## Ensure Your Dream Life With The Law of Attraction

**Dhimant N Parekh THE LAW OF ATTRACTION is the most powerful and the oldest of the universal laws. It derives its power from the state of your mind. For your mind, both conscious and subconscious, serves as an unseen magnet, which draws into your life circumstances and events according to your thoughts. In other words, you have to be extremely cautious in your thoughts as well as your deeds; they are being turned into reality. "How are you going to achieve them?" Do not worry about that. THE LAWS OF ATTRACTION will attract them and bring them to you. When you are waiting for them to come to you, you can already start your actions under the ardent belief that you already have them. Constant mental practice habituates you - you will realize that it is really effective. Optimism is the one quality more associated with success and happiness than any other. I have told you how to achieve success and make more money in this ENSURE YOUR DREAM LIFE WITH THE LAWS OF ATTRACTION book. So try your hands at it starting today.**

## yes U can

Xlibris Corporation This book covers the two most important aspects for making real and permanent changes in our lives. It elaborates on the importance of knowing ones real self (in order to change something you must truly know it first) and explores the five measurables that will help you identify what went wrong on the way to achieving your goals (desire, persistence, attitude, thought management, and belief). Throughout the book, you will learn how to assess the issues that stop you from achieving your goals and start making the changes you want in your personal and professional life.

## F3: Financial Freedom and Fitness

# 15 Fitness Success Principles That Anyone Can Apply to Become Physically Fit, Make More Money and Live a Fulfilled Life

I wrote this book because I want to help you. The information in this book has changed my life. It comes from years of studying the principles of success. I am a personal trainer and have a passion for helping people get a bigger vision of themselves. Its my gift. I cannot physically train everyone that I want so the next best thing is to give you the best information I have with the sincere hope that you will apply it and change your life. I know this information works because its worked in my life and in the life of my clients. The late Jim Rohn said if you help enough people get what they want then you can have anything that you want. I am

putting this to the test. Do you want to make more money? Do you want to have a stronger body? Imagine if the rest of your life you could make money doing what you love to do. If that's not enough imagine if you could have a good strong healthy and fit body to go along with all of that money. Wouldn't it be amazing if you had the time and money to be able to financially help out your friends and family? Imagine if everywhere you went you were looked at as a role model and you were an inspiration to everyone that you came into contact with. If you can see it in your mind then you can make it a physical reality. This book is written as a blueprint to live a more fulfilled life. Everyone has a dream inside of them. Everyone has a business that they want to start or a book they want to write. The desire for progress in our life is hardwired into us. Everyone wants to be more, to do more and to have more. Its part of being a human. But for some reason every time that dream comes across our mind we never take action on it. We always seem to talk ourselves out of it. We tell ourselves it could never happen. I want to help free you from your old ways of negative thinking and put you on the path to thinking of success. If you can clearly define what you want out of life this book can help you get it. If you are reading this, you either want to make more money or get in shape. This book can help you out with both. This book is filled with universal success principles that can be applied towards your goal of starting your dream business as well as getting into great shape. Successful people have been studied in depth and its now a known fact that there are certain principles that all successful people apply to achieve extraordinary results. Its not a guessing game, it's a science. If you do what successful people do, you will get the same type of results. This brings me to the subject of money. I know that you could use extra money. Money is reward for service rendered. If you are going to make extra money you will need to provide some sort of service or product. So what kind of business do you want to start, or what kind of book did you want to start? This will be the service or product that will make you financially free. Making money by starting your dream business and getting physically fit have a lot in common. The same principles that apply in getting physically fit can be applied to making your business a success. This book will teach you how to apply the principles of success to both your major goal and towards your body. This book is a simple easy to understand blueprint to making money doing what you love to do and getting into the best shape of your life. Its as short and concise as possible. If you follow the blueprint and consistently apply what you read you will become a success. Start to live the life you were created to live. Once today is gone its gone. You can never have it back. If you do what you always do, you will keep getting the same type of results. By reading this book you can completely change the trajectory of your entire life. Decide to live. From now on you are going to make the most out of your life. If you read and apply this book you will become financially free and fit.

# Make Your Creative Dreams Real

## A Plan for Procrastinators, Perfectionists, Busy P

**Simon and Schuster** Let this book be your haven, guide, fairy godmother, or map for making your creative dreams real. It's a "paper lantern" to illuminate your path. Your dreams glow in the dark even if you don't ever tend to them. They will wait for you. I know this from my experiences as a recovering procrastinator and perfectionist. My dreams waited for me -- now you can begin to make your creative dreams REAL!

