Don't forget to check out the other books in the "The Beginners Guide to Photography" best selling photography book series. ***** 5 STAR REVIEWS for this book series so far ***** "Explanatory, easy descriptions involved material" "Loved it has helped me in numerous ways. Have used it as a reference constantly. One of my photos has gone viral since using the hints and tips in the book. Small adjustments make huge differences." - Mike Roche. "Has absolutely everything" "Do not miss out on this book. As the title says it has absolutely everything and I particularly like the boxes with advice to shoot particular subjects. It doesn't matter whether you are just starting out or experienced with a camera, it has something for everyone. Highly recommended!" - Paul B "Well worth the money" "Great book that starts form the very basics, explains everything to do with modern cameras, their use, settings and techniques under different settings and circumstances." - Qball "A great read" "Getting back into photography after a 6 yr break - born and raised on a film SLR, this book helped me remember things and to better adapt to a digital SLR - whether you're novice or experienced, you will get a lot out of this book...." - Brian I love this book and hope to capture few good images as a result of this." - Jatinkumar.

OPTIONS TRADING CRASH COURSE - INVESTING FOR BEGINNERS

LEARN HOW TO OPERATE IN THE MARKET IN THE BEST WAY EVEN IF YOU ARE JUST A BEGINNER

Are you familiar with Options Trading, have you studied the fundamentals, but are not sure how to put what you have learned into practice? Do you want to start investing, but are looking for some more information, some tips to get you started? This is the book for you. Options Trading Crash Course: Investing for Beginners has been thought for this very purpose: to provide the beginner and the neophyte with the indispensable tools to start investing in the world of Options Trading in the best way, without too much stress and, above all, without too many risks. Because investing in options is a great way to earn and it is also quite simple, you don't need to have done extensive studies, to have taken a degree and even less a master in economics. It takes common sense, calm and the right information. That's what you'll find in this book: the right information to get off to a good start. In this manual, in fact, you will find the following topics: How to analyze the market How to make a winning plan How to protect your portfolio How to reduce risk increasing profit Tips to get started Tips to minimize risks and maximize profit Tips to have the right mindset Tips to use if your portfolio is getting down How to maximize profit Risk management How to avoid beginners mistakes and much more... If your goal is to make your investments profitable without having to worry about making the typical beginner's mistakes, or if you've already made mistakes and want to prevent them from happening again, don't let this manual pass you by. Thanks to it Options Trading will become a pleasant, profitable and even fun activity!

MIND MAPPING: STEP-BY-STEP BEGINNER'S GUIDE IN CREATING MIND MAPS!

Booktango Mind mapping are getting more popular as the years go by. Compared to the traditional methods of brainstorming, studying and linear note taking, mind mapping is said to be 15%-20% more effective in enhancing memory and improving learning. Many people are also acknowledging that tasks become easier and complex problems are being solved faster when mind mapping is used. This phenomenon could be attributed on how the brain works. A short review of how the brain processes the data may reveal the mystery of mind map's success. Here how to master it!

PYTHON PROGRAMMING FOR BEGINNERS

A COMPUTER PROGRAMMING CRASH COURSE TO START CODING IMMEDIATELY. DISCOVER THE IMPORTANCE OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING IN THE XXI CENTURY

Are you looking to learn programming and are considering making Python your programming language of choice but are still unsure about some things about the language? And are you looking for a comprehensive guide that will help settle your fears and introduce you to the language, then hold you by the hand until you are able to make simple or even moderately complex projects while at the same time enjoying every step of the way? If you answered YES, keep reading.... Let This Book Usher You Into The World Of Programming With The Latest Version Of Python, Even If You Are A Complete Beginner! Python is slowly getting to the top of the list as the most used programming language - it is #2, as per 2020 rankings by RedMonk as well as Tiobe index! But there is something that makes it even better than the number one programming language in more than one ways: It is the most widely taught first programming language in major universities It is the preferred language for data science

