A TYPOLOGICAL STUDY

DISEASES OF CORAL

John Wiley & Sons Coral disease is quickly becoming a crisis to the health and management of the world's coral reefs. There is a great interest from many in preserving coral reefs. Unfortunately, the field of epizootiology is disorganized and lacks a standard vocabulary, methods, and diagnostic techniques, and tropical marine scientists are poorly trained in wildlife pathology, veterinary medicine, and epidemiology. Diseases of Coral will help to rectify this situation.

COMPENDIUM OF THE WORLD'S LANGUAGES: LADAKHI TO ZUNI

Taylor & Francis Many languages, particularly those which have achieved literary status, have been studied in great detail, and specialized descriptions of these are plentiful. What has not been so readily available, however, is a general survey covering a wide spectrum of the world's languages on a comparative basis. It is this kind of comparative cross-section of languages, ranging from the familiar and well-documented to the relatively obscure, that the Compendium of the World's Languages presents.

THE IK LANGUAGE

DICTIONARY AND GRAMMAR SKETCH

Language Science Press This book is a dictionary and grammar sketch of Ik, one of the three Kuliak (Rub) languages spoken in the beautiful Karamoja region of northeastern Uganda. It is the lexicographic sequel to *A grammar of Ik (Icé-tód): Northeast Uganda's last thriving Kuliak language* (Schrock 2014). The present volume includes an Ik-English dictionary with roughly 8,700 entries, followed by a reversed English-Ik index. These two main sections are then supplemented with an outline of Ik grammar that is comprehensive in its coverage of topics and written in a simple style, using standard linguistic terminology in a way that is accessible to interested non-linguists as well. This book may prove useful for language preservation and development among the Ik people, as a reference tool for non-Ik learners of the language, and as a source of data, not only for the comparative study of Kuliak but also the wider Afroasiatic and Nilo-Saharan language families.

INTRODUCTION TO APPLIED LINEAR ALGEBRA

VECTORS, MATRICES, AND LEAST SQUARES

Cambridge University Press A groundbreaking introduction to vectors, matrices, and least squares for engineering applications, offering a wealth of practical examples.

DEFINING PRAGMATICS

Cambridge University Press This groundbreaking book challenges the prominent definitions of pragmatics and the assumption that specific topics belong on the pragmatics turf.

SPIRITUALITY IN MODERN LITERATURE

Advaita Ashrama (A Publication House of Ramakrishna Math, Belur Math) Fictional literature, when enkindled with spiritual ideas, creates an appeal that transcends time and place. This has been the case with many literary works produced in India and other parts of the world, and this is so even in our modern times characterized by consumerist culture that hardly sees below the surface of things. A compilation from 'Prabuddha Bharata', this book presents to the readers, through a series of articles, a systematic record of some of those writers who added the spiritual dimension to their fictional works in India and the Americas. Published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math

PEOPLES OF THE MIDDLE NIGER REGION NORTHERN NIGERIA

WESTERN AFRICA

Routledge Routledge is proud to be re-issuing this landmark series in association with the International African Institute. The series, published between 1950 and 1977, brings together a wealth of previously un-co-ordinated material on the ethnic groupings and social conditions of African peoples. Concise, critical and (for its time) accurate, the Ethnographic Survey contains sections as follows: Physical Environment Linguistic Data Demography History & Traditions of Origin Nomenclature Grouping Cultural Features: Religion, Witchcraft, Birth, Initiation, Burial Social & Political Organization: Kinship, Marriage, Inheritance, Slavery, Land Tenure, Warfare & Justice Economy & Trade Domestic Architecture Each of the 50 volumes will be available to buy individually, and these are organized into regional sub-groups: East Central Africa, North-Eastern Africa, Southern Africa, West Central Africa, Western Africa, and Central Africa Belgian Congo. The volumes are supplemented with maps, available to view on routledge.com or available as a pdf from the publishers.

