Broken but Beautiful

Why Church is Still Worth It

Wipf and Stock Publishers American church participation has plummeted in recent decades. Abuse scandals and hypocrisy hang in the air. Weekly, I talk to friends and neighbors who have left church, even as many still identify as Christians. I get what they're saying. When I consider the pain that so many have experienced in church life, the body of Christ sure seems broken. It's no wonder many don't find church to be worth it. But maybe there's more to the story. As a child, my family experienced deep crisis. I felt alone and vulnerable. Into that void, the church stepped in. I discovered a family, a people that have my back and forever changed my life. Even now, I see tangible ways the church works for the common good. The church possesses a resilient beauty that continually pushes through the brokenness. If we love Jesus, we have to eventually ask what Jesus loves. Surprising to me at times, Jesus loves the church, despite her brokenness. If we learn to see what Jesus sees, we'll discover a powerful, often untapped means towards human flourishing. No other social group offers what the church offers. Yes, the church is broken, but there's more. She's beautiful.

Bridging the Great Divide

Musings of a Post-Liberal, Post-Conservative Evangelical Catholic

Sheed & Ward **Bridging the Great Divide: Musings of a Post-Liberal, Post-Conservative Evangelical Catholic** represents a pivotal moment in the life of the Catholic community. As the Church seeks to maintain its unique witness, nurture the faithful, and evangelize, a new generation of American Catholics has emerged. No longer the "next generation," these new leaders came of age after the Second Vatican Council and, like many others, no longer find compelling the battles between the liberals and conservatives throughout the post-conciliar period. Today's faithful are searching for an expression of Catholic Christianity that is vibrant, colorful, provocative, counter-cultural, deeply rooted in the tradition, and full of the promise of the Good News. In this timely and prophetic book, Father Robert Barron—himself a member of the younger generation—has minted a new vernacular and blazed a new way that goes bridges the great divide and gives voice to the concerns of post-liberal, post-conservative, evangelical believers.

From Split to Screened Selves

French and Francophone Autobiography in the Third Person

Stanford University Press This book is a study of recent autobiographies by French and Francophone African writers and filmmakers, all of whom reject simple first-person narration and experiment with narrative voice and form to represent fragmented subjectivity. Gabara investigates autobiography across media, from print to photography and film, as well as across the colonial encounter, from France to Francophone North and West Africa. Reading works by Roland Barthes, Nathalie Sarraute, Assia Djebar, Cyril Collard, David Achkar, and Raoul Peck, she argues that autobiographical film and African autobiography, subgenres that have until now been overlooked or dismissed by critics, offer new and important possibilities for self-representation in the twenty-first century. Not only do these new forms of autobiography deserve our attention, but any study of contemporary autobiography is incomplete without them.

The Feminine Subject in Children's Literature

Routledge This book builds upon and contributes to the growing academic interest in feminism within the field of children's literature studies. Christie Wilkie-Stibbs draws upon the work of Luce Irigaray, Helene Cixous, Julia Kristeva, and Jacques Lacan in her analysis of particular children's literature texts to demonstrate how a feminist analysis opens up textual possibilities that may be applied to works of children's fiction in general, extending the range of textual engagements in children's literature through the application of a new poststructural critical apparatus.

Power of Prayer

TEACH Services, Inc. What is more important in this life than prayer? Prayer is our connection with God--our strength, our bridge to heaven! It is when "men begin to call upon the name of the Lord" that they find Him. We are told that He "hearest prayer." What a promise the is! As we pray, the Holy Spirit Himself unites in our petitions and "maketh intercession for us." We are not alone in the battle of life; all heaven is on our side! Each of these 80 sections (containing one to three pages each) are compiled from Ellen G. White's writings. Her quotes bring together in one book all that she had to say on prayer. Topics include: "The Privilege of Prayer," "The Early and Latter Rain," "Goals for Prayer," and "Prayer Defeats Satan."

Cousins

Penguin Classics How much can love ask of us? Brilliant and mercurial Will Tye suffers a life changing accident. The terrible event ripples through three generations of the complex and eccentric Tye family, bringing to light old tragedies and dangerous secrets. Each member of the family holds some clue to the chain of events which may have led to the accident and each holds themselves to blame. Most closely affected is Will's cousin Cecelia, whose affinity with Will leaves her most vulnerable to his suffering and whose own life is forever changed by how she will respond to it. Told through the eyes of three women close to Will, his sister, his grandmother and his aunt, *Cousins* is a novel weaving darkness and light which takes us from the outbreak of World War Two to the present day, exploring the recurrence of tragedy, the nature of transgression, and the limits of morality and love.

