No theories and long stories, therefore what is in this book is what you will expect first hand when a microwave oven is brought to your workshop for repair. The author, Humphrey Kimathi has over 20 years experience in repair and service of home electrical appliances. Microwave oven which was invented in 1958 by accident has become an household name as many families have adopted this mode of warming food in seconds. An increase for the use of this technology has come with the need for personnel to service and maintain these gadgets. Unlike other home electrical appliances, microwave repair is the most dangerous, both to the user and service personnel. In this regard I have dedicated a full chapter on the safety around working on the microwave and also testing microwave leakage for the safety of the user before

The Publishers' Trade List Annual Netflix and the Re-invention of Television *Springer* This book deals with the various ways Netflix reconceptualises television as part of the process of TV IV. As television continues to undergo a myriad of significant changes, Netflix has proven itself to be the dominant force in this development, simultaneously driving a number of these changes and challenging television's existing institutional structures. This comprehensive study explores the pre-history of Netflix, the role of binge-watching in its organisation and marketing, and Netflix's position as a transnational broadcaster. It also examines different concepts of control and the role these play in the history of ancillary technologies, from the remote control to binge-watching as Netflix's iteration of giving

control to the viewers. By focusing on Netflix's relationship with the linear television schedule, its negotiations of quality and marketing, as well as the way Netflix integrates into national media systems, *Netflix and the Re-invention of Television* illuminates the importance of Netflix's role within the processes of TV IV. *The British National Bibliography Cumulative Book Index World List of Books in English Fresh from the Freezer* *Houghton Mifflin Harcourt*