and machine learning, which are destined to change the way we do most things It is the best language for scripting and backend system automation It is simple enough to be used by non-programmers It is easy to learn, with fast edit cycles coupled with smooth development And much more! The fact that you are here is clear that you've caught on the trend and don't want to be left behind, as you probably want to get familiar with Python programming language and possibly build a career. Perhaps you are here looking for answers to all the questions in your mind... What makes Python better than other programming languages out there? Where do I even start - what do I need to download and install, and where do I get it? How do I understand the basics so that I create my first program? Are there possible pitfalls I should be aware of? If you have these and other related questions, then this no-fluff and beginner-friendly guide to programming with Python is what you need! More precisely, you will learn: - What Python is, where it came from and why you should learn it - How to download and set up Python on different operating systems - Working with Python's IDLE and how to write your first program - The lingo you need to understand when getting started and programming with Python - The pros and cons of programming with Python - Tips and tricks to make learning with Python easier for you - Python programming domains you need to be aware of when getting started, including what each entails - Common rookie mistakes that you should avoid when programming with Python - How to unleash the full power of Python by making the most of variables and operators, condition statements, functions, modules, and directories - How to create scripts using Python - And much more... Even if you are a complete beginner to programming, you are in luck, as this book does not assume you have any prior programming knowledge so it will break down everything in a language you can understand and apply! OBSERVATIONAL ASTRONOMY: A BOOK FOR BEGINNERS

MAPLE SYRUP MAKING FOR BEGINNERS

THE LIVING AGE

THE BEGINNING AND END OF US

Bookouture I wish it didn't have to be this way. I willed the thought to fly to you, so you'd know how hard it was to leave you behind. That was the night I lost you, and gained myself. Born in a honeysuckle-choked garden deep in the forest, Aphrodite - young, sensitive and beautiful - learns her true purpose in the world moments before she's cast out of the only home she's ever known. Haunted by loneliness, she begins a journey to fulfill her destiny. It is a path that will lead her into the arms of four very different men - a dreamer, a fighter, an artist and a lost soul. All human, all flawed and all on their own journeys of painful self-discovery. But could it be the secrets she left behind - and the one person she thought she had lost forever - that hold the answers to the questions she's seeking? For while life may take you unexpected places, truth will bring you home... An unputdownable, life-affirming epic, filled with ordinary yet extraordinary people, The Beginning and End of Us is a magical story in which you will recognise yourself, from the sweetness of a rain-drenched first kiss to the terrible pain when you realise it's finally over. Perfect for fans of Where the Forest Meets the Stars, The Secrets of Lost Stones and The Light We Lost. What readers are saying about The Beginning and End of Us: 'Wow what an amazing book! This is my first from this author but won't be my last. Absolutely amazing. Loved the story... Finished in a day. I couldn't put it down it was so good.' Goodreads reviewer, 5 stars '...James' descriptive, expressive, lyrical writing builds and blends an enchanting world of surreal pleasure of the senses with a magical mournful melancholy. Colorfully illustrating the sights, sounds and tastes of all the places of Aphrodite's journey, James captivates the reader... The Beginning and End of Us is an enchanting, spellbinding read.' Goodreads reviewer 'The words grip you, the emotions are vivid. Rose James wrote a very creative book and did an excellent job making the words on the pages come alive.' Goodreads reviewer 'This book takes you on a journey from the first page. This journey doesn't really have a beginning or an ending it simply is... This book is beautiful and will make you see the magical all around you.' Insights Into Books Blog, 4 stars

ZION'S HOME MONTHLY

BLACKJACK BLUEPRINT-SECOND EDITION

HOW TO PLAY LIKE A PRO ... PART-TIME

Huntington Press Inc The most comprehensive book ever written on playing blackjack for profit, Blackjack Blueprint covers everything from basic strategy to counting cards, from maximizing potential going solo to playing on a blackjack team. BEGINNING JAVASCRIPT CHARTS

