From Where We Stand

War, Womens Activism and Feminist Analysis

Zed Books Ltd. **This original study examines women's activism against war in areas as far apart as Sierra Leone, India, Colombia and Palestine. It shows women on different sides of conflicts in the former Yugoslavia and Israel addressing racism and refusing enmity and describes international networks of women opposing US and Western European militarism and the so-called 'war on terror'. These movements, though diverse, are generating an antimilitarist feminism that challenges how war and militarism are understood, both in academic studies and the mainstream anti-war movement. Gender, particularly the form taken by masculinity in a violent sex/gender system, is inseparably linked to economic and ethno-national factors in the perpetuation of war.**

Women's War - Fighting and Surviving the Civil War

Belknap Press **The award-winning author of Confederate Reckoning challenges the idea that women are outside of war, through a trio of dramatic stories revealing women's transformative role in the American Civil War. We think of war as a man's world, but women have always played active roles in times of violence and been left to pick up the pieces in societies decimated by war. In this groundbreaking reconsideration of the Civil War, the award-winning author of Confederate Reckoning invites us to see America's bloodiest conflict not just as pitting brother against brother but as a woman's war. When the war broke out, Union soldiers assumed Confederate women would be innocent noncombatants. Experience soon challenged this simplistic belief. Through a trio of dramatic stories, Stephanie McCurry reveals the vital and sometimes confounding roles women played on and off the battlefield. We meet Clara Judd, a Confederate spy whose imprisonment for treason sparked heated controversy, defying the principle of civilian immunity and leading to lasting changes in the laws of war. Hundreds of thousands of enslaved women escaped across Union lines, upending emancipation policies that extended only to enslaved men. The Union's response was to classify fugitive black women as "soldiers' wives," regardless of whether they were married--offering them some protection but placing new obstacles on their path to freedom. In the war's aftermath, the Confederate grande dame Gertrude Thomas wrestled with her loss of status and of her former slaves. War, emancipation, and economic devastation affected her family intimately, and through her life McCurry helps us see how fundamental the changes of Reconstruction were. Women's War dismantles the long-standing fiction that women are outside of war and shows that they were indispensable actors in the Civil War, as they have been--and continue to be--in all wars.**

The Unwomanly Face of War

Penguin UK The long-awaited translation of the classic oral history of Soviet women's experiences in the Second World War - from the winner of the Nobel Prize in Literature Bringing together dozens of voices in her distinctive style, *The Unwomanly Face of War* is Svetlana Alexievich's collection of stories from Soviet women who lived through the Second World War: on the front lines, on the home front, and in occupied territories. As Alexievich gives voice to women who are absent from official narratives - captains, sergeants, nurses, snipers, pilots - she shows us a new version of the war we're so familiar with, creating an extraordinary alternative history from their private stories. Published in 1985 in Russia and now available in English for the first time, *The Unwomanly Face of War* was Alexievich's first book and a huge bestseller in the Soviet Union, establishing her as a brilliantly revolutionary writer.

The Women's Study Bible

New Living Translation Second Edition

Oxford University Press, USA "Everyone knows about Noah, Moses, and Paul. But what about Hagar, Michal, and Priscilla, all women who had a direct influence in the story of God's people? The Bible is full of fascinating, powerful, and faithful women, as well as lessons that have unique meaning for women today." "In *The Women's Study Bible*, respected Bible scholars draw out these often overlooked stories and reveal the lives of women at the time and share lessons for women of today. Separate sidebars cover topics such as midwifery, women disciples, and female images of God. *The Women's Study Bible* doesn't shy away from the difficult issues, but helps readers to understand them better in both their original context and the modern world." "The New Living Translation of the Bible uses inclusive language for humanity and where it is clear that both male and female are meant to be included." --Book Jacket.

20th Century Britain

Economic, Cultural and Social Change

Routledge Written by leading international scholars, *Twentieth Century Britain* investigates key moments, themes and identities in the past century. Engaging with cutting-edge research and debate, the essays in the volume combine discussion of the major issues currently preoccupying historians of the twentieth century with clear guidance on new directions in the theories and methodologies of modern British social, cultural and economic history. Divided into three, the first section of the book addresses key concepts historians use to think about the century, notably, class, gender and national identity. Organised chronologically, the book then explores topical thematic issues, such as multicultural Britain, religion and citizenship. Representing changes in the field, some chapters represent more recent fields of historical inquiry, such as modernity and sexuality.

