## Ethics and Values in Social Work

*Bloomsbury Publishing* With over 40,000 copies sold across its lifetime, this is social work classic from a leading international author. Synthesizing the complex ideas and concepts that characterize social work's value base, Sarah Banks expertly provides a clear and systematic account of professional ethics in relation to social work practice, framed within a global context. Ethics and Values in Social Work is co-published with the British Association of Social Workers (BASW) and this fifth edition provides revised and updated analysis of professional regulation and codes of practice. Written with Banks' trademark accessibility and theoretical rigour, this updated edition continues to be a relevant and invaluable resource for all students taking Ethics and Values modules at both undergraduate and postgraduate levels, as well as educators and practitioners of social work. New to this Edition: - Revised and updated analyses of professional regulations and codes of practices - Updated case studies with an increased number of global examples of social work practice - More cases featuring adults

## EBOOK: Ethics, Values and Social Work Practice

*McGraw-Hill Education (UK)* A framework of ethics and values forms the foundation of social workers' professional identities. Ethics and values should shape the way that social workers practice and how they impact upon the lives of the service users they work to support. In a fast-moving world influenced by shifting policy, tight budgets and changing practice standards, students and practitioners need to anchor their understanding of themselves to clear principles for ethical practice. Ethics, Values and Social Work Practice is a brand new text offering students and social work practitioners a contemporary and relevant introduction to the central role of ethics and values in their work. In addition to a grounding in the major trends in ethics applied to social work, this book also provides perspectives on: How to situate ethics and values in social work practice How to understand ethics as part of reflective practice as both student and practitioner How ethics and values link to concepts of power, diversity and social justice The role of ethics and values in interprofessional and partnership working The guiding principles and ethics inherent in relationship-based social work. The book supports student learning by providing: Discussion points to allow time for individual reflection or ethical debates Case studies based on likely scenarios from practice, with reflection points to help social workers engage with the issues raised Chapter summaries and key points for social work practice to reinforce the relevance of your learning to real social work practice A glossary of key terms as a reference for key ethics terms and concepts. Contributors: Pat Cartney, Jean Dillon, Souzy Dracopoulou, Ann Flynn, Alison Higgs, Mina Hyare, Colin Whittington, Margaret Whittington and Tom Wilks "This is an excellent edited reader providing students and practitioners with a grounding in ethics and values whilst linking these to specific practice and the development of professional identity, inclusion and reflective practice. This book will be an essential reader for those in qualifying social work programmes, ASYE staff, practitioners and academics." Hugh McLaughlin, Professor of Social Work, Manchester Metropolitan University, UK "This book provides an exceptional exposé of ethics and values in social work practice. Conceptual clarity and critical presentations of contemporary debates are presented in a systematic text. It is written in an accessible style and the content will prove valuable to social work students, practitioners and researchers alike. This is one of the most comprehensive books on ethics and values in social work practice available in the market." Professor Lambert Engelbrecht, Department of Social Work, Stellenbosch University, South Africa

## Values and Ethics in Social Work

*SAGE* This book will enable students to better understand key concepts and ethical and philosophical positions which will inform their assessed work and competence as a professional.

## Culture, Values and Ethics in Social Work

### Embracing Diversity

*Routledge* "This groundbreaking book examines the ways in which questions of culture and diversity impact on the values and ethics of social work. Using detailed case studies to illustrate key points for practice, Richard Hugman discusses how social workers can develop culturally-competent ethical practice and work creatively with the tensions it sometimes involves. Debates rage over whether there is a core set of unchangeable social work values or whether they might be different at different times and for different people. This textbook proposes a new approach of 'ethical pluralism' for social work practice, in which both shared humanity and the rich variety of cultures contribute to a more dynamic way of understanding social work's underpinning values and ethics. In particular, this

book explores the implications of a pluralist approach to ethics for the central questions of: Human rights and social justice Caring relationships Social and personal responsibilities Agency and autonomy Values such as truth, honesty, openness, service and competence. It is vital that social workers understand the values and ethics of their profession as a crucial part of the foundations on which practice is built and this is the only text to explore the connections between culture, values and ethics and fully develop the pluralist approach in social work. Culture, Values and Ethics in Social Work is essential reading for all social work students and academics. "--

