## **FOSTERING NUMERACY**

Trafford Publishing **Making Mathematics Meaningful For Students in the Intermediate Grades** is an invaluable resource for anyone interested in helping students reach the key learning outcomes of any mathematics curriculum. Developed through live and videotaped classroom observation and through diagnostic and achievement interviews with students, **Making Mathematics Meaningful** is a research-based guide to mathematics education that eschews outdated models based primarily on memorization and repetition in favor of a more holistic approach that encourages students to develop their mathematical reasoning skills through problem solving. This approach not only teaches students to become critical thinkers, but also contributes to language development, reading comprehension, and evaluative skills. Author Werner W. Liedtke offers advice on developing questioning strategies and creating practice tasks to ensure that students encounter the critical components of a mathematics program. For each topic, he provides assessment strategies and identifies key prerequisite skills and ideas that can be used for pre-tests, diagnostic purposes, or introductory teaching/learning settings. **Making Mathematics Meaningful** teaches students to \* improve written and oral communication; \* connect ideas to previous learning and to settings outside the classroom; \* discover strategies for personal estimation and mental mathematics; \* learn through problem solving; \* develop curiosity, perseverance,

and confidence.

### **THE BAND DIRECTOR'S LESSONS ABOUT LIFE: VOLUME 1- 50 PARABLES ON LIFE'S PERFORMANCE CYCLE**

---

BookLocker.com, Inc. It's tough to find your way in the no-man's-land between traditional religious dogma and New Age "woo-woo". Spiritual author and speaker Donald Lee masterfully reveals a common-sense and universal view of spirituality in his new book of modern-day parables. Do you feel adrift in a sea of conflict? Do you feel your life needs direction? Has your spiritual journey got you lost in the woods? "The Band Director's Lessons About Life" offers simple advice and relatable stories from your friendly, neighborhood band director. Using music as a metaphor for life, each little parable begins with a story from school and ends with a reflection on the spiritual meaning of the story. How to: • Find your path. • Be yourself. • Persevere through struggles. • Learn from failure, and • Love the process. Fifty stories and reflections to pick you up, dust you off, and set you on your way. Or take five minutes before bed to read a parable. You'll sleep with a positive, inspirational message in your mind. Donald Lee draws on decades as both a band director and a religion teacher to expertly craft band room vignettes that are both entertaining and illuminating. Whether you're a Sunday pew-warmer, a hermit monk, or a high-mileage astral traveler, you'll find something to love, cherish, and chuckle at in these fascinating stories. Pick up your copy today! "If you pick up this collection, consider that you found a treasure. I do. It both entertains me, and inspires me." Archbishop Gerard Pettipas, C.Ss.R. Archbishop of Grouard-McLennan "The stories made me laugh. The reflections made me think. These lessons are for everyone." Joanne Byfield, Journalist, Radio/TV Producer

### **THE CRY OF THE TEACHER'S SOUL**

---

**Wipf and Stock Publishers Teaching is hard. External pressures are steadily increasing, leading to high rates of attrition and burnout. Unlike other resources that attempt to address those external factors, The Cry of the Teacher's Soul offers hope by focusing on the key factor of good education: the teacher. It does so by examining the teacher's inner life--mental, emotional, and spiritual. For the Christian teacher, paradoxes in teaching such as idealism/reality and performance/authenticity often parallel similar paradoxes in the Christian faith. By embracing these paradoxes that probe the depths of issues around identity and purpose, the teacher can sustain the difficult vocation of teaching, even thriving instead of just surviving. Each chapter focuses on a cry of the teacher's soul, features a teacher's story that illustrates that cry, and then explores the paradoxes embedded in teaching and in Christianity.**