WITH JQPLOT, D3, AND HIGHCHARTS

Apress Beginning JavaScript Charts shows how to convert your data into eye-catching, innovative, animated, and highly interactive browser-based charts. This book is suitable for developers of all experience levels and needs: for those who love fast and effective solutions, you can use the jqPlot library to generate charts with amazing effects and animations using only a few lines of code; if you want more power and need to create data visualization beyond traditional charts, then D3 is the JavaScript library for you; finally, if you need a high-performance, professional solution for interactive charts, then the Highcharts library is also covered. If you are an experienced developer and want to take things further, then Beginning JavaScript Charts also shows you how to develop your own graphics library starting from scratch using jQuery. At the end of the book, you will have a good knowledge of all the elements needed to manage data from every possible source, from high-end scientific instruments to Arduino boards, from PHP SQL databases queries to simple HTML tables, and from Matlab calculations to reports in Excel. You will be able to provide cutting-edge charts exploiting the growing power of modern browsers. Create all kinds of charts using the latest technologies available on browsers (HTML5, CSS3, jQuery, jqPlot, D3, Highcharts, and SVG) Full of step-by-step examples, Beginning JavaScript Charts introduces you gradually to all aspects of chart development, from the data source to the choice of which solution to apply. This book provides a number of tools that can be the starting point for any project requiring graphical representations of data, whether using commercial libraries or your own

I'M STILL HUNGRY!: NUTRITIOUS AND EASY RECIPES TO MAINTAIN HEALTH WHILE TAKING CORTICOSTEROIDS AND PREDNISONE FOR ASTHMA

Lulu.com When I was in the hospital with a bad infection from knee surgery, as I was starting to feel better, I got very, very hungry and I needed a good breakfast. From the hospital menu, I ordered a breakfast burrito with extra eggs and potatoes, pancakes, banana, oatmeal, vanilla pudding, and a couple of cookies for later. I justified my rather greedy choices by telling myself that the nurses would be happy to see me with such a healthy appetite. I was in the hospital for 3 weeks. Sometime during this stay, I realized that the steroid demons had taken over my brain! "What am I doing?", I asked myself. Under normal circumstances, I would never eat like this. For the rest of my stay, I put myself on a low calorie, sodium, fat, sugar, high antioxidants, and high calcium diet, because I knew that steroids spike your sugar, make you retain water and sodium, give you hypertension, stir up heartburn and alter your body's ability to use calcium.

THE SPECIAL AND THE ORDINARY

iUniverse John Haworth, despite innate shyness, has floated upward in a comfortable English home environment under the influence of much older sisters and their friends. After he begins a new school in the early fifties, the seven-year-old is looking lost when a classmate, Martin Holford, decides to take him under his wing. And so begins a long friendship. Ordinary rules of life apparently do not apply to the confident Martin except, perhaps, when he allows his mischievous humor excessive free rein against the self-important. While on separate coming-of-age journeys, Martin and John get on fine, despite John's occasional resentment about Martin's ability to bounce back after perpetrating 'wrong notes' against the wealthy while John slaves away attempting to make new music sound modern. John, who has no desire to be to be an apathetic musician like his viola teacher, unfortunately lacks the talent, personality, and love of limelight to match his glamorous piano teacher or Katherine, the singer he accompanies on the piano. Now all he has to do is somehow find his place amid an uncertain career as a ghost composer where chances come as infrequent as success. The Special and the Ordinary shares the unique story of two young people as they come of age and step into the future, each with a different idea on what it means to be true to themselves. iUniverse awarded The Special and the Ordinary the 'Editor's Choice' designation. Here are excerpts from the enthusiastic editorial reviews: "Definitely a worthwhile read, I recommend The Special and the Ordinary to lovers of literary fiction." - Pacific Book Review "...heartwarming and uplifting." - Kirkus Reviews "The writing is clear and refreshing, with clean sentences that move the story along at a brisk pace." - Clarion Review Visit my site at www.davidhclapham.com and see my book at Amazon by clicking here.

