### Chaos Volume 2

## Books 4-6

Claire Farrell Books 4-6 in the Chaos series (including bonus novella, Kings). Usurper It's been a year since Cara returned to the human realm with her daughter, and the fae have come knocking again. The game of kings is still being played, power is the ultimate prize, and Scarlet is an asset every court wishes to acquire. As Sadler's next move is revealed to be his deadliest yet, and Scarlet's burgeoning powers begin to develop into something that can't be hidden, Cara realises that something more significant than a faery promise is needed to protect her family. It's time for her to build on what she started in Sadler's court. But although the game is seductive, the price of winning might be too costly for a human to pay. Blight As the blight spreads, destroying the land, Cara's new subjects turn on her, and Brendan and Drake are no longer there to help her. The Darksidiers thought she'd be pliable, or maybe even a miracle-worker, and it's not as easy to scrub away Sadler's influence as she thought. But Scarlet isn't her only priority any more, and once the ceremony to swear her in as regent is done, it'll be time for Cara to join forces with the kings, find a way to stop the blight, and prove to the fae that she can be the leader they need. It took a Darksider to steal the throne; it'll take a faery queen to keep it. Kings Set between books five and six in the Chaos series, Kings is a brief look into the lives of Drake and Brendan. After sealing the rift, Drake hears word of his wife's sickness only to find that the cause is exactly what unites his enemies against him. Brendan's journey across unexplored waters is only beginning, and if he finds what he's looking for, he'll owe a determined woman a throne by his side. But can he do it? Whatever course of action is taken next, they will change their world. Sacrifice As a king's life hangs in the balance, alliances are made then broken. Only trickery can help Cara protect those she cares about, but when her enemies show their true face, she realises the truth: every distraction feeds Chaos. Cara's not the only one searching for a legendary treasure, not the only one reaching for power. The journey's not over, but at the end of every path lies Sacrifice.

## Ava Delaney Vol. 2

Claire Farrell The final three books in the original Ava Delaney series: Taken, Taste, and Traitor. An urban fantasy adventure. Taken: It's been months since Ava fooled the British vampires and dealt with Becca for good, but although life has been easier, it's not without its problems. Her deal with the twins is physically harming her, Peter's grasp on his sanity is tentative to say the least, Carl is struggling, and Esther is losing her edge. Ava's been asking too many questions in an attempt to fulfil her various deals, but her persistence turns out to be the biggest problem. She's not the only one asking questions, but somebody wants her to stop, and finding out who's in charge is a lot harder than taking care of her new houseguest. To survive on her own terms, Ava must take control of her own destiny for a change. That might involve swallowing her pride and accepting help from those she doesn't trust because there are new foes on the horizon, and the number of people needing her protection keeps on increasing. Taste: Someone is hunting down the people she's promised to protect, but Ava's taste for battle is slowly disappearing. She's losing the people in her life, one by one, and without them, her inner light can only weaken. But the British Vampire Association have decided to take over Ireland, too, and to give the entire country a fighting chance, Ava must work with the Council and their secret weapons, and let the world see her true face. A sea of blood can't wash away the deaths that will come, but Ava will make sure everyone gets what they deserve... Traitor: When Ava first saved Carl from a vampire, she had no idea what would happen next. Thrust into a world of magic, secrets, and betrayal, she's barely managed to survive. All of the choices she's made have led her deeper into trouble, and now, a year later, it's time to grab some control again. Her enemies are making allies while Ava's struggling to keep her friends. But even as the larger battles are fought, there's another enemy creeping underneath, ready to plant distractions and take advantage of the aftermath. The dark days are coming, quicker than expected. It's time for Ava to prove herself for the last time, but her final deal will prove the most costly.
