### First Papers of Surrealism

### The Right Place

A lonely squirrel goes searching for a new home, only to discover that the best place is one where the whole community can live together. Joining Barefoot's acclaimed collection of social-emotional titles, this tale offers the perfect opportunity to start conversations about coping with loneliness, the importance of community, and what makes a place feel like home. Beautiful illustrations by award-winning Italian artist Simona Mulazzani bring Squirrel's journey to life.

### Myths in Sicily

### Anna Livia Plurabelle

### Faber Modern Classics

As James Joyce was working on *Finnegans Wake*, he asked his friend T.S. Eliot to shepherd an early extract, simply known as 'Work in Progress' into print. This celebrated episode, *Anna Livia Plurabelle*, was the first part of Joyce's extraordinary text to be published in England, printed in pamphlet form in 1930. It became the best-known section of *Finnegans Wake*, and one of Joyce's favourites; revised and published independently more times than any other piece. This new edition in the Faber Modern Classics series includes a new foreword by Edna O'Brien. 'His writing is not about something; it is that something itself.' Samuel Beckett

### The Stringbags

**Naval Institute Press** If you do the incredible often enough, they'll want you to do the impossible. Nazi Germany, Imperial Japan, and Fascist Italy began World War II with aircraft that could devastate enemy warships and merchantmen at will. Britain's Royal Navy squadrons went to war equipped with the Fairey Swordfish. A biplane torpedo bomber in an age of monoplanes, the Swordfish was underpowered and undergunned; an obsolete museum piece, an embarrassment. Its crews fully expected to be shot from the skies. Instead, they flew the ancient "Stringbag" into legend. Writer Garth Ennis (*Preacher*, *The Boys*, *War Stories*) and artist PJ Holden (*Battlefields*, *World of Tanks: Citadel*) present the story of the men who crewed the Swordfish: from their triumphs against the Italian Fleet at Taranto and the mighty German battleship *Bismarck* in the Atlantic, to the deadly challenge of the Channel Dash in the bleak winter waters of their homeland. They lived as they flew, without a second to lose—and the greatest tributes to their courage would come from the enemy who strove to kill them. Based on the true story of the Royal Navy's Swordfish crews, *The Stringbags* is an epic tale of young men facing death in an aircraft almost out of time.

### The Street Art Stencil Book

**Laurence King Publishing** Containing 20 laser cut stencils from the world's leading street artists, this book is a must for artists, illustrators, and anyone who loves street art. The stencils are printed on perforated card stock so that they can be removed and used. Each artist has created an in-situ photograph to accompany their stencil, showing how they would use it. The book includes an interview with the founder of stencil art, the Paris-based artist Blek Le Rat.

### Frida Kahlo

### Beyond the Myth

**Ore Cultura Srl (Acc)** \* Analyzes the art of Frida Kahlo and incorporates the most up-to-date research available on the work of the artist\* Published to accompany an exhibition at the MUDEC in Milan, from February to June 2018 Frida Kahlo, a truly extraordinary woman who captured the public's imagination with her iconic look, troubled life and exotic air, is first and foremost a great painter. This exhibition and accompanying catalogue aim to free her work from the haze of myth and the frustrating limits of private life in order to grant her the position she deserves within the history of art. Oil paintings, drawings, watercolors, letters and photographs explore the complex historical and cultural context of Kahlo's work, examining its explicit realism as well as its disturbing ambiguity, its dramatic content as well as its irony, and not least, the exuberant sensuality of her still lifes. Organized by theme in several large chapters, the catalogue analyses the art of Frida Kahlo, revealing its uncompromising political nature, audacious use of the body, macabre, violent aesthetic, and symbolic and symbiotic interaction with the natural environment of Mexico in the early 1900s. The catalogue represents the most up-to-date text available on the work of one of the most celebrated and beloved artists of all time.

### Oscar the Guardian Cat

**Gibbs Smith** Inspired by the true story of Oscar, a special cat who watches over the residents of Steere House Nursing and Rehabilitation Center in Providence, Rhode Island. Oscar the Guardian Cat lives at Hope House along with Nurse Dolores, Dr. Goodhelp, and the grandparents of many children who come to visit. The story is told from Oscar's perspective as he watches over his friends during their most

important journey. This is a unique and touching picture book that can be used to help talk to children about their grandparents' final journey, not as something tragic, but as a moment of reconciliation and understanding. Chiara Valentina Segré has a PhD in molecular oncology and works in science communications. She has published several picture books and novels for children. She lives in Milan, Italy. Paolo Domeniconi studied art and worked for several years in advertising before focusing on children's book illustration. He lives in Spilamberto, Italy.