YOUTUBE & INSTAGRAM MARKETING

LEARN THE SECRETS ON INSTAGRAM EVEN IF YOU ARE A BEGINNER. DISCOVER THE MYSTERY OF THE MOST SEEN VIDEO CHANNELS AND BOOST YOUR BUSINESS WITH AMAZING CREATIONS

Are you looking for an effective way for boosting your marketing with a YouTube channel and do you want to learn how to use Instagram for marketing? If yes, then keep reading... YouTube has got over 1 billion users. To be specific, there are over 1.9 billion people that visit YouTube every month. What's more, each day YouTube viewers gain access to over 1 billion hours of video. Consequently, they end up generating billions of views. To confirm that more people gain access to YouTube, the platform has set up local versions in over 91 countries. People also have the advantage of navigating through YouTube in 80 different languages. Considering the statistics, it is clear that businesses use YouTube to give a boost to their online presence. With more than 1 billion people accessing the platform, it means that it is easy to sell your business. Videos are also watched on an hourly basis on YouTube. This means that uploading the right videos could also attract a large following to your brand. However, in spite of the attractive statistics that YouTube portrays, nothing comes on a silver platter. The strategies that you employ in promoting your brand on YouTube will make a difference. Quite likely, there are thousands of businesses selling the same product you are promoting. Therefore, you have to adopt creative marketing strategies to ensure that you stand out from other businesses. The tips and tricks of promoting your brand and strategies for creating engaging content will also be revealed. Essential tricks that will help you in winning more subscribers to your channels will be an important area that you should pay close attention to. There are challenges that you might face while promoting your brand on YouTube. Instagram is an application that can be used to take pictures and videos. These pictures and videos can be posted on other social media sites, such as Facebook, Twitter, and Flickr. The photos and videos come out square, not the typical wide pictures that you are used to seeing on the computer. When filming a video, you can film for up to fifteen seconds. Millions of users worldwide have the app on their smartphones and other devices. As the app developed, the developers encouraged users to use hashtags to connect with other users. This has been a widely popular way of getting pictures and videos to go viral. When something goes viral, millions of people will see it, making it a hit online. This is a great way to expose yourself to the world. In the app itself, you use the camera on your device to take a picture or video. After the photo is taken, you have the opportunity to run it through filters to change the appearance of the picture or video. The app comes stocked with dozens of different filters, so you can alter the textures, colors, and shapes within the photo that seemed so normal just a moment ago. After you have your photo ready to post to social media, you are able to add hashtags to the photo to describe what it is and what is going on within it. People who are looking at these hashtags will be able to view the content that you have just uploaded. How is Instagram Used? People use Instagram to share their personal videos on social media. However, that is not the only use for the app. Businesses have taken to advertising with it, and others have tried to promote their causes by using it. If you have a message to get across, then Instagram can be a tool to help you do that. Depending on the quality and catchiness of your content, it can then be shared with their friends, and their friends can continue to share it. The impact of one picture can be exponential! Are you ready to get started with youtube and post amazing videos? Are you ready to use Instagram for marketing? The scroll up and CLICK AND BUY NOW!!!

BEGINNING RSS AND ATOM PROGRAMMING

Wrox Beginning RSS and Atom Programming RSS and Atom are specifications that give users the power to subscribe to information they want to receive and give content developers tools to provide continuous subscriptions to willing recipients in a spam-free setting. RSS and Atom are the technical power behind the growing millions of blogs on the Web. Blogs change the Web from a set of static pages or sites requiring programming expertise to update to an ever changing, constantly updated landscape that anyone can contribute to. RSS and Atom syndication provides users an easy way to track new information on as many Web sites as they want. This book offers you insight to understanding the issues facing the user community so you can meet users' needs by writing software and Web sites using RSS and Atom feeds. As the first book to cover RSS and Atom together, it begins with an introduction to all the current and coming versions of RSS and Atom. You'll go step by step through the process of producing, aggregating, and storing information feeds. When you're finished, you'll be able to produce client software and Web sites that create, manipulate, aggregate, and display information feeds effectively. What you will learn from this book What developers' tools are available to create and customize feeds The various approaches to storing feed data, from XML to SQL to RDF Why RSS and Atom information feeds must follow the rules of XML syntax How XQuery and XSLT can be powerful tools for selecting and manipulating a portion of an RSS or Atom feed What's required to build a tool to aggregate information from multiple feeds The newest use for RSS — podcasting MP3 audio files to iPods or other MP3 devices Who this book is for This book is for beginning programmers who have some programming experience and are looking to add information feeds to their Web sites. No previous programming experience is assumed. "This book is full of practical advice and tips for consuming, producing, and manipulating information feeds. I only wish I had a book like this when I started writing RSS Bandit." — Dare Obasanjo, RSS Bandit creator: <http://www.rssbandit.org>.