## The Routledge Handbook of Social Work Ethics and Values

*Routledge* The Routledge Handbook of Social Work Ethics and Values is a comprehensive exploration and assessment of current and future issues facing social work practice and education. It is the first book to codify ethical practices for social workers from across the globe and in myriad workplace settings. Each section meaningfully captures this complex subject area: ethics writ large visions of diverse values abortion relationship and gender issues micro and mezzo practice settings social work education technological issues spirituality globalism economic issues special topics Leaving no stone unturned, this handbook comprehensively addresses the most controversial topics in an evenhanded manner. Among professional social workers, values and ethics traverse political boundaries, cultural identifications, and languages. This handbook will help to make sense of this unity within diversity. With contributions from the world's leading scholars, this book will be a valuable resource for all social work students, academics, researchers, and practitioners who seek a coherent and objective analysis in the abstract arena of ethics and values.

## Values and Ethics in Social Work Practice

*Learning Matters* Applying values and ethics to social work practice is taught widely across the qualifying degree programme, on both Masters and BA courses. This book is a clear introduction to this subject and will help students develop their understanding by showing social work students how ethics can have positive impacts on the lives of vulnerable people. There are chapters on how social workers can make good ethical and value-based decisions when working with risk, and how the role of the social worker as professional can impact on service users. Above all the book is a timely and clear introduction to the subject, with an emphasis on advocacy and empowerment and how the beginning social worker can start to apply these concepts.

## Ethics and Values in Social Work

*Palgrave Macmillan* Ethics and Values in Social Work offers a clear and systematic account of professional ethics in relation to social work practice, framed within a global context. Having sold over 38,000 copies across its lifetime, this is a thoroughly revised edition of a modern social work classic from a leading international author. Combining a sound grasp of theoretical issues with a sharp focus on the latest policy and practice, this edition features: • Detailed discussion of the participation of service users, including their role as activists and the importance of the service user movement; • Extended analysis of professional regulation and codes of practice, and their role in defining the nature of social work; • A vast array of practice examples, which bring current social issues to life; • Comparison of the latest codes of ethics from across the globe; • A wealth of supportive features, such as points for reflection, extended case studies and further resources. Ethics and Values in Social Work successfully synthesizes the complex ideas and concepts that characterize social work's value base. Written with Banks' trademark accessibility and theoretical rigour, this book will continue to be an invaluable resource for all students, educators and practitioners of social work.

## Ethics and Values in Social Work

### Third Edition

*Palgrave Macmillan* The third edition of this popular book has been updated to take account of the latest developments in policy and social work practice. It includes new sections on radical/emancipatory and postmodern approaches to ethics, analysis of the latest codes of ethics from over 30 different countries, additional case studies of ethical problems and dilemmas, practical exercises, and annotated further reading lists at the end of each chapter.

## Ethics and Values in Social Work

## An Integrated Approach for a Comprehensive Curriculum

*Oxford University Press* Social work ethics provide practitioners with guidance on how to promote social work values such as respect, social justice, human relationships, service, competence, and integrity. Students entering the profession need to develop a real-world understanding of how to apply these values in practice while also managing the dilemmas that arise when social workers, clients, and others encounter conflicting values and ethical obligations. Ethics and Values in Social Work offers a comprehensive set of teaching and learning materials to help students develop the knowledge, self-awareness, and critical thinking skills required to handle values and ethical issues in all levels of practice--individual, family, group, organization, community, and social policy. BSW and MSW students will particularly appreciate how complex ethical obligations and theories have been translated into plain language. Additionally, the comprehensive set of case examples and exercises provides realistic scenarios to develop critical thinking and

problem solving skills across a range of practice situations.

## Mastering Social Work Values and Ethics

*Jessica Kingsley Publishers* This key text examines ethical concerns arising at different stages of professional development in social work and offers guidelines to overcoming them. Practice pointers equip practitioners with the skills and knowledge to move beyond professional codes and work to a broader set of values.

