Rachel and Her Children Homeless Families in America *Crown* "Extraordinarily affecting....A very important book....To read and remember the stories in this book, to take them to heart, is to be called as a witness." THE BOSTON GLOBE There is no safety net for the millions of heartbroken refugees from the American Dream, scattered helplessly in any city you can name. RACHEL AND HER CHILDREN is an unforgettable record for humanity, of the desperate voices of the men, women, and especially children, and their hourly struggle for survival, homeless in America. **Illiterate America** *Plume Books* "Kozol...has assembled facts, rebuttals, and proposals in an emotionally potent, ethically charged package."-Kirkus. **Why America Lost the War on Poverty--And How to Win It** *UNC Press Books* In a provocative assessment of American poverty and policy from 1950 to the present, Frank Stricker examines an era that has seen serious discussion about the causes of poverty and unemployment. Analyzing the War on Poverty, theories of the culture of poverty and the underclass, the effects of Reaganomics, and the 1996 welfare reform, Stricker demonstrates that most antipoverty approaches are futile without the presence (or creation) of good jobs. Stricker notes that since the 1970s, U.S. poverty levels have remained at or above 11%, despite training programs and periods of economic growth. The creation of jobs has continued to lag behind the need for them. Stricker argues that a serious public debate is needed about the job situation; social programs must be redesigned, a national health care program must be developed, and economic inequality must be addressed. He urges all sides to be honest--if we don't want to eliminate poverty, then we should say so. But if we do want to reduce poverty significantly, he says, we must expand decent jobs and government income programs, redirecting national resources away from the rich and toward those with low incomes. **Why America Lost the War on Poverty--And How to Win It** is sure to prompt much-needed debate on how to move forward. **Death at an Early Age The Family in America An Encyclopedia** *ABC-CLIO* **Homeless Families The Struggle for Dignity** *University of Illinois Press* How do homeless people perceive their plight? Specifically, how does their situation affect their sense of personal dignity? In intensive interviews with one hundred adult heads of homeless families, Barry Seltzer and Donald Miller ask these questions, previously not dealt with in the growing literature on homelessness. Homeless Families sensitizes readers, challenging them to consider their own moral and social responses to homeless people. **Fire in the Ashes Twenty-Five Years Among the Poorest Children in America** *Crown Publishing Group (NY)* The author of the National Book Award-winning *Rachel and Her Children* and *Amazing Grace* continues the personal journeys of inner-city youths who have struggled to work through formidable racial and economic inequalities while approaching adulthood. 60,000 first printing. **America's Shame Women and Children in Shelter and the Degradation of Family Roles** *Greenwood Publishing Group* While the American family is held to be sacrosanct, societal responses to struggling families in deep poverty amount to a betrayal of children, whose needs are unmet by their primary caretakers and are further denied by public policymakers. **Homelessness An Annotated Bibliography** *Taylor & Francis* First published in 1993. Routledge is an imprint of Taylor & Francis, an informa company. **Children on the Streets of the Americas Globalization, Homelessness and Education in the United States, Brazil, and Cuba** *Routledge* First published in 2000. Liebow writes about their daily habits, constant struggles, their humor, compassion and strength. **Savage Inequalities Children in America's Schools** *Crown* National Book Award-winning author Jonathan Kozol presents his shocking account of the American educational system in this stunning New York Times bestseller, which has sold more than 250,000 hardcover copies. **The Night is Dark and I Am Far from Home** *Touchstone* "A bold inquiry into the values and goals of America's schools."--Cover. **Use of AFDC Funds for Homeless Families Joint Hearing Before the Subcommittee on Public Assistance and Unemployment Compensation of the Committee on Ways and Means, House of Representatives and the Subcommittee on Social Security and Family Policy of the Committee on Finance, United States Senate, One Hundredth Congress, Second Session, Brooklyn, New York, March 28, 1988** *Reader's Guide to the Social Sciences* *Routledge* This 2-volume work includes approximately 1,200 entries in A-Z order, critically reviewing the literature on specific topics from abortion to world systems theory. In addition, nine major entries cover each of the major disciplines (political economy; management and business; human geography; politics; sociology; law; psychology; organizational behavior) and the history and development of the social sciences in a broader sense. **Rachel and Her Children Homeless Children of the Revolution A Yankee Teacher in the Cuban Schools** *Tells of how one hundred thousand students helped bring an education to Cuba's illiterate adults as part of the Great Campaign of 1961 and looks at the Cuban school system today.* **On Being a Teacher** *Oneworld Publications Limited* A passionate and thoughtful critique of the U.S. public school system. Leading social writer Kozol uses examples from the real experiences of other teachers and parents who share his concern with shaping the values of caring, responsible citizens of the future. "Must reading for all teachers and parents".