Soviet Women on the Frontline in the Second World War

Springer This is the first comprehensive study in English of Soviet women who fought against the genocidal, misogynist, Nazi enemy on the Eastern Front during the Second World War. Drawing on a vast array of original archival, memoir, and published sources, this book captures the everyday experiences of Soviet women fighting, living and dying on the front.

Identity, Culture, and Politics

An Afro-asian Dialogue

Legacies of the Comfort Women of World War II

Routledge The stories of the former comfort women have galvanized both Asian and non-Asian intellectuals working in a variety of fields. Scholars of Asian history and politics, feminists, human rights activists, documentary filmmakers, visual artists, and novelists have begun to address the subject of the comfort system; to take up the cause of the surviving comfort women's struggles; to call attention to sexual violence against women, especially during wartime; to consider the links among militarism, racism, imperialism, and sexism; and to include this history into 20th-century political history. This volume contains a cross-section of responses to the issues raised by the former comfort women and their new visibility on the international stage. Its focus is on how theorists, historians, researchers, activists, and artists have been preserving, interpreting, and disseminating the legacies of the comfort women and also drawing lessons from these. The essays consider the impact and influence of the comfort women's stories on a wide variety of fields and describe how those stories are now being heard or read and used in Asian and in the West.

Standing in the Light

A Lakota Way of Seeing

U of Nebraska Press "An inside view of the Lakota world-of the meaning of Lakota song and dance, of their history, of what it is to be Lakota in America today. . . . A lasting personal tribute to the Lakota way of living."-*Whole Earth Review*. "A unique, in-depth presentation on Lakota music and the profession of singer, a useful contemporary Oglala representation of the core of their culture, and a version of the involvement of the American Indian Movement on Pine Ridge Reservation, told by a man who was affiliated but not a principal leader. . . . This is a subjective statement, well and persuasively written."-*Choice*. Severt Young Bear stood in the light-in the center ring at powwows and other gatherings of Lakota people. As founder and, for many years, lead singer of the Porcupine Singers, a traditional singing and drumming group, he also stood, figuratively, in the light of understanding the cherished Lakota heritage. Young Bear's own life in Brotherhood Community, Porcupine District of the Pine Ridge Sioux Reservation, is the linchpin of this narrative, which ranges across the landscape of Dakota culture, from the significance of names to the search for modern Lakota identity, from Lakota oral traditions to powwows and giveaways, from child-rearing practices to humor and leadership. "Music is at the center of Lakota life," says Young Bear; he describes in rich detail the origins and varieties of Lakota song and dance. Severt Young Bear performed with the Porcupine Singers throughout North America, taught at Oglala Lakota College, and served on the Oglala Sioux tribal council. He was music and dance consultant for the films *Dances with Wolves* and *Thunder Heart*. This book is the fruit of his longfriendship and

collaboration with R. D. Theisz, a fellow Porcupine Singer and professor of communications and education at Black Hills State University.

Queen of the Unwanted

Women's War In a thrilling feminist fantasy epic, a revolutionary spell gives women the ability to control their own fertility--with consequences that rock their patriarchal society to its core. When a nobleman's first duty is to produce a male heir, women have always been treated like possessions and bargaining chips. But now, as the aftereffects of this world-altering spell ripple out, women at last have a bargaining chip of their own. Alys is the widowed mother of two teenage children, and the disinherited daughter of a king. Her existence has been carefully proscribed, but now she discovers a fierce talent not only for politics, but also for magic. Meanwhile, in a neighboring kingdom, young Ellin finds herself unexpectedly on the throne after the sudden death of everyone who stood before her in the line of succession. Conventional wisdom holds that she will marry quickly, then surrender the throne to her new husband...only Ellin has other ideas. The tensions tearing at both kingdoms become abruptly worse when a caravan of exiled women and their escort of disgraced soldiers stumble upon a new source of magic in what was once uninhabitable desert. This new and revolutionary magic--which only women can wield--threatens to tear down what is left of the patriarchy. And the men who currently hold power would do anything to destroy it.