## Values and Ethics in Social Work

*SAGE* What are my values? What are the values of others around me? What are the values and ethics of the social work profession? An awareness of our own ethical assumptions, and how these inform our practice, is crucial for the student social worker. The second edition of this bestselling book is now split into two parts. Part 1 considers the foundations of every person's values and provides a background to moral philosophy. Part 2 examines key ethical issues and how they determine practice, such as using power, allocating resources, treating others with respect and celebrating diversity. For the second edition, two new chapters have been added to the book, on: - The political dimension in ethical decision making - Realism as a guiding ethical principle. Written in a uniquely straightforward style, everyday social work practice is the key focus throughout. Every chapter includes interactive exercises and case studies, challenging you to reflect on a range of practical dilemmas. Visit the accompanying companion website for videos of the authors discussing the issues covered in each chapter of the book. These short clips will aid and enhance your understanding of the importance of values and ethics in each area of social work. Chris Beckett and Andrew Maynard's book is essential reading for all undergraduate and postgraduate social work students.

## Social Work Values and Ethics

*Columbia University Press* A comprehensive introduction to ethical decision making with practical guidance regarding professional misconduct.

## Social Work Values and Ethics

In response to the new Code of Ethics adopted in 1997 by the National Association of Social Workers, Reamer has updated his classic work. Taking into account more than twice as many ethical guidelines (an increase from 70 to 160), this second edition includes a discussion of the conceptual foundations of each of six core values considered to be the basis of social work ethics; additional material on confidentiality and privacy; and an overview of social work misconduct and malpractice.

## Social Work: Themes, Issues and Critical Debates

*Bloomsbury Publishing* Social Work: Themes, Issues and Critical Debates, one of the most respected and widely used textbooks in social work, has now been completely revised and updated. With its accessible and clearly structured framework, the book offers expert discussion of the core topics in social work by top writers, teachers and practitioners in the field. It provides an essential grounding in the debates that shape the profession, as well as a clear insight into the issues at the heart of practice. What makes this highly regarded and bestselling book stand out from other texts? - Its range, authority and theoretical integrity - Its clear and effective structure, which reflects major shifts in teaching and makes it easy to use across modules - The importance it lays on practice-based learning and on developing core practice skills such as communication, assessment and intervention - Its value as a springboard to further reading (including extensive guidance on further print and electronic sources) - Its compact size - perfect for readers who are travelling between campus and practice settings. This is one of three interrelated books edited by the internationally renowned and widely published team, Robert Adams, Lena Dominelli and Malcolm Payne. The companion books are Critical Practice in Social Work (second edition) and Practising Social Work in a Complex World. Each book can be used alone or in combination with the other two as a uniquely flexible and comprehensive programme of study.

## Values and Ethics in Social Work Practice

*Learning Matters* Applying values and ethics to social work practice is taught widely across the qualifying degree programme, on both Masters and BA courses. This book is a clear introduction to this subject and will help students develop their understanding by showing social work students how ethics can have positive impacts on the lives of vulnerable people. There are chapters on how social workers can make good ethical and value-based decisions when working with risk, and how the role of the social worker as professional can impact on service users. Above all the book is a timely and clear introduction to the subject, with an emphasis on advocacy and empowerment and how the beginning social worker can start to apply these concepts.

## Ethics and Values in Social Work

## An Integrated Approach for a Comprehensive Curriculum

*Oxford University Press* Social work ethics provide practitioners with guidance on how to promote social work values such as respect, social justice, human relationships, service, competence, and integrity. Students entering the profession need to develop a real-world understanding of how to apply these values in practice while also managing the dilemmas that arise when social workers, clients, and others encounter conflicting values and ethical obligations. Ethics and Values in Social Work offers a comprehensive set of teaching

and learning materials to help students develop the knowledge, self-awareness, and critical thinking skills required to handle values and ethical issues in all levels of practice--individual, family, group, organization, community, and social policy. BSW and MSW students will particularly appreciate how complex ethical obligations and theories have been translated into plain language. Additionally, the comprehensive set of case examples and exercises provides realistic scenarios to develop critical thinking and problem solving skills across a range of practice situations.