ICSLP 92 PROCEEDINGS

INTERNATIONAL CONFERENCE ON SPOKEN LANGUAGE PROCESSING, OCTOBER 12-16, 1992, INTERNATIONAL CONFERENCE CENTRE, BANFF, ALBERTA, CANADA

INTERNATIONAL ENCYCLOPEDIA OF LINGUISTICS

Oxford University Press The International Encyclopedia of Linguistics, 2nd Edition encompasses the full range of the contemporary field of linguistics, including historical, comparative, formal, mathematical, functional, and philosophical linguistics with special attention given to interrelations within branches of linguistics and to relations of linguistics with other disciplines. Areas of intersection with the social and behavioral sciences--ethnolinguistics, sociolinguistics, psycholinguistics, and behavioral linguistics--receive major coverage, along with interdisciplinary work in language and literature, mathematical linguistics, computational linguistics, and applied linguistics. Longer entries in the International Encyclopedia of Linguistics, ranging up to four thousand words, survey the major fields of study--for example, anthropological linguistics, history of linguistics, semantics, and phonetics. Shorter entries treat specific topics within these fields, such as code switching, sound symbolism, and syntactic features. Other short entries define and discuss technical terms used within the various subfields or provide sketches of the careers of important scholars in the history of linguistics, such as Leonard Bloomfield, Roman Jakobson, and Edward Sapir. A major portion of the work is its extensive coverage of languages and language families. From those as familiar as English, Japanese, and the Romance languages to Hittite, Yoruba, and Nahuatl, all corners of the world receive treatment. Languages that are the subject of independent entries are analyzed in terms of their phonology, grammatical features, syntax, and writing systems. Lists attached to each article on a language group or family enumerate all languages, extinct or still spoken, within that group and provide detailed information on the number of known speakers, geographical range, and degree of intelligibility with other languages in the group. In this way, virtually every known language receives coverage. For ease of reference and to aid research, the articles are alphabetically arranged, each signed by the contributor, supported by up-to-date bibliographies, line drawings, maps, tables, and diagrams, and readily accessible via a system of cross-references and a detailed index and synoptic outline. Authoritative, comprehensive, and innovative, the 2nd edition of the International Encyclopedia of Linguistics will be an indispensable addition to personal, public, academic, and research libraries and will introduce a new generation of readers to the complexities and concerns of this field of study.

THE FRIEND

MOLECULAR BIOLOGY OF THE CELL

INVERTEBRATE PATHOLOGY

Oxford University Press This book assembles an international team of the leading specialists in the field to review the main diseases and pathologic manifestations of all the major invertebrate groups, whilst describing their emergence in contexts such as climate change and global food security.

ADVANCES IN CANCER RESEARCH

Academic Press *Advances in Cancer Research* provides invaluable information on the exciting and fast-moving field of cancer research. Here, once again, outstanding and original reviews are presented on a variety of topics.

MICROBIOME COMMUNITY ECOLOGY

FUNDAMENTALS AND APPLICATIONS

Springer This book reviews the mechanisms, patterns, and processes that regulate prokaryotic diversity through different habitats in the context of evolutionary and ecological hypotheses, principles, and theories. Despite the tremendous role of prokaryotic diversity in the function of the global ecosystem, it remains understudied in comparison to the rest of biological diversity. In this book, the authors argue that understanding the mechanisms of species coexistence, functioning relationships (e.g. nutrient cycling and host fitness), and trophic and non-trophic interactions are helpful in addressing the future challenges in basic and applied research in microbial ecology. The authors also examine the ecological and evolutionary responses of prokaryotes to global change and biodiversity loss. *Ecological Diversity of the Microbiome in the Context of Ecology Theory and Climate Change* aims to bring prokaryotes into the focus of ecological and evolutionary research, especially in the context of global change.