--Studs Terkel. **Invisible Nation Homeless Families in America** *Univ of California Press* "Every year, more than 2.5 million children are left homeless in the United States and the number of such families continues to rise annually. In every state, children are living in small quarters packed in with relatives-- in cars, in motel rooms, or in emergency shelters. In this vividly-written narrative, experienced journalist Richard Schweid takes us on a spirited journey through this "invisible nation," giving us front-row dispatches of suffering families on the edge. Based on in-depth reporting from five major cities, Invisible Nation looks backward at the historical context of family homelessness as well as forward at what needs to be done to alleviate this widespread, although often hidden, poverty. Invisible Nation is a riveting must-read for everyone who cares about inequality, poverty and family life"--Provided by publishe **American Homelessness A Reference Handbook** *ABC-CLIO* With 50 percent new material, this third edition breaks this complex topic into key elements, examining the roots of the problem, programs that address it, current research, and public perceptions of homelessness. * Documents include European legislation on homelessness, the International Bill of Rights, and the Istanbul Declaration on Human Settlements * Includes a directory of organizations, associations, and government agencies--national, federal, and international **Parenting in Public Family Shelter and Public Assistance** *Columbia University Press* When parents must rely on public assistance and family shelters to provide for their children's most basic needs, they lose autonomy. Within a system of public assistance that already stigmatizes and isolates its beneficiaries, their family lives become subject to public scrutiny and criticism. They are parenting in public. This book is an in-depth examination of the realities of life for parents and their children in family shelters. The author uses the Massachusetts family shelter system to explore the impact of asset and deficit-oriented help-giving approaches as they are experienced by mothers and service providers. The format of the book is unique. Following each chapter are the "reflections" of a mother who has parented in a shelter, a front-line worker, and a shelter director. The author and contributors propose a "Power With" policy and practice framework that runs counter to the prevailing "Power Over" cultural policy trends. Contributors include Rosa Clark, Brenda Farrell, Deborah Gray, Michele Kahan, Margaret A. Leonard, Mary T. Lewis, Nancy Schwoyer, and Elizabeth Ward. **Homelessness in America** *Greenwood Publishing Group* Jonathan Kozol describes "Homeless in America" as "... a valuable collection of enlightened writings by those who know the challenges and realities first-hand". An authoritative work on a compelling subject, this comprehensive title offers investigative essays on key policy-related issues surrounding homelessness. It also answers hundreds of questions about the magnitude and implications of this complex social issue. Illus. **Amazing Grace The Lives of Children and the Conscience of a Nation** *Crown Pub* A profile of impoverished children in Mott Haven, South Bronx, reveals their difficult lives and poses questions about the value of such children to an unsupportive nation **The Place I Call Home Voices and Faces of Homeless Teens** *SP Books* Created by student investigators, this collection of interviews with thirty-three homeless young people details the horrors and abuse experienced while living on the streets **Homelessness in the 1990's Hearing Before the Task Force on Urgent Fiscal Issues of the Committee on the Budget, House of Representatives, One Hundred First Congress, First Session, December 20, 1989, New York City, NY. The Shame of the Nation The Restoration of Apartheid Schooling in America** *Crown* An analysis of urban education argues that conditions have worsened for inner-city children, looking at how liberal education is being replaced by high-stakes testing procedures, culturally barren and robotic methods of instruction, and harsh discipline. **Savage Inequalities Children in America's Schools** "In 1988, Kozol 'visited schools in over 30 neighborhoods, including East St. Louis, Harlem, the Bronx, Chicago, Jersey City, and San Antonio. In this account, he concludes that real integration has seriously declined and education for minorities and the poor has moved backwards by at least several decades." Libr. J. "Jonathan Kozol has written an impassioned book, laced with anger and indignation, about how our public education system scorns so many of our children. 'Savage Inequalities' is also an important book, and warrants widespread attention." NY Times Book Rev. **Are Those Kids Yours? American Families With Children Adopted From Other Countries** *Simon and Schuster* The question "Are those kids yours?" has a familiar ring to parents who have adopted children from South Korea, India, Colombia, the Philippines, and other countries. As natural and normal as it feels to them to be together, such families are often asked to explain their obvious difference. In rich personal stories drawn from her own experience as the mother of two Korean-born daughters and from interviews with other parents and with adopted children from six to thirty, Cheri Register both affirms the normality of internationally adoptive families and highlights the special challenges they do indeed face. The book addresses many central questions about international adoption: why children are in need of adoption outside the country of their birth, why parents choose to adopt from other countries, and how parents and children of very different origins become a "real" family. International adoption is a controversial matter in countries from which children are coming to the United States, but adoptive families have had little voice as yet in the debate. With honest, thoughtful analysis honed by personal experience, Register addresses the ethical issues inevitably raised by adoption across lines of culture, race, and social class: Are parents in the wealthier nations entitled to raise children left homeless in other parts of the world by poverty or social stigma? Is placement in another country an appropriate solution for children whose parents cannot raise them? Insightful, comprehensive, and eloquent, *Are Those Kids Yours?