## Morning and Evening Meditations from the Word of God

## Education, Challenge, Inspiration, and Encouragement

**WestBow Press** There are many devotional books available containing brief, daily inspirations that benefit all who read them. This book is different in two respects. The first is obvious: it contains two readings per day—732 in all. The second, more important difference is that the author wanted to do more than offer inspiration; this would make this book no different than so many others. The messages in the book are study sketches in that the content is not only inspirational, but also educational, challenging, and encouraging. Most of these writings were based on author Michael J. Akers's teaching of adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the Word of God.

## Thirty-Seven Myths about Marriage

# What I Think I Know and What I Wish I Knew

**Wipf and Stock Publishers Thirty-Seven Myths about Marriage** describes common misconceptions about what happens in marriage—myths that never come true, no matter how much one believes them. Unhealthy thoughts, feelings, and behaviors flow from those myths that harm the couple and their relationship, leaving them unhappy and dissatisfied. The authors provide realistic suggestions for a healthier approach to marriage and attainable goals. The book also contains questions for personal reflection or group discussion among individuals, couples, groups, or with a personal counselor or life coach.

Money Attraction: Numbers for

# More Than 50 Dreams

**Independently Published** We can't ignore that there is a reason for having dreams. Perhaps at the moment we have peculiar dreams we have neither the capacity nor the insight and the foresight to comprehend the reason why those events are occurring while we're sleeping, but while time passes and we keep searching for answers, many things might come to light. In this book there is a significant attempt to connect our dreams with numbers. But we have to remember that nothing is absolute. Yes, some of us are going to have great success; others not so much. This is the law of nature. We can't change that fact. However, we hope that many and many people are going to have wonderful life changing events while maximizing on the numbers attributed to their dreams. So it's with hard work, persistent observation, and motivation to help others win money that this book got published. I initially wanted to make people aware that their dreams are not happening by chance. More than a decade ago, if I knew about the importance of dreams, I would be a multimillionaire when I was very young. I had a weird dream. I went to my grandma and told her about that bizarre dream because I was seeking help for the sudden slight anxiety, panic, and sadness caused by that nightmare. Although these bad feelings had been bothering my mind during that morning and afternoon, my grandma to my surprise said that was a very good lottery dream. In fact, she told me the numbers to play for that evening drawing related to the dream. I was profoundly skeptical and didn't bother to play for a lot of money. At about 9:05PM, guided my curiosity, I checked the numbers that were drawn for that evening. Then, I said, "Oh wow, oh wow, oh wow." I won, but I didn't have enough maturity at that time to understand the significance of dreams; I could have been a millionaire back then. The next morning, I found myself emotionally paralyzed because I did not make the most out of that dream. My grandma did play and made some money too. Nothing in my life had prepared me for this; I was absolutely amazed when I saw the winning lottery numbers on the board. Years of observation had trained my mind to make me believe that there is a lot of wonderful things people can do with images, stories, and events that they're seeing in their dreams. I have learned to respect the communication through dreams. Even today, I can't find a scientific explanation for that event that had happened more than a decade ago. There are probably too much phenomena about dreams that are beyond our comprehension. No matter what scientists could have already said about human subconscious mind, perhaps the unconscious mind uses the energy source that sends us messages at a totally different level. This book is in your hands simply to help you win money. It's a tentative after long observation to connect our dreams with numbers. As the author, I won a few lottery games with my dreams. I still want to keep winning; in fact, I would be very happy if I could win as often as possible via my dreams. You can win too. Even

though you could buy the e-book to have it everywhere in your electronic device, I would like to strongly suggest to get the paperback too so that you won't have difficulty to go back to your notes in case something happens to your electronic device.

## The Amazing Money Machine

### How to Make Money and Build a Passive Income Owning and Operating ATM Machines

**CreateSpace** How would you like to keep the \$2.50 Surcharge fee Every Time Someone uses an ATM? In this book I'm going to teach you how to build a passive income in the ATM Business. I've been doing it for the past 20+ years and it has afforded me the opportunity to live in Southern

