But it was soon followed by a book devoted to them, *Carving Canes & Walking Sticks*. Now we are pleased to present a brand new book with original patterns and different techniques to produce creative canes and walking sticks. Also included are designs for sword canes. As always each step is clearly illustrated in full color and patterns are presented to aid the carver in his or her own creation. A gallery of 25 canes and 11 patterns make this a most useful aid to carving. **Cartographies of the Mind Philosophy and Psychology in Intersection** *Springer Science & Business Media* This book is a collection of essays exploring some classical dimensions of mind both from the perspective of an empirically-informed philosophy and from the point of view of a philosophically-informed psychology. The chapters reflect the different forms of interaction in an effort to clarify issues and debates concerning some traditional cognitive capacities. The result is a philosophically and scientifically up-to-date collection of "cartographies of the mind".