When Can I Stop Running?

John Podlaski John Podlaski's encore Vietnam War novel brings back John ('Polack') Kowalski, the central character in 'Cherries', and introduces us to Louis ('LG') Gladwell, his irrepressible black friend. Polack and LG are a 'Salt and Pepper' team, best buddies and brothers in a way that only those who have fought side-by-side in a war can ever truly understand. The year is 1970, and the story follows the two soldiers - impressionable Detroit teenagers - during their long night in a Listening Post ('LP'), some 500 meters beyond the bunker line of the new firebase. Their assignment as a "human early warning system", is to listen for enemy activity and forewarn the base of any potential dangers. As they were new to the "Iron Triangle" and its reputation, little did they know that units before them lost dozens of soldiers in this nightly high-risk task and referred to those assigned as "bait for the enemy" and "sacrificial lambs". Sitting in the pitch black tropical jungle - with visibility at less than two feet - John's imagination takes hold throughout the agonizing night, and at times, transports him back to some of his most vivid childhood memories - innocent, but equally terrifying at the time. As kids, we instinctively run as fast as we can to escape imaginary or perceived danger, but as soldiers, men are trained to conquer their fears and develop the confidence to stand their ground and fight. Running is not an option. In 'When Can I Stop Running?' the author juxtaposes his nightmarish hours in the bush with some of his most heart-pounding childhood escapades. Readers will relate to the humorous childish antics with amusement; military veterans will find themselves relating to both of the entertaining and compelling recollections.

Future War

John Wiley & Sons Will tomorrow's wars be dominated by autonomous drones, land robots and warriors wired into a cybernetic network which can read their thoughts? Will war be fought with greater or lesser humanity? Will it be played out in cyberspace and further afield in Low Earth Orbit? Or will it be fought more intensely still in the sprawling cities of the developing world, the grim black holes of social exclusion on our increasingly unequal planet? Will the Great Powers reinvent conflict between themselves or is war destined to become much 'smaller' both in terms of its actors and the beliefs for which they will be willing to kill? In this illuminating new book Christopher Coker takes us on an incredible journey into the future of warfare. Focusing on contemporary trends that are changing the nature and dynamics of armed conflict, he shows how conflict will continue to evolve in ways that are unlikely to render our century any less bloody than the last. With insights from philosophy, cutting-edge scientific research and popular culture, Future War is a compelling and thought-provoking meditation on the shape of war to come.

Statebuilding

John Wiley & Sons **After civil wars end, what can sustain peace in the long-term? In particular, how can outsiders facilitate durable conflict-managing institutions through statebuilding - a process that historically has been the outcome of bloody struggles to establish the state's authority over warlords, traditional authorities, and lawless territories? In this book, Timothy Sisk explores international efforts to help the world's most fragile post-civil war countries today build viable states that can provide for security and deliver the basic services essential for development. Tracing the historical roots of statebuilding to the present day, he demonstrates how the United Nations, leading powers, and well-meaning donors have engaged in statebuilding as a strategic approach to peacebuilding after war. Their efforts are informed by three key objectives: to enhance security by preventing war recurrence and fostering community and human security; to promote development through state provision of essential services such as water, sanitation, and education; to enhance human rights and democracy, reflecting the liberal international order that reaffirms the principles of democracy and human rights, . Improving governance, alongside the state's ability to integrate social differences and manage conflicts over resources, identity, and national priorities, is essential for long-term peace. Whether the global statebuilding enterprise can succeed in creating a world of peaceful, well-governed, development-focused states is unclear. But the book concludes with a road map toward a better global regime to enable peacebuilding and development-oriented statebuilding into the 21st century.**

Australian Women and War

Sourced from Oppenheimer's own research and archival material from the Australian War Memorial, Australian Red Cross archives and State Libraries, *Australian Women and War* contains accounts of women such as Nursing Sister Nellie Gould in the Boer War and Angela Rhodes, the first Australian Military female air traffic controller to serve in Baghdad during the second Gulf War. The book also contains little known accounts of women such as Nurse Ethel Gillingham, one of the only Australian women to be a POW in WWI, and the group of Australian teachers sent to South Africa during the Boer War to work in the internment (concentration) camps.