NCOV 2020

THE PROCEEDINGS OF THE 1ST SEMINAR THE EMERGING OF NOVEL CORONA VIRUS, NCOV 2020, 11-12 FEBRUARY 2020, BALI, INDONESIA

European Alliance for Innovation The Seminar Nasional of The Emerging of Novel Corona Virus (2019-nCoV) or SNCOV in collaboration with PPI Taiwan is a conference of tourism health and Social Science provide a forum for publishing research articles or review articles that improving and alert to the threat of new viruses, especially Wuhan nCoV and impact to all Aspect. This conference has been held by Faculty of Medical and Science Universitas Warmadewa and support by PPI Taiwan. The conference is held on February 11th to 12th 2020. This conference encompasses original research articles, review articles, and short communications, including The current situation of 2019-nCoV: counting the risk of transmission; Travel warning: impact to the tourist destinations; The Outbreak of 2019- nCoV: Prevention in the Indonesian Borders; The immune response against nCoV infections: into the eye of cytokine storm; The zoonosis of Novel Corona Virus and Beyond; Management, prevention and control of the Novel Corona Virus; Emerging virus: the Novel Corona Virus Travel health development in Indonesia; and Travel medicine: past, present and future. The paper collected are participated from various authors who are interested in the specified topic.

THE BHAGAVAD-GITA

Shambhala Publications This translation stands out from the many others first of all in its careful faithfulness to the original language, but also for the extensive tools for understanding it provides. It is accompanied by detailed explanatory notes, as well as by the entire Sanskrit text on facing pages--both in the original Devanagari alphabet and in a romanized version that allows the reader to approximate the sounds of this work (a pronunciation guide is also provided). Also included is a literal, word-for-word translation for comparison; extensive material on the background, symbolism, and influence of the Gita; and an exhaustive glossary of terms.

THE CLASSIFICATION OF THE BANTU LANGUAGES BOUND WITH BANTU WORD DIVISION

Routledge The first volume of this pair, *The Classification of Bantu Languages*, originally published in 1948, investigates the questions arising out of the use of the term Bantu. It establishes and illustrates the criteria used in identifying languages as members of the Bantu family. The technique used in classification is described and its results shown in the form of a series of descriptive classifications of each of the principal areas. As well as the map (not included in the volume due to modern methods of reproduction, but available to view on routledge.com), there is a complete list of languages classified in their groups. The second volume, *Bantu Word Division* published in the same year, discusses a question which for many years was the subject of protracted controversy, namely the dispute between the conjunctivist and the disjunctivist, with regard to word division. This pamphlet discusses word division from a different angle, and solves the problem in a more conclusive way.

ICONEBS 2020

PROCEEDINGS OF THE FIRST INTERNATIONAL CONFERENCE ON ECONOMICS, BUSINESS AND SOCIAL HUMANITIES, ICONEBS 2020, NOVEMBER 4-5, 2020, MADIUN, INDONESIA

European Alliance for Innovation We are glad to introduce you the proceedings of the first International Conference on Economics, Business and Social Humanities (ICONEBS 2020). The 1st ICONEBS 2020 addresses challenges and innovations in the field of economics, business, and social humanities. The conference is enriched with renowned keynote speakers who discuss in the central theme of "The Dynamics of Economics, Business, and Social Humanities". The ICONEBS conference is hosted by State Polytechnic of Madiun and co-hosted by Aviation Polytechnic of Surabaya and Polytechnic of Jambi. This year, we held this flexible online conference to gather experts and scholars around the globe with the aim to continue disseminating the latest advanced research in the field of the dynamics of economics, business, and social humanities. We are glad to share with you that around 102 pre-registered authors are submitted their work in the conferences. However, its about 60 papers are selected and accepted for the conferences. All the papers have been through rigorous review by a panel of reviewers who provide critical comments and corrections, and have contributed substantially to the improvement of the quality of the papers to meet the requirements of International publication standard. We would like to express our sincere gratitude to the Chairman, the distinguished keynote speakers, as well as all the participants. We also want to thank the publisher for publishing the proceedings. May the readers could enjoy the gain some valuable knowledge from it. We are expecting more and more experts and scholars from all over the world to join this international event next year.