## The Aphrodite of Knidos and Her Successors

### A Historical Review of the Female Nude in Greek Art

**University of Michigan Press** Christine Mitchell Havelock's book takes a much-needed new look at some of the most famous icons of Western art: the nude statues that the Greeks produced to represent Aphrodite. The Aphrodite of Knidos, by master sculptor Praxiteles, is the leading example of this form. Other statues include the Capitoline and Medici Venuses, the Crouching Aphrodite and the Aphrodite of Melos--all of them indebted to Praxiteles. The author analyzes the meaning of the pose of the Aphrodite of Knidos, the significance of her nudity, and her architectural setting. A survey of the statue's reception and interpretation in Greek, Roman, and modern times offers an entirely new perspective on this major work of art. Among topics examined are Praxiteles' reported use of his mistress Phryne as his model, the "pudica gesture," and the importance of small-scale versions of statues for dating the larger sculptures. The author also considers the function and religious significance of the small statues, and she includes the cultural context offered by the erotic poetry of Propertius and Ovid, two Roman poets who were fascinated by the robing and disrobing of their mistresses. The Aphrodite of Knidos is a highly readable, broad-based volume of interest to anyone familiar with classical art and the ancient world. Christine Mitchell Havelock is Professor Emerita of Art History and Curator of the Classical Art Collection at Vassar College. She has written and lectured widely on Greek art.

## The Color of Life

### Polychromy in Sculpture from Antiquity to the Present

**Getty Publications** There has been a persistent tradition of enlivening sculptures with color. This book presents five essays on polychromy in classical Greek through contemporary sculpture, along with discussions of over 40 extraordinary polychrome sculptures.

## Scenes in Salt Lake City

### King Kirby

### A Play by Crystal Skillman and Fred Van Lente

**CreateSpace** "Crystal Skillman and Fred Van Lente, the husband-and-wife playwrights behind 'King Kirby, ' know the score. She wrote the smart Off Broadway shows "Cut" and the fangirl-friendly 'Geek'; he was a co-author of the graphic novel 'Cowboys & Aliens, ' later adapted for a Hollywood sci-fi western. With this supple, informative and poignant portrait, they offer penetrating insight into the tirelessly prolific Kirby (1917-94), whose brawny and dynamic yet nuanced style dominated comics for more than 40 years. Their play (Kirby was known as the king) documents a creator who attained immortality even as his life ended amid a morass of corporate exploitation." - Andy Webster, The New York Times KING KIRBY is a play by the husband-and-wife team of New York Times bestselling comics writer Fred Van Lente and NYIT award-winning playwright Crystal Skillman about the life and times of Jack Kirby, the great comic book artist who created or co-created some of your favorite heroes on the page and screen, Captain America, the Avengers, Thor, Fantastic Four, the X-Men, Iron Man, Young Romance, the New Gods, Darkseid, The Demon... the list goes on and on. From the Jewish ghetto of New York's Lower East Side to the battlefields of France to the Senate hearings of 1950s, this is a hysterical and heartbreaking story about a man who pours his quintessentially Twentieth Century life into his comics, only to make the fateful mistake that sends him into obscurity while his creations become known to every person on Earth. A real-life "Adventures of Kavalier & Klay," King Kirby asks what happens when an artist doesn't own his own legacy? Can he ever get it back?