## Social Work, Law and Ethics

*Routledge* Law and ethics are two vital aspects of social work – all social workers need to practise according to the law and their codes of ethics and conduct. However, the relationship between the law and social work values and ethics is not without its tensions and this book takes a problem-based approach to explore the dilemmas and challenges that can arise. The first part of the book sets out frameworks for thinking about the law and ethics, and how they relate to social work. It also introduces some of the big philosophical and sociological questions about the purposes of law and of ethics and how they relate to society more generally. In the second part, the book explores a series of areas where profound dilemmas arise – such as end-of-life decisions, respecting peoples' choices but ensuring their safety and that of others, responsibility and blame, making allowance for different cultural traditions and breaking confidentiality. In each of the problem-based chapters, this accessible text: outlines the relevant law discusses court judgments in leading cases considers the implications of different ethical frameworks pulls out key ethical questions and challenges for social work. *Social Work, Law and Ethics* highlights what the law says and what it offers, what ethical principles are at stake, and what these imply for social work policy and practice. In this way, it uses real-life scenarios to analyse the dynamic interactions of social work, law and ethics. It is essential reading for all social work students.

## Practising Social Work Ethics Around the World

### Cases and Commentaries

*Routledge* Ethics is an increasingly important theme in social work practice. Worldwide, social workers experience common ethical challenges (how to be fair, whether to break a rule, how to act in politically tense situations) in very different contexts – from disaster relief in China to child protection work in Palestine. This book takes as its starting point real life cases featuring ethical problems in the areas of: negotiating roles and boundaries, respecting rights, being fair, challenging and developing organisations and working with policy and politics. Each case opens with a brief introduction, is followed by two commentaries and ends with questions for reflection. The commentaries, written by authors from different countries, refer to relevant theories, concepts, practical matters, alternative courses of action and their implications. Features within the book include: An introductory chapter covering issues of global ethics Cases and commentaries drawn from across the world – from Peru to Finland Cases based on real life situations and chapter introductions from leading authorities in social work and ethical theory Questions and practical exercises to aid teaching and professional development This book is a unique and accessible resource for stimulating ethical reflection, expanding ethical horizons and developing ethical and intercultural sensitivity. It is designed for use by undergraduate and postgraduate students and professionals in the fields of social work, social education/pedagogy, social care work, international social work, community development, community organisation, youth work and related fields.

## Social Work Values and Ethics

### Identifying and Resolving Professional Dilemmas

*Brooks/Cole Publishing Company* This text teaches both students and practitioners to apply the 1996 National Association of Social Workers (NASW) Code of Ethics to real practice experiences with clients in individual, family, group, and community settings. It covers a wide variety of practice settings as well as professional issues such as dual relationships, impaired colleagues, and interdisciplinary collaboration. This text uses a clear, five-step decision-making model, the ETHIC model, for identifying and resolving ethical issues and dilemmas.

## Ethics and Value Perspectives in Social Work

*Bloomsbury Publishing* This agenda setting text explores a broad range of value perspectives and their impact on and contribution to social work thinking on ethics. Including new perspectives, such as Islam, and drawing on international contributors, this is essential reading for all social work students studying ethics and values.

## Social Work Ethics

### Politics, Principles and Practice

*Red Globe Press* This introduction to professional ethics for social workers recognizes that social work is largely state-sponsored. Traditional values and rules are explained, followed by a concept of social work and its relationship to the state.

# Anti-Oppressive Ethics and Values in Social Work

## Past Caring?

*Palgrave Macmillan* This book provides a solid basis for teaching ethics in social work courses. It develops the student's understanding of the issues through practical case scenarios that bring out classic and contemporary ethical concepts, fostering a critical anti-oppressive approach to ethics based on recent feminist ethical theory.