OCCUPATIONAL SAFETY AND HYGIENE VI

BOOK CHAPTERS FROM THE 6TH INTERNATIONAL SYMPOSIUM ON OCCUPATION SAFETY AND HYGIENE (SHO 2018), MARCH 26-27, 2018, GUIMARÃES, PORTUGAL

CRC Press Occupational Safety and Hygiene VI collects recent papers of selected authors from 21 countries in the domain of occupational safety and hygiene (OSH). The contributions cover a wide range of topics, including: - Occupational safety - Risk assessment - Safety management - Ergonomics - Management systems - Environmental ergonomics - Physical environment - Construction safety, and - Human factors Occupational Safety and Hygiene VI represents the state-of-the-art on the above mentioned domains, and is based on research carried out at universities and other research institutions. Some contributions focus more on practical case studies developed by OSH practitioners within their own companies. Hence, the book provides practical tools and approaches currently used by OHS practitioners in a global context.

PEOPLES OF THE MIDDLE NIGER REGION, NORTHERN NIGERIA

EXPLORING THE USE AND IMPACT OF TRAVEL GUIDEBOOKS

Channel View Publications This volume provides the first comprehensive examination of travel guidebooks and their conceptualisation, use and impact. Guidebooks have been key tourism paraphernalia for almost two centuries and although researched in some areas, academic knowledge on guidebooks in tourism has not been expansively communicated. The uncritical, unreflective and largely pejorative

approach to guidebooks in the public sphere, and to some degree also present in academia, is reassessed in this book. This challenges the current limited tourism research approaches to the topic, including the routinely held assumption that the internet has all but destroyed the printed guidebook. This book will be a useful resource for postgraduate students and researchers in tourism and tourism communications and consumption.

BODHICHARYAVATARA: GOVERNING THE BODHISATTVAS-WAY OF LIFE (VOL.18)

MŪLAMADHYAMAKAKĀRIKĀ OF NĀGĀRJUNA

Motilal Banarsidass Publ. This is completely new translation of Nagarjuna's major work, accompanied by a detailed annotation of each of the verses. The annotations identify the metaphysical theories of the scholastics criticized by Nagarjuna, and trace the source material and arguments utilized in his refutation back to the early discourses of the Buddha.

NAGARJUNA

THE PHILOSOPHY OF THE MIDDLE WAY

State University of New York Press This is a completely new translation of Nagarjuna's major work, the Mulamadhyamakakarika, accompanied by a detailed annotation of each of the verses. The annotation identifies the metaphysical theories of the scholastics criticized by Nagarjuna, and traces the source material and the arguments utilized in his refutation back to the early discourses of the Buddha. The Introduction presents a completely new hypothesis the nature of the treatise. The work is a grand commentary on the Buddha's "Discourse to Katyayana" (Kaccayanaqotta-sutta). The concluding part of the Introduction compares the teachings of the Buddha and Nagarjuna in regard to epistemology, ontology, ethics and philosophy of language indicating how the latter was making a determined attempt to reconstruct the Buddha's teachings in a very faithful manner, avoiding the substantialist metaphysics of the scholastics. The book shows that Nagarjuna's ideas are neither original nor are they an advancement from the early Buddhist period. Nagarjuna is not a Mahayanist.

GRAMMAR PRACTICE UPPER-INTERMEDIATE STUDENTS BOOK NO KEY (NEW EDITION) FOR PACK

Longman Today's students and teachers want a grammar book that helps the learner make the leap from practice to production. With 100% new content across all four levels, 'Grammar Practice for .' (3rd edition) meets this need.

PCCS 2019

AFRICAN POLITICAL SYSTEMS

Routledge First published in 1940 and this edition in 1987, this book is a comparative study of African political institutions. It describes different types of social organisation that are found in a number of African societies and analyses the principles underlying these traditional forms of government. The volume represents the results of field studies carried out by trained investigators in a number of areas, and was compiled and edited under the auspices of the International African Institute. It will be of interest to students, anthropologists and administrators.