* is a unique resource for parents raising internationally adopted children and for those who are contemplating intercountry adoption as well as for the children as they grow up, their extended families and friends, and adoption and mental health professionals. **Refinements to the Stewart McKinney Act Hearing Before the Subcommittee on Housing and Urban Affairs of the Committee on Banking, Housing, and Urban Affairs, United States Senate, One Hundred First Congress, First Session on S. 566, to Authorize a New Corporation to Support State and Local Strategies for Achieving More Affordable Housing ... June 1, 1989** *Clearinghouse Review Free Schools* *Boston : Houghton Mifflin* **Coping with Homelessness** *The Rosen Publishing Group, Inc* In today's world of economic uncertainty, homelessness is a growing problem for families everywhere. Homelessness can happen with little warning, and when it does occur, it is vital to know what actions to take immediately, and what resources are available. Readers will find practical strategies to follow if they should suddenly find themselves homeless, addressing issues that include how to find shelter, food, and medical care and how to stay in school or find a job. It also includes features such as a section of 10 Great Questions to ask experts and a listing of organizations that can provide assistance. **Welfare America A Waste of Federal Funds, Harmful to Homeless Families : Hearing Before the Employment, Housing, and Aviation Subcommittee of the Committee on Government Operations, House of Representatives, One Hundred Third Congress, First Session, November 19, 1993** **The American Dream and the Power of Wealth Choosing Schools and Inheriting Inequality in the Land of Opportunity** *Routledge* In contemporary America, the racial wealth gap is growing, with families transmitting race and class inequalities from generation to generation. Yet Americans continue to hold deep-rooted beliefs in the principles of individualism, equal opportunity, and meritocracy. Education, the "Great Equalizer," is supposed to level the playing field, ensuring that every child--regardless of family of origin--gets an equal chance at success. Drawing on in-depth interviews with 200 black and white families, *The American Dream and the Power of Wealth* starkly reveals the enormous extent to which parents defend their beliefs in the values that lie at the heart of the American Dream. Yet the way wealth is acquired and the way it is used categorically puts

children from different families on vastly different educational trajectories, leaving them with uneven sets of opportunities. **Modern Homelessness A Reference Handbook** ABC-CLIO This in-depth examination reviews fundamental changes of the past decade that have reduced homelessness in the United States and other Western democracies. * A chronology of relevant key events of the last decade in the United States, England, Canada, and Australia * A glossary * A bibliography of print and nonprint resources, including electronic resources **When Elijah Knocks A Religious Response to Homelessness** Behrman House, Inc This book deals with the Jewish responsibility toward the homeless, and includes religious texts as well as practical suggestions. **Homeless Not Hopeless The Survival Networks of Latinos and African American Men** University Press of America The importance of moving toward a national policy to end homelessness is crucial. In this striking examination of the roles that homeless people and the U.S. government play in causing and curtailing the escalating phenomena of homelessness, Edna Molina-Jackson asserts that there is a great need to alter the socio-economic structures that generate extreme and entrenched forms of poverty that lead to homelessness. Homeless Not Hopeless explores the role social networks play in the daily survival of homeless Latino and African American men. Using a qualitative research design, author Molina-Jackson observes how these men initiate, participate in, and maintain social networks and how these networks function. The findings support a more empowering view of homeless men as active, rational, and competent actors engaged in negotiating their social world. Members rely on social networks composed of a hierarchy of casual and intimate affiliations. The networks of Americanized Latinos and African Americans facilitate their integration into a subculture of street life, while those of recent-immigrant Latinos revolve around their struggles to find work, avoid deportation, and enlist the support of paisanos. **Housing and Community Development in New York City Facing the Future** SUNY Press Provides a comprehensive, up-to-date description and analysis of the housing and neighborhood problems facing residents of the nation's largest city, and the policies that have been developed to solve these problems. **Living Downtown The History of Residential Hotels in the United States** Univ of California Press From the palace hotels of the elite to cheap lodging houses, residential hotels have been an element of American urban life for nearly two hundred years. Since 1870, however, they have been the target of an official war led by people whose concept of home does not include the hotel. Do these residences constitute an essential housing resource, or are they, as charged, a public nuisance? Living Downtown, the first comprehensive social and cultural history of life in American residential hotels, adds a much-needed historical perspective to this ongoing debate. Creatively combining evidence from biographies, buildings and urban neighborhoods, workplace records, and housing policies, Paul Groth provides a definitive analysis of life in four price-differentiated types of downtown residence. He demonstrates that these hotels have played a valuable socioeconomic role as home to both long-term residents and temporary laborers. Also, the convenience of hotels has made them the residence of choice for a surprising number of Americans, from hobo author Boxcar Bertha to Calvin Coolidge. Groth examines the social and cultural objections to hotel households and the increasing efforts to eliminate them, which have led to the seemingly irrational destruction of millions of such housing units since 1960. He argues convincingly that these efforts have been a leading contributor to urban homelessness. This highly original and timely work aims to expand the concept of the American home and to recast accepted notions about the relationships among urban life, architecture, and the public management of residential environments. **Homelessness During Winter 1988-89 Prospects for Change : Hearing Before the Ad Hoc Task Force on the Homeless and Housing of the Committee on the Budget, House of Representatives, One Hundredth Congress, Second Session, December 20, 1988**