## Ethics in Social Work

### A Context of Caring

*Routledge* Professional knowledge doesn't guarantee you'll make the right decisions when it comes to professional ethics. *Ethics in Social Work* introduces students, practitioners, and educators to theoretical and conceptual approaches to professional ethics and to the practice-related aspects of dealing with ethical problems and dilemmas. This unique book equips social workers with the ability to choose among different perspectives on the place and value of ethics in their approach to clients, and to use, defend, and explain their choices to clients, colleagues, supervisors, administrators, the general public, and the courts, if necessary. The book examines classical ethics, theories, and codes of ethics, virtues and values, etiquette, professional responsibilities, distributive justice, judiciary relationships, professional misconduct, and malpractice. A working knowledge of ethics is essential for the development of a healthy and happy relationship between service providers and consumers. *Ethics in Social Work* looks at how ethical issues and conflicts can affect the daily lives of social work practitioners and how an increased sensitivity to those issues can help enrich their professional experience. The book addresses the basic concepts relating to ethics, as well as theories, principles, rules and values that guide service provision based on the National Association of Social Workers Code of Ethics and Standards for Cultural Competence in social work practice. *Ethics in Social Work* examines: \* the leading theories of ethics, including deontology and teleology \* compromising or choosing between opposing values \* professional etiquette in advertising and counseling \* moral and professional responsibilities \* the ethical dilemmas of telling the truth \* social justice \* practice-related aspects of distributive justice \* fiduciary relationships \* confidentiality in therapeutic work \* resolving ethical dilemmas \* the Hippocratic Oath and its relevance to social work \* the Code of Ethics in social work \* real-life cases of malpractice \* and much more. *Ethics in Social Work* includes case illustrations from existing literature and from professional experience, as well as an up-to-date bibliography. It is an essential read for anyone working, or preparing to work, in the helping professions.

## Teaching Social Work Values and Ethics

### A Curriculum Resource

*Csw Press*

## Values and Ethics in Mental Health Practice

*Learning Matters* This book draws on both the historical context and contemporary research evidence to present the roles of the Mental Health Social Worker, the Approved Mental Health Professional and Best Interest Assessor, within an ethical framework. Codes of practice and statutory legal requirements, such as the Mental Health Act, Mental Capacity Act and the Human Rights Act, are all considered and linked to a competency-based approach that will assist both those in training and those in practice to understand the dilemmas, complexities and conflicts that are evident in the practice environment.

## Ethics and Values in Applied Social Research

*SAGE* With the primary objective of raising ethical sensibility, this volume details the ethical problems and dilemmas faced by applied social science researchers. Issues such as the use of deception, the participant's right to privacy and informed consent, and the potential harm of public disclosure are confronted. The author discusses the need to review ethical problems and their implications in the context of current ethical standards in both society and the scientific community. Case studies illustrate unanticipated ethical dilemmas which might emerge during a research project. Issues are presented and interpreted clearly so that their complexity can be penetrated and potential solutions envisioned. The volume also includes specific methodolo

## Anti-Oppressive Ethics and Values in Social Work

*Red Globe Press* "This book explains the importance of using an anti-oppressive approach to understanding ethics and values in socialwork. It argues that an anti-oppressive approach is an intrinsic element of effective professional practice, not an optional extra." "Numerous case examples are used to illustrate how anti-oppressive values apply to a range of ethical perspectives. These examples are systematically discussed in the text and readers are invited to consider their own position in"--Jacket.

## Social Work Ethics on the Line

*Routledge Social Work Ethics on the Line* discusses social work ethics in-depth and the process of making ethical judgements in social work practice. This much-needed book guides social workers through ethical dilemmas and assists them in their exercise of professional discretion without exclusive reliance on the codes of professional ethics to which they are committed. The author proposes a method to lead social workers through making ethical decisions which enables them to evaluate decisions in actual practice and in the adjudication of grievances and complaints of unethical conduct. This method is fully demonstrated in twenty-four vignettes representing situations commonly encountered by social workers in a variety of professional and educational situations. Raising the ethical consciousness of social work practitioners, trainees, and students, this book helps them develop the awareness and skills necessary for choosing ethical actions in their work. *Social Work Ethics on the Line* is an invaluable guide for social work practitioners, supervisors, administrators, and community organization workers. It is also helpful for in-service training in social agencies and undergraduate and graduate schools of social work.