IPHONE 5S AND 5C STARTER GUIDE

EVERYTHING YOU NEED TO KNOW ABOUT APPLE'S NEW IPHONES

And in case you're stumped on how to best outfit your device, we provide suggestions for great iPhone 5s and 5c cases, headphones, speakers, and more.

LEARN GERMAN FOR BEGINNERS

AN EASY AND FAST WAY TO LEARN THE BASICS OF GERMAN LANGUAGE, BUILD YOUR VOCABULARY AND IMPROVE YOUR READING AND CONVERSATION SKILLS

Hello Germany Master School As society becomes more global, you should equip yourself with knowledge of foreign languages. What better language to start with than German? German has a reputation for being a difficult language to learn especially for English speakers. While there is some truth to that - its grammar rules are more complicated and it has sounds that don't exist in the English language - learning a new language will always be a challenge, no matter what it is, to foreign language learners. This book, Learn German for Beginners, offers an effective way to learn the basics of German. But first, let's be clear about what this book isn't. If you're looking for a book that offers a method for mastering a language in few simple steps, this isn't it. If you want a book that can make you fluent in German in no time, this also isn't it. In fact, if you found a book or any language learning resource promising those kinds of things, throw them away. Learning a new language takes time and dedication. Unless you're gifted, there's no shortcut. So, what can you expect from this book? Chapter 1 is all about the basics. You'll learn about the German alphabet, which is similar to the English alphabet but sounds differently, how to pronounce words the right way, and how to deal with numbers. This chapter will also show you that you already know a significant amount of German words even before you decided to study it. The second chapter deals with nouns and its companion, the articles. It explains how to identify which nouns are masculine, feminine, or neuter and how to form the plural. As an English speaker, the concept of having gendered nouns may be unusual. This chapter is filled with examples so you can start familiarizing yourself with them. In Chapter 3 you will learn about verbs and how to conjugate them. It also explains the different verb tenses that you are most likely to use and encounter as a beginner in the German language. Chapter 4 is about the German case system. This is one of the topics that makes many learners of the German language scratch their head. Cases may seem strange when you first encounter them but if you're still familiar with the concepts of English grammar, understanding cases won't be difficult and you'll only need to memorize the rules. You'll also learn in this chapter how to form your own simple German sentences. In Chapter 5, you'll learn about adjectives, adverbs, and prepositions. This chapter discusses in detail the different rules on how to properly use these words when you build sentences. Chapters 6 to 10 contains words and expressions that you will find useful for everyday situations and for when you go on a trip to a German-speaking country. Finally, each chapter ends with a set of exercises so you can gauge how well you're doing on your German learning journey. So, if you want to improve your reading, writing, and speaking skills in this language, you need to make a change. Decide for yourself that you want to gain more opportunities. Take this risk. You will not regret it. This book is everything you need as a beginner. So, what are you still waiting for? Start reading this book to fulfill your goals! Scroll to the top of the page and select the buy now button.

