## Shafer's Textbook of Oral Pathology E-book

*Elsevier Health Sciences* **This 9th edition of Shafer's Textbook of Oral Pathology is written with sole aim to make teaching and learning oral pathology more interesting. This book deliberates the oral diseases from the fundamental level to the recent concepts. Each disease process is discussed in detail with reference to the etiology, clinical, radiographical and histopathological features. Molecular concepts are given wherever necessary. A note on treatment and prognosis is added to all the lesions. Apart from the diseases, which are usually encountered in clinical practice, abstract of relatively rare lesions are also included. All possible oral and maxillofacial lesions are thoroughly updated according to the recent concepts Inclusion of new pathological entities Contributions from eminent academic personalities Contemporary views and molecular aspects given in colored boxes**

## Textbook of Oral Pathology

*JP Medical Ltd* **The second edition of this textbook provides undergraduate and postgraduate dental students with the most recent advances in oral pathology. Beginning with discussion on diagnostic techniques, the following chapters describe numerous diseases and disorders that may occur in the mouth, from dental caries and teeth anomalies, to cysts, tumours, infections and AIDS. The text continues with in depth examination of conditions located in the different areas of the mouth. This new edition is highly illustrated with more than 1000 clinical photographs, microphotographs,**

histopathology images and line diagrams. 'Points to remember' boxes are included for each disease or disorder, and multiple choice questions at the end of each chapter help students test their knowledge. Key points Second edition providing dental students with recent developments in oral pathology Comprehensive text, covering diagnostic techniques and treatment of both common and more complex disorders Multiple choice questions and 'points to remember' boxes assist revision Previous edition published in 2010
