Australian Metatheatre on Page and Stage

An Exploration of Metatheatrical Techniques

Taylor & Francis **This book offers the first major discussion of metatheatre in Australian drama of the late twentieth and early twenty-first centuries. It highlights metatheatre's capacity to illuminate the wider social, cultural, and artistic contexts in which plays have been produced. Drawing from existing scholarly arguments about the value of considering metatheatre holistically, this book deploys a range of critical approaches, combining textual and production analysis, archival research, interviews, and reflections gained from observing rehearsals. Focusing on four plays and their Australian productions, the book uses these examples to showcase how metatheatre has been utilised to generate powerful elements of critique, particularly of Indigenous/non-Indigenous relations. It highlights metatheatre's vital place in Australian dramatic and theatrical history and connects this Australian tradition to wider concepts in the development of contemporary theatre. This illuminating text will be of interest to students and scholars of Australian theatre (historic and contemporary) as well as those researching and studying drama and theatre studies more broadly.**

The God Who Plays

A Playful Approach to Theology and Spirituality

Wipf and Stock Publishers Many people would be surprised to hear that a playful attitude towards God and the world lies at the heart of Christian faith. Traditionally Christians have focused on the serious responsibilities of service, sacrifice, and commitment. But the prophets say that the future kingdom is full of people laughing and playing, which has implications for Christians who are called to live out the future kingdom in the present. Play is not trivial or secondary to work and service—only a playful way of living does justice to the seriousness of life! Play is the essential and ultimate form of relationship with God, which is why Jesus told people to learn from children. Indeed, a playful attitude is an important part of all significant relationships. This book explores grace, faith, love, worship, redemption, and the kingdom from the perspective of a playful attitude. It describes how to create a “play ethic” to match the “work ethic” and discusses play as a virtue, Aquinas’s warning against the sin of not playing enough, and Bonhoeffer’s claim that in a world of pain it is only the Christian who can truly play.

History of the Chicago Bulls 1984-2022

Seasons Players Significant Games & Playoffs

Classic Sports Journal The Michael Jordan era (1984-98) changed the home atmosphere of half-empty stands to SRO crowds, media hordes, downtown parades, Grant Park celebrations, and drama - perhaps too much drama before MJ took a brief leave-of-absence. Led by coach Phil Jackson, it was Scottie Pippen, Horace Grant, BJ Armstrong, Craig

Hodges, John Paxson, Bill Cartwright, and Toni Kukoc who either joined him in the championship run or kept the team playoff-bound until he returned. The second 3-peat included Kukoc, former Detroit Pistons Bad Boy Dennis Rodman, Steve Kerr, and Luc Longley. The Bulls' post-Jordan era brought 6 years of lean times, then back to the playoff hunt. Those who emerged and thrived were Elton Brand (2000 ROY), Ben Gordon (2005 6th Man), Andres Nocioni, Kirk Hinrich, Luol Deng, Joakim Noah (2014 Player of the Year), Derrick Rose (2008 ROY, 2011 MVP), Jimmy Butler, and current stars DeMar DeRozan, Zach LaVine, Nikola Vucevic, and Coby White. Staging Spectatorship in the Plays of Philip Massinger

Ashgate Publishing, Ltd. The playwrights composing for the London stage between 1580 and 1642 repeatedly staged plays-within and other metatheatrical inserts. Such works present fictionalized spectators as well as performers, providing images of the audience-stage interaction within the theatre. They are as much enactments of the interpretive work of a spectator as of acting, and as such they are a potential source of information about early modern conceptions of audiences, spectatorship and perception. This study examines on-stage spectatorship in three plays by Philip Massinger, head playwright for the King's Men from 1625 to 1640. Each play presents a different form of metatheatrical inset, from the plays-within of *The Roman Actor* (1626), to the masques-within of *The City Madam* (1632) to the titular miniature portrait of *The Picture* (1629), moving thematically from spectator interpretations of dramatic performance, the visual spectacle of the masque to staged 'readings' of static visual art. All three forms present a dramatization of the process of examination, and allow an analysis of Massinger's assumptions about interpretation, perception and spectator response.

Talent Development, Existential Philosophy and Sport

On Becoming an Elite Athlete

Routledge 'Why don't young athletes in sport just quit?' Starting with this question and drawing on existential philosophy, phenomenology and hermeneutics, *Talent Development, Existential Philosophy and Sport* seeks a deeper understanding of the experience of being a talented young sportsperson striving to become an elite athlete. As an alternative to conventional approaches to talent development governed by a worldview of instrumental rationality, the book introduces key ideas from educational philosophy to describe talent development through the concept of elite-Bildung. It pursues an existential understanding of developing in sport as a process of freedom, self-transcendence, striving for excellence and building up habits. The book highlights a range of ambiguous and intriguing existential phenomena - most prominently wonder, question, expression, humour and repetition - and reveals an existential layer of meaning within talent development in sport, which can facilitate the process of becoming an elite athlete and give young athletes a number of reasons not to quit. By deepening our understanding of performance and development in sport, and the process of becoming an elite player, this book is important reading for any serious student or researcher working in the philosophy of sport, sports coaching, sports development, sport psychology or applied sport science.

The Experience of Beauty in the Middle Ages

OUP Oxford This book articulates a new approach to medieval aesthetic values, emphasizing the sensory and emotional basis of all medieval arts, their love of play and fine craftsmanship, of puzzles, and of strong contrasts.