COMPLETE AND EASY GUIDE TO SOCIAL SECURITY, HEALTHCARE RIGHTS AND GOVERNMENT BENEFITS

Emerson-Adams Press

BEGINNER'S GUIDE TO THE STOCK MARKET

HOW TO SUCCESSFULLY INVEST IN THE STOCK MARKET AND START GENERATING YOUR FIRST EARNINGS

BEYOND BIGGER LEANER STRONGER

THE ADVANCED GUIDE TO SHATTERING PLATEAUS, HITTING PRS, AND GETTING SHREDDED

Oculus Publishers No matter how stuck you feel, no matter how bad you think your genetics are, and no matter how many "advanced" diets and workout programs you've tried and abandoned you absolutely, positively can shatter muscle and strength plateaus, set new personal records, and build your best body ever. And better yet, you can do it without following restrictive or exotic diets, putting in long hours at the gym, or doing crushing workouts that leave you aching from tip to tail. This book shows you how. Here are just a few of the things you'll discover in it: · How to almost instantly optimize your environment so you need less willpower to stay on track with your diet, training, supplementation, and wellness routines. · The nitty-gritty details about how to use advanced diet strategies like mini-cuts, intermittent fasting, and calorie cycling to immediately boost muscle growth and fat loss. · The little-known and unorthodox methods of determining how big and strong you can get with your genetics, according to the hard work of two highly respected fitness researchers. · A paint-by-numbers training system that'll get you unstuck and steadily gaining muscle again in all the right places . . . spending only 4 to 6 hours in the gym every week doing challenging and fun workouts you actually enjoy. · The ancient secret of anatomy discovered by Leonardo da Vinci that gives you a simple blueprint for developing the exact proportions that literally make you look like a Greek god—a big, full chest; wide, tapered back; thick, powerful legs; and strong, bulging arms. · A no-BS guide to "sophisticated" supplements that'll show you what works and what doesn't, saving you hundreds if not thousands of dollars each year on exotic pills, powders, and potions. · And a whole lot more! The bottom line is you CAN gain real muscle and strength again, look forward to your workouts again, and feel like your fitness is finally under control again.

SEVEN WAYS BEGINNERS CAN BECOME A RICH DAY TRADER

Createspace Independent Publishing Platform Read this Jose Pila book on your PC, Mac, smart phone, tablet or digital device or in paperback. If you need to learn this business from the ground up and want to become rich from doing it then Seven ways Beginners can become a Rich Day Trader is definitely a good starting point for you. I encourage you to read it as many times as it takes for it to become clear to you as to what you do and do not need to learn to be successful in this business and make money right from the start. There are no money back guarantees or do over's in the financial markets so you must know the right information from the start to have a chance of becoming consistently profitable and financially successful. Seven ways Beginners can become a Rich Day Trader can expedite your long learning curve for you are willing to put in the hard work. The professional advice I give you in Seven ways Beginners can become a Rich Day Trader will empower you to have confidence and zero fear of going in the live markets and accurately initiating a low risk high reward position with which you can have a high probability outcome from being a live market participant. Becoming a successful wealthy self-directed investor and trader is not nearly as difficult as one would think as long as they have the proper education and proper knowledge base right from day one, it takes a while but you can do it! When you are done reading Seven ways Beginners can become a Rich Day Trader you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education. The information in Seven ways Beginners can become a Rich Day Trader will put you on the fast track to becoming a successful self-directed financial market investor and trader with very little money invested other than the cost of this book and your time and effort to learn this business the right way the first time from the first day. The road to success in investing and trading as I always say is paved with the smoking blown up accounts of investors and traders. It did not have to be a long hard and expensive road though. It can be a road paved with gold and be fairly easy if you just take time to learn this business the right way from the start on your first day, keep it simple and it will be.

CHESS REVIEW

ACOUSTIC GUITAR FOR BEGINNERS

TEACH YOURSELF TO PLAY YOUR FAVORITE SONGS ON ACOUSTIC GUITAR IN AS LITTLE AS 7 DAYS EVEN IF YOU'VE NEVER PLAYED AN INSTRUMENT BEFORE OR AREN'T

