The setting is a small town in the South. Sissy's parents own a private school, L'Ecole Par Excellence, and a bed-and-breakfast inn, known as Magnolia Manor. The main character is Sissy, an eight-year-old who is the product of a Southern mother who believes strongly in maintaining the social graces, customs, and traditions of the past and a retired father who was a military officer but is now headmaster of their private school. Sissy blends her mother's influence with her own travel experiences and exposure to various cultures made possible because of her father's military assignments. She then tells her story in her own prissy Sissy way. Her four best friends are Lauren, Zack, Alex, and Zeus, her Doberman pinscher. There are several exchange students attending the school who will appear as special guests when a tea party focuses on their homeland. These

books teach readers manners, tea etiquette, and the social graces. I am aware that today's world is one giant, global society. Writing about other countries and studying their history and culture lend a cosmopolitan flavor to these books. Different tea customs are explored and put into practice at the tea table. Artistic and musical personalities are also an integral part of this series. Each book has a particular theme incorporating the aforementioned elements. Areas of interest: Vocabulary building Manners Tea etiquette History Cultural arts / music and art Other cultures and customs Humanities These books would appeal to ages four to ten. My Birthday Party [Creative Company](#) Excited about her birthday, a young girl invites four friends to a special party. How to Host the Perfect Kids Party Hello My name is Sandra, I'm an Author, Award Winning Children's Entertainer and Mum of 2. "How to host the perfect kids party" contains over 30 tips for success! It is aimed at reducing stress and putting the adults in the driving seat with all the skills and knowledge they will need to host a successful kid's party. I have over 20 years experience of organising and delivering events and am a leading children's entertainer based in Leeds with my own YouTube Channel and Face Book Group. One of the things I noticed when chatting to my customers was that the same questions kept arising and I also noticed that parents were making the same mistakes at parties I attended. I was constantly being told by new customers that this was their first big event and that they had no idea what they were doing. This lack of knowledge has provided me with the perfect opportunity to plug the hole in the market. Plus, I have already been chatting to mums about my book and they have told me they cannot wait to get a copy and that it's a brilliant idea. My book is comprehensive and covers all aspects of a party from RSVPs which is often a thorn in my customer's side causing them a lot of frustration to food hygiene and safety issues. I also cover disability, first aid, invitations, risk assessments down to the minutia aspects of the party e.g. don't forget to take matches to light the candles on the birthday cake. This is often forgotten and causes parents stress as someone, usually dad, is asked to rush out and grab some matches from a local store or garage. I also cover potential hazards at a party e.g. the importance of cutting certain food types in half to prevent a child from choking. My neighbour has 3 children and she said "well done, send me the details". Colleagues at school have said this book is exactly what they need. I know you'll find my book useful and I hope you enjoy reading it. Have fun creating the perfect party and enjoy the process!
