INVENTORS

WHO CHANGED THE WORLD

Little Heroes From the ranging curiosity of Leonardo da Vinci to the dedication and sacrifice of Marie Curie, **Inventors Who Changed the World** is a young child's first introduction to the brilliant people who taught us the meaning of perseverance and innovation. Simple text and adorable illustrations tell the contributions of nine renowned inventors from around the world: Cai Lun, Leonardo da Vinci, Marie Curie, Thomas Edison, Orville and Wilbur Wright, Grace Hopper, Johannes Gutenberg, and Louis Pasteur. Inspire your own little inventor with the words of these inventive heroes who changed the world.

KIDS INVENTING!

A HANDBOOK FOR YOUNG INVENTORS

John Wiley & Sons Have you ever seen inventors on TV or in the newspaper and thought, "That could be me!" Well, it certainly could—and this book shows you how. **Kids Inventing!** gives you easy-to-follow, step-by-step instructions for turning your ideas into realities for fun, competition, and even profit. From finding an idea and creating a working model to patenting, manufacturing, and selling your invention, you get expert guidance in all the different stages of inventing. You'll see how to keep an inventor's log, present your ideas, and work as part of a team or with a mentor. You'll meet inspiring kids just like you who designed their own award-winning inventions. And you'll see how to prepare for the various state and national invention contests held each year, as well as international competitions and science fairs.

THE KIDS' INVENTION BOOK

Lerner Publications Turning dreams into inventions can be a challenge, but lots of kids do it every day. **The Kids' Invention Book** takes kids step-by-step through the creative process, from finding the inspiration to building a model. The book also includes information on applying for a patent, entering invention contests, and starting an inventors' club.

FAMOUS INVENTORS & INVENTIONS

CHILDREN'S BOOKS

Speedy Publishing LLC Famous inventors and the inventions they develop is a fascinating area of historical study that is usually far too advanced for young children. However, a **Famous Inventors & Inventions Picture Book** breaks that information down in a way that is interesting and engaging to young boys and girls. Instead of pages and pages of text that makes no sense to them, children can see a picture of the inventor alongside the invention they created. This helps to begin laying the foundation for this knowledge in children at a young age and may even spark their interest and imagination in this area.

INCREDIBLE STORIES OF THE WORLD'S MOST INGENIOUS INVENTIONS

Penguin Meet the masterminds behind the greatest inventions in history with this nonfiction book for kids aged 7 to 9. Step into Leonardo da Vinci's workshop, relax onboard on Hideo Shima's speedy bullet train, and join movie star Hedy Lamarr to bounce ideas around in between takes. **Inventors** looks at the towering achievements of more than 50 inventors in great detail. The stories are as unusual as they are unique. From Mr. Kellogg, who accidentally created cornflakes after leaving grains boiling for too long, to the ancient Turkish polymath Ismail al-Jazari, who decided the best way to power a clock was with a model elephant, to Sarah E. Goode's fold-up bed space-saving solution-the inventors of this ebook have all used tons of creativity to find ways to improve our world. These

groundbreaking inventions include the very earliest discoveries to modern-day breakthroughs in science, food, transportation, technology, toys, and more. Each page is packed with jaw-dropping facts, with every inventor's achievements written as a story. Beautiful illustrations by Jessamy Hawke bring the inventor's stories to life, and fantastic photography highlights the detail of their designs. With incredible hand-painted cross-sections revealing the intricacies of a robotic arm, the first plane, and the printing press, young readers will marvel at being able to see close-up how these amazing machines work. The inventors come from all walks of life and parts of the world, making this the perfect ebook for every budding inventor.

[CONNECT THE DOTS WITH KID INVENTORS](#)

Children have cross the lines and broken the boundaries and limitations that adults are often trapped in, for ages. From the 18th century to the 21st century, children have invented and patented their inventions. They have made the world a better place by the creation of their minds. Whether by accident (Eureka) moments or deliberately, or a solution to a limitation they encountered, they have created and invented. This dot-to-dot activity workbook is a fun resource that can be used by children from K-6. It can be used for party entertainment and games, school worksheet activities in STEM classes and for history lesson plans and projects on inventors and their inventions. This resource can also be used by families and children as a fun and past time for connecting the dots. Join your child(ren) or students as they connect the dots with kid inventors. Watch their curiosity grow to find out "who" and "what" emerges. This connect the dots for inventors activities worksheet answer key is provided at the back of the book. Enjoy the world of children as they invent and lead the way for adults to "Break the Limits" and cross lines. Happy connecting! This can be a fun activity for kids as they try to guess who the inventor is and what she invented. Included is also additional connect the dots worksheets of female kid inventors. I flipped the sequence on this one. Instead of you guessing who the inventor is, you must try to guess what they invented and when (at what age) they invented it. You get to enjoy a "past time" and an educational learning tool all wrapped in one.

OH, THE THINGS THEY INVENTED!

ALL ABOUT GREAT INVENTORS

Random House Books for Young Readers From the first printing press to the World Wide Web—the Cat looks at inventors and inventions that have changed our lives! The Cat in the Hat goes back in time to meet with the masterminds of more than a dozen inventions that made a major impact on our lives today—from famous figures like Thomas Edison, Alexander Graham Bell, and the Wright brothers to lesser-known ones like Garrett Morgan, Mary Anderson, and Tim Berners-Lee. Children will learn basic information about each invention, as well as fascinating facts like how Guttenberg's famous printing machine was made from an old wine press, how a steaming teakettle may have inspired the creation of the steam engine, and how table salt changed the history of photography. Ideal for supporting the Common Core State Standards, and a natural for fans of the hit PBS Kids show The Cat in the Hat Knows a Lot About That!, this is a great way to introduce beginning readers to science!

EARMUFFS FOR EVERYONE!

HOW CHESTER GREENWOOD BECAME KNOWN AS THE INVENTOR OF EARMUFFS (WITH AUDIO RECORDING)

Simon and Schuster As a young boy, Chester Greenwood went from having cold ears to becoming a great inventor in this nonfiction picture book from the acclaimed author-illustrator of Pop! and Daredevil. When your ears are cold, you can wear earmuffs, but that wasn't true for Chester Greenwood back in 1873. Earmuffs didn't exist yet! But during yet another long and cold Maine winter, Chester decided to do something about his freezing ears, and he designed the first pair of ear protectors (a.k.a. earmuffs) out of wire, beaver fur, and cloth. He received a patent for his design by the time he was nineteen, and within a decade the Chester Greenwood & Company factory was producing and shipping "Champion Ear Protectors" worldwide! But that was just the beginning of Chester's career as a successful businessman and prolific inventor. In this fun and fact-filled picture book you can find out all about his other clever creations. The Smithsonian has declared Chester Greenwood one of America's most outstanding inventors. And if you're ever in Maine on December 21, be sure to don a pair of earmuffs and celebrate Chester Greenwood day!

ROSIE REVERE, ENGINEER

Abrams New York Times Bestseller Rosie may seem quiet during the day, but at night she's a brilliant inventor of gizmos and gadgets who dreams of becoming a great engineer. When her great-great-aunt Rose (Rosie the Riveter) comes for a visit and mentions her one unfinished goal—to fly—Rosie sets to work building a contraption to make her aunt's dream come true. But when her contraption doesn't fly but rather hovers for a moment and then crashes, Rosie deems the invention a failure. On the contrary, Aunt Rose insists that Rosie's contraption was a raging success: you can only truly fail, she explains, if you quit. From the powerhouse author-illustrator team of Iggy Peck, Architect comes Rosie Revere, Engineer, another charming, witty picture book about believing in yourself and pursuing your passion.