## Social Work Ethics in a Changing Society

*Social Work Ethics in a Changing Society* analyzes the challenges social workers face in applying social work values and ethics due to recent significant social, political, cultural, and technological changes. It provides readers with guidelines for ethical practice based on a philosophic foundation rooted in social justice principles. The book begins with a summary of key ethical concepts and principles. It then provides a brief history of social work ethics and analyzes their core assumptions in the context of new realities. The book provides readers with several frameworks through which to analyze a variety of contemporary ethical issues. In subsequent chapters, it applies these frameworks to situations largely derived from real world experience. Global sources provide a comparative perspective on the interpretation and implementation of social work values and ethics. The book contains extensive case examples and reflection exercises that illustrate ethical dilemmas in all areas of practice and those created or complicated by increasing social and cultural diversity. It includes content on the application of ethics to policy practice through examples drawn from the 2010 Affordable Care Act, the nation's response to the coronavirus pandemic, and other current policy issues. Designed to help current and future social workers navigate a fractious, ever-evolving society, *Social Work Ethics in a Changing Society* is an excellent resource for students, faculty, and practitioners within the discipline.

## Ethical Decision Making in Social Work

*Allyn & Bacon* "This textbook is a valuable part of the learning process; it will help you to acquire the skills and knowledge you will need in an ever-changing global society. Your text will also help you to connect with the latest research and debates in the field; visit our accompanying website at [www.abacon.com/socialwork](http://www.abacon.com/socialwork). There you will find additional information or weblinks that will help you make the best use of what you have learned."--BOOK JACKET.

## Values and Ethics for Care Practice

Values and ethics are integral to the provision, practice and delivery of patient-centred health and social care. This book, which is an expanded and updated version of the 2008 title *Values for Care Practice*, introduces readers to these concepts and helps them understand how they can apply them to become compassionate care professionals. The patient perspective and patient voice are seen and heard throughout the book. Readers are encouraged to reflect on their personal values and on those underpinning health and social care work and to understand how values and ethics are articulated in the latest Codes of Practice. The text uses activities and case studies to enable readers to apply theory in their practice. This book will help readers to understand why good caring is more than merely a practical intervention; it also requires a personal investment and quality of character that involves genuine concern and respect for others.

## Ethical Issues in Social Work Practice

*IGI Global* Today's practitioners and researchers are looking, now more than ever, at the ethical issues that are raised through the practice of social work and social services. As such, it is crucial that they are up-to-date on the latest data on how to address, manage, and overcome ethical issues in their practice. *Ethical Issues in Social Work Practice* is a pivotal reference source for the latest research on the role of moral values within social work and the ethical dilemmas that arise in the profession. Highlighting extensive coverage among a variety of applicable perspectives and themes, such as governing principles of social work practice, ethical analysis of social work cases, and individual and social responsibility in social services, this book is ideally designed for professionals and researchers working in the field of social work and social services as well as academics and upper-level students seeking cutting-edge research on ethics in the practice of social work.

## Rethinking Values and Ethics in Social Work

*Bloomsbury Publishing* Ethics and values, the cornerstone of good social work practice, are vital in upholding the dignity of service users. Written by a group of global experts, this book addresses questions such as, 'How can the ethical demands of the values of human rights, social justice and professional integrity be understood for contemporary social work practice?'

# Critical Ethics of Care in Social Work

## Transforming the Politics and Practices of Caring

*Routledge* This book argues that the concept of care is a political and a moral concept. As such, it enables us to examine moral and political life through a radically different lens. The editors and contributors to the book argue that care has the potential to interrogate relationships of power and to be a tool for radical political analysis for an emerging critical social work that is concerned with human rights and social justice. The book brings a critical ethics of care into the realm of theory and practice in social work. Informed by critical theory, feminism, intersectionality and post-colonialism, the book interrogates the concept of care in a wide range of social work settings. It examines care in the context of social neglect, interdisciplinary perspectives, the responsabilisation agenda in social work and the ongoing debate about care and justice. It situates care in the settings of mental health, homelessness, elder care, child protection, asylum seekers and humanitarian aid. It further demonstrates what can be learnt about care from the post-colonial margins, Aboriginal societies, LGBTI communities and disability politics. It demonstrates ways of transforming the politics and practices of care through the work of feminist mothers, caring practices by men, meditations on love, rethinking self-care, extending care to the natural environment and the principles informing cross-species care. The book will be invaluable to social workers, human service practitioners and managers who are involved in the practice of delivering care, and it will assist them to challenge the punitive and hurtful strategies of neoliberal rationalisation. The critical theoretical focus of the book has significance beyond social work, including nursing, psychology, medicine, allied health and criminal justice.

