him to walk amongst all the precious little children. And it's the one gift Mattie Hathaway possesses...the ability to bring images to life with just a drop of her blood. The demon Silas has warned her to never reveal this ability, not even to her father who shares her power to communicate with the dead. She's heeded his warning, but hiding it may no longer be an option. Children are disappearing all over the Charlotte area. When their bodies are recovered, they are always the same-broken, beaten, and bruised. Fear is spiraling out of control in the Queen City as parents glance nervously around each corner, seeing the boogeyman in every shadow. When one little girl goes missing in Mattie's neighborhood, it's up to her and Officer Dan Richards to find the truth. In doing so, she uncovers a far greater evil than she's ever come up against. The one thing she was bred to defeat. Deleriel. A fallen angel...one of the first demons. He is powerful, ambitious, and now that Mattie is on his radar, she's all he needs to complete his arsenal. Amid of whirlwind of secrets coming to light, Mattie is faced with uncovering the truth about her own heritage. She must come to grips with it before she can begin to prepare for the battle of a lifetime...a battle she never asked for but is caught in the middle of. Can she face her own truths before it's too late?

Forthcoming Books

The Ghost Files 3

One, two, the ghosts are coming for you... Three, four, better salt your door... Five, six, death and hatred mix... Seven, eight, help will come too late... Nine, ten, never reap again... Seventeen year old Mattie Hathaway has enough on her plate without having to deal with the latest teenage ghost drama. The ghosts of eight murdered girls are out for her blood. They blame Mattie for their deaths. She has to figure out what happened to them before they make sure she ends up just like them...dead and angry. Not only that, but she has to face the greatest fear of her young life, the death of the only person she's ever loved. Can she let nature take its course or will she interfere and cause the balance of life and death to spiral out of control? She's out of time, and doesn't know if she should trust Silas, the demon who has taken a very disturbing interest in her, or her father, a man just as evil as Silas. Either way, she has to make a choice. But what will it cost her and those she loves?

Echoes

The Saga Anthology of Ghost Stories

Gallery / Saga Press The essential collection of beloved ghost stories, compiled by the editor who helped define the genre—including stories from award-winning, bestselling authors such as Joyce Carol Oates, Alice Hoffman, Seanan McGuire, and Paul Tremblay. Everyone loves a good ghost story, especially Ellen Datlow—the most lauded editor in short works of supernatural suspense and dark fantasy. The Saga Anthology of Ghost Stories is her definitive collection of ghost stories. These twenty-nine stories, including all new works from New York Times bestselling authors Joyce Carol Oates, Alice Hoffman, Seanan McGuire, and Paul Tremblay, span from the traditional to the eclectic, from the mainstream to the literary, from pure fantasy to the bizarrely supernatural. Whether you're reading alone under the covers with a flashlight, or around a campfire with a circle of friends, there's something here to please—and spook—everyone. Contributors include: Joyce Carol Oates, Alice Hoffman, Vincent J. Masterson, A.C. Wise, M. Rickert, Seanan McGuire, Lee Thomas, Alison Littlewood, M.L. Siemienowicz, Richard Kadrey, Indrapramit Das, Richard Bowes, Nick Mamatas, Terry Dowling, Aliette de Bodard, Carole Johnstone, Dale Bailey, Stephen Graham Jones, Bracken MacLeod, Garth Nix, Brian Evenson, Jeffrey Ford, Gemma Files, Paul Tremblay, Nathan Ballingrud, Pat Cadigan, John Langan.

American Book Publishing Record

Ghost Towns of Texas

University of Oklahoma Press "The indefatigable T. Lindsay Baker has now turned his enormous mental and physical energies to the subject and has brought to view - if not to life -eighty-six Texas ghost towns for the reader's pleasure. Baker lists three criteria for inclusion: tangible remains, public access, and statewide coverage. In each case Baker comments about the town's founding, its former significance, and the reasons for its decline. There are maps and instructions for reaching each site and numerous photographs showing the past and present status of each. The contemporary photos were taken, in most instances, by Baker himself, who proves as adept a photographer as he is researcher and writer....Baker has done his work thoroughly and well, within limits imposed by necessity. He obviously had fun in the process and it shows in his prose."---New Mexico Historical Review

Notes and Queries

How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two

From Victoria to Our Own Times

Vernon Press The ghosts that haunt our sexual pleasure were born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the

invention of sin came the construction of women as subordinate beings to men. Despite the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Book Two of this two-part publication traces the history of sex from the Victorian Era to present day. Interspersed with 'personal hauntings' from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to haunt us today. This book is a page-turner in simple and plain language about 'how sex got screwed up' for millennia. For Knowles, if we know the history of sex, we can get over it.

Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc

The Kennedy Assassinations

JFK and Bobby Kennedy - Debunking The Conspiracy Theories

Frontline Books Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers. Indeed, a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders. Was a shot fired from Dealey Plaza's grassy knoll? Why did Jack Ruby shoot Oswald? Was it the CIA, the Soviets, Cuban nationalists or the Mafia that arranged John Kennedy's assassination? Was Robert Kennedy shot from in front and behind, and who had the most to gain from his death? These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head-on. Over many years, Mel Ayton has examined all the more substantial conspiracy theories and, through careful analysis of documents and eyewitness statements, he has demolished each one. In each case, Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories. These have now been brought together to provide a comprehensive analysis of all the main theories as to who, how and why the two Kennedy brothers met their deaths in such unusual circumstances. Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched, or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy's assassination, the harsh reality is that the Kennedy brothers were each killed by lone gunmen. This is an absorbing read, brought up to date with the addition of new material as it has been uncovered. Maybe, just maybe, this book will persuade people that the official accounts of both murders, although flawed, are not cover-ups but simply statements of fact.

Report of the Department of the Interior ... [with Accompanying Documents].

Principles and Practice of Ophthalmology E-Book

Elsevier Health Sciences Inside the 3rd edition of this esteemed masterwork, hundreds of the most distinguished authorities from around the world provide today's best answers to every question that arises in your practice. American English File 3E Level 1 Student Book

Oxford University Press American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

Children's Books in Children's Hands

An Introduction to Their Literature

Prentice Hall Offers a comprehensive approach to teaching children's literature by providing appropriate depth, and using full-color illustrations from outstanding children's books. Unlike books that simply describe a great many children's books, this book takes the reader inside the workings of children's literature, focusing on ways literature elicits responses from young readers, genre by genre and book by book.