MUSICALLY GIFTED

Discover How You Can Be Playing Your First Songs On Your Acoustic Guitar By This Time NEXT WEEK! Do you want to learn to play Acoustic Guitar? Do you want to have fun while doing so? Do you want to do so in a practical way, without all of the boring theory? If only I had these kind of books when I was learning Guitar. Don't get me wrong now, Guitar is my greatest passion, however it wasn't always like that for me. When I was learning, it was all about learning the boring stuff first...Theory....Chords.....More Theory....More Chords. Now, I'm not saying them things don't have a place (I actually teach the essential chords inside) I'm just saying at first, playing Guitar should be FUN! I saw so many people leave the classes I was attending and had so many friends just quit because it was 'boring' and 'not worth my time.' I don't want the same fate for you, which is why I created a practical guide to learning to play Acoustic Guitar, with the focus on playing and having fun. As well as that, I know you're busy, so made the book as streamlined as possible, to get you playing those first songs in no time at all. Oh, and don't worry you don't have to put in endless hours (like I said I know you're busy), the only way you'd need to do that, is if you wanted to take it beyond a hobby. And, after all that's what playing the Acoustic Guitar is all about. Playing amazing songs, having fun and enjoying yourself, and who knows maybe even creating your own awesome music! So, it's time to get started, here's what you'll discover inside... [The ONLY Chords You Need To Know To Be Playing Your First Song Within 7 Days \(Potentially Even LESS\)](#) [The Easiest Way To Tune Your Guitar \(An Alien Visiting Earth Could Do This!\)](#) [Essential Pro Tips That Will Accelerate Your Learning of Guitar Tabs](#) [An Easy To Follow Guide To Strumming AND Playing With A Pick \(I'm Too Nice I Know\)](#) [2 Principles and Laws That Will Revolutionize How You Practice Forever](#) [5 Tips Every Beginner Should Know If They Want To Fulfil Their Potential As A Guitarist](#) [Chord Diagrams On 8.5x11 To Accommodate Your Learning \(Who Doesn't Love Diagrams\)](#) [Why Playing Even 5 Minutes Every Day Is Much More Effective Than 1 Hour Every Week...](#) [How To Set Your Playing Goals And Find A Practice Routine That Suits YOUR Needs](#) [The Bare Essentials Of Musical Notes And Sheets So You Can Focus Your Time On The FUN Stuff!](#) [1 Simple, Yet Wildly Effective, Strategy For Shifting Between Chords As A Complete Newbie](#) And that is BARELY scratching the surface! Even if you've NEVER picked up a Guitar before, even if you're not 'musically talented,' even if you don't know your chords from your scales this Beginner Friendly Practical Guide will have you playing your favorite songs in no time at all. So, If You Want An Easy To Follow And FUN Guide To Learning How To Play Guitar, Scroll Up And Click "Add To Cart."

KANBAN

A BEGINNER'S PROJECT MANAGEMENT GUIDE. LEARN KANBAN METHOD IN SIMPLE AND EASY STEPS STARTING FROM THE BASICS

**Buy the new Paperback version today and receive the Kindle version absolutely FREE! For many years, managing our projects for better productivity has always been the constant goal in our lives. From keeping an eye on inventory to knowing what the tasks you'll be doing on your project, it's always the way we go about tackling the projects that help us advance through our journey. But of course, projects aren't as easy as pie. You can't just expect a project to let you finish it right away. You need to know the tasks, processes, and the workflow of how you can complete it. While many project management methods have their ways of getting you into the groove, they don't have much in the way of getting you out of the tendency to procrastinate. This is because much of what they teach can be a bit complicated and will just leave you feeling unmotivated to achieve your goal. Then there are the times when you are finally getting somewhere with your project, but then you're not even sure if you're going from point A to point B as you planned. You might even find yourself you're just zigzagging without any clear point on how you're really going to complete the project. So, how can you manage your projects when the most traditional systems can't help you out? How will you be able to see the light at the end of the tunnel when you're not clear on what you're really going for? Is there even a better way to manage your project that will get you out of the rut you're stuck in? That's why this eBook exists. Kanban: A Beginner's Project Management Guide: Learn Kanban Method In Simple And Easy Steps Starting From The Basics is the guide that will teach you all there is to know about the Kanban method and how it can work for you. It'll also show you the ways you can apply it to your various projects. This eBook will also prove that the Kanban method is just right for you with many valuable pointers, such as: [The history of Kanban and its evolution from the early days](#) [The 5 core principles that power the method of Kanban](#) [The different systems of Kanban](#) [How you can apply Kanban to your projects with a few tweaks](#) [Setting up a Kanban board, and knowing the reasons why before you pick a digital or physical board](#) [How the ABC classification can significantly boost your efficiency when paired with the Kanban method](#) [How Kanban has become a successful system adapted by many companies](#) [How Kanban compares to other management systems](#) [How you can apply Kanban on your own when you don't have a team yet](#) [The Kanban certifications that will help you boost your skills](#) The eBook also contains a Notes section where you can learn about getting the certifications, finding tools that will help you when practicing Kanban, and much more. So, what are you waiting for? Get the eBook now and learn what it takes to finally manage your project with a system that you can use in physical or digital form!