## Ethics for Social Care in Ireland

### Philosophy and Practice

*Gill Education* The second edition of this popular book introduces the subject of ethics for social care and social work by exploring ethical values and principles, and how they inform and guide best practice for care in Irish society today. New to this edition: Detailed exploration of the understanding and application of caring as a value Outline of the ethics underlying various perspectives on the issues of abortion, euthanasia and assisted suicide Evaluation of the practices behind the Irish banking crisis, which led to cutbacks in social services and austerity Additional case studies and questions for class discussion, which challenge the student to apply ethical values and principles Guidelines on how to write essays on the topic of ethics in social care. Explains the theoretical basis for the main values and principles that underpin and inform best practice in social care casework, as well as in residential and other care settings. Relates values and principles to specific issues, practices and standards of social care in Ireland. Explains values-led decision-making and behaviour in the context of improving care services. Presents particular ethical considerations that influence social policy formation. Encourages reflection on and critical analysis of ethics in social care, with a view to promoting its development and evolution as a practice. Written for: Applied social care, social work, social science and social studies courses at Levels 7 and 8 Also relevant for philosophy courses and courses covering ethics and social issues

## Ethical Issues in Social Work

*Psychology Press* This book provides up-to-date critical analyses of the ethical implications of new legislation in community care and criminal justice, and of trends in social work thought and policy, such as managerialism, user empowerment and feminism.

## Ethics and Values in Industrial-Organizational Psychology, Second Edition

*Taylor & Francis* Ethics and Values in Industrial-Organizational Psychology was one of the first books to integrate work from moral philosophy, moral psychology, I-O psychology, and political and social economy, as well as business. It incorporates these perspectives into a "framework for taking moral action" and presents a practical model for ethical decision making. The second edition has added a chapter on Virtue Theory, including its application in I-O, Organizational behavior (OB) and business; expands Moral Psychology to two chapters, with more attention to moral emotions, effects of the "dark side" of personality, and the intuitionist model of moral judgment; expands the sections on social and economic justice; and expands the treatment of the Responsible Conduct of Research with a new chapter on Research Integrity. Examples from I-O research and practice, as well as current business events, are offered throughout. It is ideal for ethics and I-O courses at the graduate level.

## India Today

### Economy, Politics and Society

*John Wiley & Sons* Twenty years ago India was still generally thought of as an archetypal developing country, home to the largest number of poor people of any country in the world, and beset by problems of low economic growth, casteism and violent religious conflict. Now India is being feted as an economic power-house which might well become the second largest economy in the world before the middle of this century. Its democratic traditions, moreover, remain broadly intact. How and why has this historic

transformation come about? And what are its implications for the people of India, for Indian society and politics? These are the big questions addressed in this book by three scholars who have lived and researched in different parts of India during the period of this great transformation. Each of the 13 chapters seeks to answer a particular question: When and why did India take off? How did a weak state promote audacious reform? Is government in India becoming more responsive (and to whom)? Does India have a civil society? Does caste still matter? Why is India threatened by a Maoist insurgency? In addressing these and other pressing questions, the authors take full account of vibrant new scholarship that has emerged over the past decade or so, both from Indian writers and India specialists, and from social scientists who have studied India in a comparative context. *India Today* is a comprehensive and compelling text for students of South Asia, political economy, development and comparative politics as well as anyone interested in the future of the world's largest democracy.

## Ethical Issues in Youth Work

*Psychology Press* Presenting an analysis of the ethical dilemmas facing youth workers in their day-to-day practice, this text offers an insight into both the perennial dilemmas of youth work practice, and the challenges faced.

## Teaching Social Work Values and Ethics

### A Curriculum Resource
