FY89-92 Special Forces Qualification Course Longitudinal Database Technical Manual and Codebook This report describes the development and contents of the FY89-92 Special Forces Qualification Course (SFQC) Longitudinal Database. The database was constructed from the FY89-92 SFQC Class Database, which in turn was based on administrative databases, class rosters, and Army Training Requirements and Resources System (ATRRS) files provided by the U.S. Army John F. Kennedy Special Warfare Center and School (USAJFKSWCS). Variables include basic demographics, final training outcomes, and performance on the SFQC land navigation field exam. The longitudinal structure of the database allows researchers to track students over time and across classes. Records for over 4,000 SFQC students from 148 different SFQC classes are included in the database. The database was developed to answer questions of immediate practical importance to the sponsor (USAJFKSWCS) and to support the U.S. Army Research Institute's long-term Special Forces research program.