California, work a block from the beach, and live the dream. It's given me the freedom to choose the hours I work, even if I want a 4 hour work week. Stop trading time for money - you can work less, live more. This book explains why people pay upwards of \$3.00 every time they use a non-bank ATM and how YOU CAN EARN THAT ENTIRE FEE to build wealth and earn a passive income from just a FEW HUNDRED DOLLARS a month to TENS OF THOUSANDS! Have you ever used an ATM Machine that wasn't part of your bank and had to press the key to say "YES - I agree to pay the Surcharge Fee"? How would you like to be the one collecting that fee - every time the ATM gets used? This is a tell all book about how people like you and me can own and operate an ATM Machine and make annual returns that far exceed any conventional investment strategy, with a lot less risk. This once secretive business, only meant for Bankers, Wealthy Individuals, and people "in the know" is now a wide open opportunity. It's basically a Guidebook or an ATM business blueprint, if you will, of how to be successful in the ATM Business. While there are many companies trying to sell ATM Franchises (I don't recommend one), I'll show you all the pieces to the ATM business without having to spend money on an ATM Franchise. Who is this book for? If you're you still trading time for money, read it. If you're you looking for an ATM Franchise or some kind of Franchise, you should read this book. If you're a retailer, commercial landlord, or in the retail industry and want some easy extra revenue, this is a MUST read book. If you're officially retired, seeking the next opportunity and want fantastic low risk annual returns, read this book now. If you would enjoy a passive income so you can work less, live more you'll love this book. If you're in a dead end job or career that doesn't fulfill you and you enjoy counting money, I'm sure this business is for you, read the book. If you want to help other businesses make more money and earn a passive income, this book is for you. If you're already living your dream, but wouldn't mind an extra \$1,000 - \$5,000 or more per month in passive income, this book is for you. If you're an entrepreneur and have dreams of owning your own business (full or part time), read this book. If you're happy with your current job, but still hunger for something of your own part time, this book is for you. If you're a people person and enjoy talking or networking with store owners, you'll love this business, read the book. If you have ever invested in stocks, bonds, real estate, or private placement companies (this is none of those), this book is for you. If you have funds sitting in a savings account, money market account, or Certificates of Deposit (CD) not producing anything that resembles a decent annual return, this book is for you. If you would enjoy quadrupling your Annual Return on Investment, you will appreciate this book. If you're planning retirement, seeking preservation of capital and passive income, this book is for you. If you have ever wondered who gets that \$2.00 - \$3.00 surcharge fee you pay when you use a non-bank ATM and wanted to keep it for yourself, you need to buy this book right now! If opportunity doesn't knock, it's time to build a door! - Milton Berle This book includes the tools

and materials to build your door. Isn't it time to pick up the tools, and build it?

## Where Your Happiness Hides

### It's Closer Than You Think

Balboa Press 'Where Your Happiness Hides' gives readers hope for a happier life. Even before the pandemic, many people struggled to find consistent fulfillment. This has been exaggerated in the turbulent times we have all been witness to recently. This book shines a light on why happiness is so elusive, and where to find it. It doesn't just leave you guessing as to what may be blocking your happiness, it spells out the top 22 core beliefs that most people are likely to be struggling with, and shows them how to undertake a wonderful journey of personal transformation. Happiness is a habit and a choice, and this book shows readers how they can transform their lives into a bold, exciting adventure, and grow through the challenges they face. 'Where Your Happiness Hides' is the perfect companion for its follow-up book, 'Reaching the Gold Standard of Leadership', which is anticipated to be released later in 2022, and is written by the same inspiring authors. This second book provides ground breaking direction on how organisations can be similarly transformed to reach amazing levels of happiness and success. You won't want to miss either of these exciting and life changing books. Together, they could transform your world in so many wonderful ways!

# When Did We All Become Middle Class?

**Routledge In When Did We All Become Middle Class?, Martin Nunlee discusses how a lack of class identity gives people a false sense of their relationship to power, which has made the US population accept the myth that they live in a meritocracy. This book examines social class within the framework of psychological tendencies, everyday interactions, institutions and pervasive cultural ideas to show how Americans have shifted from general concerns of social and economic equality to fragmented interests groups. Written in a conversational style, this book is a useful tool for undergraduate courses covering social class, such as inequality, stratification, poverty, and social problems.**

