FIND YOUR LIGHTBULB

HOW TO MAKE MILLIONS FROM APPARENTLY IMPOSSIBLE IDEAS

John Wiley & Sons Would you love to start your own business but feel daunted by the slim odds of success? Do you dream about making millions but simply don't know where to start? Find Your Lightbulb answers all these questions, helping you to harness your ability to make millions from nothing more than a simple idea. You don't need to be superhuman, you don't need to have funds in the bank - you don't even need to have an amazing idea in order to get started. Serial entrepreneur Mike Harris shows you that all it takes is enthusiasm, commitment and a willingness to learn. And Mike should know - he's spent the past 20 years creating successful businesses from apparently impossible ideas - ideas which everyone told him would never work. With invaluable business advice and case studies from entrepreneurs and innovators on both sides of the Atlantic, this make-it-happen manual will help you fix the odds of success firmly in your favour.

THE IMPOSSIBLE ADVANTAGE

WINNING THE COMPETITIVE GAME BY CHANGING THE RULES

John Wiley & Sons Conventional business strategies tell you that differentiation, the right positioning, and defining your superior edge will turn you into the 'best player' in your market - but this is wrong. The Impossible Advantage reveals that success can be achieved by changing the market in which you operate, rather than trying to beat the competition. The authors illustrate that the biggest, most spectacular and groundbreaking business success stories feature companies that make the rules - instead of just following them. The best companies seem to know how to break, change, or reinvent the rules of the market that everyone else follows. This book: Will help you to break through to an entirely new level of thinking: winning the game by changing the rules in your own favour. Explains that you don't need a technological breakthrough, product innovation or a massive marketing budget to change the rules of the competition. Shows you that you can become a 'game changer' and gain a seemingly 'impossible' advantage even over far larger competitors, no matter how large your market or how small your segment is. Introduces you to four compelling 'Game Changing Strategies' that work for managers from any industry or business sector. THE FISCAL-MILITARY STATE IN EIGHTEENTH-CENTURY EUROPE

ESSAYS IN HONOUR OF P.G.M.DICKSON

Ashgate Publishing, Ltd. In recent decades, historians of early modern Europe, and above all those who study the eighteenth century, elaborated the concept of what has been called the fiscal-military state. This volume of essays by leading authorities, all of whom have published widely on their chosen topic, explores the subject of the fiscal-military state by focusing on its leading exemplars in eighteenth-century Europe. In addition a further chapter considers the fiscal-military state in a broader, comparative international context, in the arena of international relations. The differing patterns, and the variety of models of fiscal-military state makes for ease of comparison across Europe. The volume will therefore be invaluable to both students and researchers alike.

YOUR NEXT BIG THING

Mango Media Inc. It Takes Small Steps to Bank a Big Idea Debunking the "eureka" moment and other guru myths: We all want to know the secret to success. Matthew Mockridge is here to shed light on what really lies along the path to victory. There is no such thing as a eureka moment, where everything suddenly falls into place; instead, commitment, preparation, and hard work are the keys to pursuing a passion and making dreams a reality. Inspiration comes from preparation: Mockridge, creator of one of the biggest electronic dance music touring giants in Europe, began as many young entrepreneurs do—in his dorm room. Everyone wants to find that million-dollar startup idea, and Mockridge reveals what he learned after years of research into creative processes. Vision, design, and construction are among the core aspects that go into making a "next big thing" game plan. A holistic approach to entrepreneurship and relationships: While Mockridge's advice comes primarily from his experience as a young, successful entrepreneur, the lessons he shares are applicable not only to starting a business but to social lives as well. This self-help book connects thinkers and disciplines in search of true patterns of greatness and is both instructional and conversational. Matthew Mockridge's Your Next Big Thing is your guide to discovering ideas that inspire. Open it up and find: • An entrepreneurial rough-guide and "real world" paint-by-numbers approach to creating and running big ideas • Advice on time management, business acumen, financial management, and building healthy

relationships • Practical chapters such as “Matthew’s 10 Favorite Idea-Testing Tools” and “Matthew’s 10 Tips for Mega-Mindsets that Produce Ideas and Get Them Done” If you’ve enjoyed titles such as The 4-Hour Workweek, Zero to One, and Think and Grow Rich, then you’ll find more of the motivation you need in Your Next Big Thing: Creating Successful Business Ideas from Scratch.

BEYOND THE FIRMAMENT

UNDERSTANDING SCIENCE AND THE THEOLOGY OF CREATION

Watertree Press LLC As debates within the Church over the scientific details of creation become more frequent, the experts seem to grow more entrenched while the rest of us only become more confused. Somewhere between the endless arguments over distant starlight and Carbon-14 dating, calculating the mathematical improbabilities of things that already exist, and parsing ancient Hebrew and Greek, somebody needs to ask the simple question, If 3,500 years of scientific progress can't help modern Christians figure out Genesis, then how could the ancient Israelites possibly have understood it so well? What secret did this newly liberated gaggle of Hebrew nomads take with them out of Egypt that holds the key to understanding God's telling of His own creation story? Beyond the Firmament challenges all creationist camps --whether Young-Earth, Old-Earth, or Theistic Evolutionist -- to step outside of traditional paradigms and recognize how our modern, Western, post-Enlightenment scientific worldview actually blinds us from seeing the simple truth of Creation as it was originally intended, and how our failure to grasp the theological significance of the Biblical creation model puts science and faith on a collision course.

Central Avenue Publishing Lily, a once solitary and lonely vampire, has finally found the love she longed for in Christian, her husband and a newly turned vampire. They've settled in Peru, and life is finally taking on a semblance of normalcy, albeit with bodyguards to protect them from a cadre of evil vampires bent on revenge. With their friends, Lily & Christian are on a quest to find their newly adopted son's long lost sister, Leilani, a child witch with uncontrollable powers. But their son becomes gravely ill and is taken from his hospital ward. When Christian also inexplicably disappears, and long buried secrets come to light, Lily's world is turned upside down, making her question her desire to remain a part of the undead world she's lived in for almost a century.
