The wildly popular 4.6-liter has created an industry unto itself with a huge supply of aftermarket high-performance parts, machine services, and accessories. Its design delivers exceptional potential, flexibility, and reliability. The 4.6-liter can be built to produce 300 hp up to 2,000 hp, and in turn, it has become a favorite among rebuilders, racers, and high-performance enthusiasts. 4.6-/5.4-Liter Ford Engines: How to Rebuild expertly guides you through each step of rebuilding a 4.6-liter as well as a 5.4-liter engine, providing essential information and insightful detail. This volume delivers the complete nuts-and-bolts rebuild story, so the enthusiast can professionally rebuild an engine at home and achieve the desired performance goals. In addition, it contains a retrospective of the engine family, essential identification information, and component differences between engines made at Romeo and Windsor factories for identifying your engine and selecting the right parts. It also covers how to properly plan a 4.6-/5.4-liter build-up and choose the best equipment for your engine's particular application. As with all Workbench Series books, this book is packed with detailed photos and comprehensive captions, where you are guided step by step through the disassembly, machine work, assembly, start-up, break-in, and tuning procedures for all iterations of the 4.6-/5.4-liter engines, including 2-valve and 3-valve SOHC and the 4-valve DOHC versions. The title, Mobile Madness is dedicated to the guy who does the repair work on location as we takes a satirical look of doing this crazy business within a labyrinth of wacky people and conditions with a sense of pride in doing the work and managing a sense of humor with the ever changing plastic's and leathers of the world. Mobile Madness is all about working out of a truck, car, truck, van or another mobile vehicle on location. This is quite different and yet strangely liberating. It's exciting, fun and you never know what you're going to get, . We mobile people are a special kind of breed. And we are inviting you to be one of us. It's a different kind of madness. A good kind of madness. This book Mobile Madness also tells you the history of super glues, vinyl and how plastic came about. It also covers leathers from cow to stingrays and how to clean and repair these too. What about dashes peeling? Unprotected leather (Ford F 150 king ranches) furniture, (alkaline), custom Flocking and how to mix colors, to mention just a few. This book not only tells you how to get started, open new markets, finding customers and a whole lot more.. A book that will remain timeless and current because of a special feature we have in the last two pages of the book. An excellent book for the professional, the beginner or do it yourself person. It's a wonderful book that makes Mobile Madness something you want for all time sake no matter your state of mind.