## Realistic Ways You Can Live the

# Dream Abroad as a Digital Nomad and Make Money Online

If you're like most people, chances are you're stressed, tired and overworked right now (be honest with yourself: aren't you?). That's because with the current employment system, you're expected to clock in at 9 am and leave at 5 pm. But what does that really mean? It means sacrificing eight hours of your day - approximately 50% of your waking hours - spent at work. Eight hours each and every day, forty hours a week that you'll never get back. And, that excludes the time it takes you to commute, shower, and get ready. Let's go through what a typical work-centered schedule looks like: Wake up early in the morning; get ready in a rush; head to work before rush hour, work, work, work; back home, exhausted and stressed; and finally: you watch the news and doze off. Isn't that routine stressful? I know that that's a common routine for many. Fortunately, becoming a Laptop Entrepreneur is the alternative. The best thing about being a Laptop Entrepreneur is that it can be done from anywhere. That means you can kiss your 30-minute commute goodbye along with your worries about being late to work! Now, when you commit to living like a Laptop Entrepreneur, you finally have flexibility and a little bit less stress and peace of mind (which we all need!). Being a Laptop Entrepreneur means fitting your schedule to your life, whereas being a worker means finding a way to fit your life in between the gaps in your work schedule. That's the difference. I don't think it takes much elaboration: any sane person would prefer a life that's less stressful, allowing for more free time than a life that's just work, work, work. We weren't designed to be hidden inside all day - there's so much more to life than just making a living. As a Laptop Entrepreneur, you can finally see the world like you've always wanted to. You've always been the type to sift through National Geographic magazines, hoping someday to visit those far-off places. But, you've got a job, obligations and don't have enough vacation days. Guess what? When you become a Laptop Entrepreneur, every day is a vacation (or, more accurately: a workation. You will have to put in some work, which I'll go over later, but it simply means putting in the work when you want to)! In Laptop Entrepreneur, I'll go over how becoming a Laptop Entrepreneur can save you thousands each year and why it may pay off to travel to a low cost of living country, what it takes to become a Digital Nomad, and go into details on the four main digital business models to make money online (negotiating a remote contract, freelancing with a platform like Fiverr or Upwork, freelancing independently, and running your own virtual business). If you're tired of your routine and want to explore a way to live that's focused on freedom rather than slaving away, read Laptop Entrepreneur now - it could change your life!

# The Art of Getting Wealthy

How can you really become wealthy? Is there an art to making money? How come some people seem to have developed a real talent for generating cash whilst the rest of us struggle just to make ends meet? If there's a secret to becoming wealthy, why don't we learn it in school? These are intriguing and important questions and, if you're serious about enriching your life, this is the best place to start the journey. In the simplest terms, if you want to learn how to master the art of becoming wealthy, this is the treasure chest of real-life methods and priceless secrets that have been used by fabulously wealthy individuals to create their personal fortunes. Now those secrets are fully available to you. In life, there are those who dream about becoming wealthy and there are those who have actually done it. Whilst many talk and write about the rules for generating wealth today, very few of them have ever achieved the goals they describe for others. This is a very important point. Surely, one of the most important qualifications for offering advice on wealth creation is the author's experience of producing success for themselves? In this case and, most importantly for the reader and true seeker of real wealth, the author has used these methods to achieve extraordinary success in his own life and in the lives of his students. As an international lecturer and key-note speaker, the author has achieved an outstanding reputation for delivering the goods on creating wealth and he loves to share his knowledge with everyone who aspires to a better life. Amongst a treasure-trove of life-changing ideas, the book explores fascinating topics such as: The real mind-set behind true wealth creation The obstacles that can block your goals and ambitions Taking control of your life Learning to cultivate a powerful relationship with money Freeing yourself from your early conditioning Setting truly powerful goals and working on them every single day The untapped power of the subconscious The essential daily habits that will create success in your life The best ways to achieve lasting financial independence Living debt-free and harnessing your cash Putting your money to work for you to create more freedom Living your personal version of a dream life The advice and methods that set this life-changing book apart from the rest of the crowd is the personal knowledge and experience of the author. The result is a crystal clear understanding of the mechanics of creating money and generating wealth across a vast array of businesses. And there's never been a better time to put these principles into practice. The unprecedented revolution in Internet technology has opened the floodgates to ever-increasing opportunities to create spectacular income streams and acquire wealth. Of course, you don't have to become a multi-millionaire to benefit from the advantages of a major increase in income. But, if that's your ambition, the possibility to fulfil your dreams certainly exists. It's been accomplished by thousands of individuals across the world. It's being done right now. The author is signalling the perfect

moment to join the revolution in financial independence and achieve the lifestyle of your dreams. It's an inspirational message of hope and personal power and the blue-print for transforming your life into a daily experience of truly successful living. Don't spend another single day daydreaming about being wealthy.

## Notes on the Internet Dream

## Reach the Whole World, Free Up Your Life, Love What You Do

**Independently Published** This short book shares all the secrets, stories, information and techniques that allowed us to leave our 'real jobs' over 10 years ago, to earn more than we did before, to pay off the mortgage 25 years ahead of time, to reach thousands of people all over the world, and work a very-few-hour workweek so we could pursue other dreams as well. It can make a huge difference to your potential success, to how much money you can make, to how long your business will last, and to how much free time you can have. This is really four inspiring books in one. Firstly, it's the fun story of how a successful podcasting business with over 31 million downloads began from a ten minute conversation in Spanish, secondly, it's inspiration on how to get a project off the ground right now, thirdly, it's an internet marketing manual, and finally, it's a philosophy of life. It's the advice I give to close friends when they ask how to set up something similar to our online business, how to make more money at what you are already doing online, even how to decide what to get going in the first

place, and how and when to start. It's everything that has led us to be our own bosses, and have some of the best fun of our lives.

## New York Magazine

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