Who Lies Wins

A Novel Based on an Actual Judgment in Britain's Family-court

A novel about a 4 year old boy set in the world of family-law. Breaking up is hard to do. 30% of British children are products of broken families, at the mercy of parents making good decisions. But, trawling this richly rewarding seam of misery, parents at their lowest ebb in life during separation, are predatory highly-paid members of an entitled society, family-law, profiting from a process widely accepted to be 'parental alienation and child abuse.' This for-profit abuse continues largely in secret while child abusing judgments are defended by arcane contempt laws protecting miscreants from any accountability. *Who Lies Wins* is the story of one child, Sam, 4, told over a 6-year period in which the inner workings of family court are laid bare. Based on actual judgments made in family-court, Sam's story explores the need for change to family-law, putting forward child-centric possibilities for replacing a broken family court service with a new corruption free model effectively representing children's rights post separation.

The volume brings together an international array of scholars, each a leading specialist in ancient language study. Unconventional Daughters: An Engrossing Family Saga on Two Continents

Addition by Subtraction: God Turns Our Broken Pieces into Masterpieces

How to Let Go of Your Past and Discover Lasting Hope for the Future

WestBow Press God turns broken pieces into masterpieces. In his book, *Addition By Subtraction*, author David Ralston invites readers to join him on a journey from the shame and brokenness of their past to lasting hope for the future. Where the world's way claims that change comes through a complex formula of mental health methods, behavior modification, and self-help disciplines, Dr. Ralston's TURN approach is built on the premise that the solution isn't within a person, the problem is. He then meticulously details a biblical, Christ-centered pathway of self-examination, deep vulnerability, surrendering control, and systematically exchanging false beliefs for God's truth. This book invites the reader to turn from the pain of their past to hope and wholeness found only in Jesus. On this journey toward authenticity, an individual begins to discover genuine heart change and an unfathomable hope. Not just another untried theory, Dr. Ralston's well-proven TURN model combines the wisdom of his real-life experiences with abandonment, addiction, and divorce, with the credibility of his extensive study, training, and experience as a doctoral level Christian Counselor. Passing shame and brokenness down to children has long been a generational norm in American society. By learning to live a transparent, surrendered life, God miraculously changes a person from the inside out, introducing a renewed and unshakable hope for generations to come.

Economics and Sociology

Redefining Their Boundaries: Conversations with Economists and Sociologists

Princeton University Press The boundary between economics and sociology is presently being redefined--but how, why, and by whom? Richard Swedberg answers these questions in this thought-provoking book of conversations with well-known economists and sociologists. Among the economists interviewed are Gary Becker, Amartya Sen, Kenneth Arrow, and Albert O. Hirschman; the sociologists include Daniel Bell, Harrison White, James Coleman, and Mark Granovetter. The picture that emerges is that economists and sociologists have paid little attention to each other during most of the twentieth century: social problems have been analyzed as if they had no economic dimension and economic problems as if they had no social dimension. Today, however, there is a dialogue between the two fields, as economists take on social topics and as sociologists become interested in rational choice and "new economic sociology." The interviewees describe how they came to challenge the present separation between economics and sociology, what they think of the various proposals to integrate the fields, and how they envision the future. The author summarizes the results of the conversations in the final chapter. The individual interviews also serve as superb introductions to the work of these scholars.

Beautifully structured... Rausing sets the scene with painterly delicacy and then steps back to analyse the implications of what she has revealed' *Guardian* A searingly powerful memoir about the impact of addiction on a family In the summer of 2012 a woman named Eva was found dead in the London townhouse she shared with her husband, Hans K. Rausing. The couple had struggled with drug addiction for years, often under the glare of tabloid headlines. Now, writing with singular clarity and restraint the editor and publisher Sigrid Rausing, tries to make sense of what happened to her brother and his wife. In *Mayhem*, she asks the difficult questions those close to the world of addiction must face. 'Who can help the addict, consumed by a shaming hunger, a need beyond control? There is no medicine: the drugs are the medicine. And who can help their families, so implicated in the self-destruction of the addict? Who can help when the very notion of 'help' becomes synonymous with an exercise of power; a familial police state; an end to freedom, in the addict's mind?'