## Circumlitio

### The Polychromy of Antique and Mediaeval Sculpture

**Hirmer Verlag** Scholars around the world are researching the degree to which colour was employed in classical and medieval sculpture. Their numerous activities and projects were most recently presented and debated at an international colloquium held in the Liebieghaus Skulpturensammlung in Frankfurt. The current contributions of 20 internationally known scholars are brought together in this richly illustrated book in English. Among specialists, the educated layperson's ideal of an antiquity in shining white marble has long since been dismissed as an historical error. The classical and medieval reality of coloured sculpture is now regarded as an incontrovertible fact. As long ago as the early 19th century, statues with remains of their original paint were not only discovered in Greece, but news of them was published. In the 20th century, these discoveries were at first neglected. However the work done by a team under the archeologist Vinzenz Brinkmann, resulting in an exhibition shown worldwide since 2003 entitled "Gods in Colour", has put new life into this research and literally changed the way we see Antiquity. The extent of this revolution is graphically captured by the present volume with articles ranging from the controversial history of this research to the current state of the art of reconstructing historical painting techniques and the latest scientific methods of analyzing material residues. It culminates in the changes in the perception and significance of sculpture brought about by colour. With illustrations and commentary on numerous examples of ancient and medieval works, this volume unfolds a rich panorama of polychrome statuary on the basis of the latest research results.

## The Bear

**Penguin UK** One night a great big, white polar comes to stay with Tilly. The bear's got black hooked claws and huge yellow teeth; but his white furry coat is warm and soft and Tilly decides he's the cuddliest thing in the whole world. Tilly soon finds out that a big bear can cause big problems - he takes a LOT of looking after! But when she describes the bear's latest antics to her parents they think he's a figment of her imagination - but is he? From the creator of The Snowman, Father Christmas and Fungus the Bogeyman - now a live theatre show!

## Rotax 912 Engine Introduction

### Basic Operation and Maintenance for Pilots and Mechanics

**Aviation Supplies & Academics** This DVD by Paul Hamilton provides tips and techniques for trouble-free operation of a Light-Sport Aircraft (LSA) with a ROTAX 912 engine and provides an introduction to important aspects of maintaining the 912 and 912S. Based on years of operational and maintenance experience, industry-recognized experts Phil Lockwood and Dean Vogel outline typical procedures every owner, operator and mechanic should know. Learn about vital engine fluids, selecting fuel and proper filters, coolant options, cold weather operations, as well as how and when to check and change the oil. Gain insight on cold weather operations and dual carburetor synchronization for avoiding engine clattering, prolonging engine life, and reducing maintenance costs. This new edition also addresses an oil pressure sensor update, best types of oil to use, frequency of oil changes, tips on finding updated Rotax information, automobile gas and avgas options, and extended TBO (time before overhaul) information. If you fly, operate, or work on a ROTAX 912 engine, this DVD is a must have to ensure proper maintenance and safe operation. Approximate running time 68 minutes, plus 28 minutes of extras.

## Leonardo

### Revised Edition

**Oxford University Press** Cutting through the veil of legend, Martin Kemp offers an unparalleled portrait of this extraordinary man, asking what made Leonardo's work so astonishing and what vision drove his art and his invention. This updated edition is the first book to include two newly discovered Leonardo works, the most important discoveries in over a hundred years.

## Lola and Me

When I first met Lola I was living in the countryside with my parents and brothers and sisters. Lola was lonely and ill then, but it was love at first sight, and I knew that I wanted to take care of her. A beautifully told, heart-warming story about friendship and survival, with a very surprising and satisfying ending.

## First Steps With Jesus

**CreateSpace** First Steps with Jesus is intended for new believers in Christ. Its purpose is to present foundational truths that will help the believer to grow in Christ. It focuses on the three spiritual disciplines--devotion to the Word, prayer, and fellowship--that are essential to one's spiritual growth. The Book includes four chapters: 1) Your Salvation; 2) Your Bible; 3) Your Prayer Life; and 4) Your Church. The book also includes a brief description of the nature and purpose of the spiritual disciplines.

## Anomaly

**Anomaly Publishing** Anomaly is an epic graphic novel, with stunning artwork and a story in the spirit of Star Wars and The Lord of the Rings.

## Maps of My Emotions

**Schiffer Kids** Follow along with a child and his companion as they embark on a mysterious journey. The only words in this book, which is almost a silent book, are those that describe the places on the maps of the journey. These fantastic and evocative places express all the shades of emotions from hope to fear, from wonder to sadness, to finally to love. An unprecedented and highly original itinerary with a story of friendship and great adventure plays out in graphic-novel form that unfolds on the pages between the maps. Highly visual illustrations provide an incentive for children to explore their emotions and create their own new maps for emotional discovery.
