KEY=LAW - ARELLANO RIVAS

Dictionary of Property and Construction Law

Taylor & Francis This is a new dictionary which provides a clear and concise explanation of terms used in land, property and construction law and management. The four key areas of coverage are: planning/construction law, land law, equity/trusts and finance and administration. It will be a useful reference for property and building professionals and a personal purchase for students of property and construction law on building, construction management, estate management and law courses. Jack Rostron is an experienced author and editor whose 1997 Spon title Sick Building Syndrome has been well received and widely reviewed. His co-authors contribute the necessary specialist knowledge from their respective fields of teaching and legal practice.

Dictionary of Construction Terms

CRC Press The Dictionary of Construction Terms offers clear and concise explanations of the most commonly encountered legal and technical terms, phrases and abbreviations used throughout the construction industry. It will save valuable time when searching for an authoritative explanation of a frequently used term and will become a practical reference for construction lawyers, practitioners and students, as well as those in related industries including planning, property and insurance. Why you should buy this book: There is no other all-inclusive collection of legal and technical terms available at present Convenient source of information for lawyers, practitioners and students Includes a list of common technical acronyms (ie. DPC, DPM, FFL) Lists acronyms of common institutions such as the ICE, JCT and ACE Examples of definitions: Modular construction A modern construction method whereby the building is constructed using prefabricated or pre-assembled building sections or modules. The three-dimensional building sections are typically fabricated and assembled in an enclosed factory environment and then delivered to site, ready for installation. Modular construction is aimed at minimising construction time by standardising design components, providing consistent quality and allowing site preparation and building activities to commence concurrently with the construction of the factory-made modules. Snagging The process of formally inspecting the construction works to identify any incomplete works or defects in completed works. A snagging list (or 'punch list') is a schedule of defects resulting from this inspection. These items typically need to be rectified prior to the issuing of a completion certificate or handing-over of the works although in some cases a completion certificate will be issued with a snagging list attached.

With References to the Civil and Other Systems of
Foreign Law

A Law Dictionary, Adapted to the Constitution and Laws of the United States of America, and of the Several States of the American Union

With References to the Civil and Other Systems of
Foreign Law

The Lawbook Exchange, Ltd. Reprint of the second edition of the first American law dictionary. In this edition Bouvier revised about half of his entries and added a thousand new ones. He also incorporated numerous local references, which were compiled through an extensive correspondence with members of all but one of the state bars. The second volume concludes with two appendices. The first is a list of English Chancery, Common Law and Ecclesiastical Reports and a list of the titles published by The Law Library (First, Second and Third Series). The second is a reprint of Robert Kelham's A Dictionary of the Norman or Old French Language. 2 volumes. viii, [13]-740; 772 pp.

Black's Law Dictionary

West Group Provides definitions of legal terms and phrases used in various branches of law, in a new edition that includes a more extensive dating of terms, over 7,500 new entries, and increased bibliographic coverage.

Interpretation, Law and the Construction of Meaning

Collected Papers on Legal Interpretation in Theory, Adjudication and Political Practice

Springer Science & Business Media The study of legal semiotics emphasizes the contingency and fluidity of legal concepts and stresses the existence of overlapping, competing and coexisting legal discourses. New problems, changing power structures and societal norms and new faces of injustice - all these force reconsideration, reformulation and even replacement of established doctrines. This book focuses on the application of law in a wide variety of contexts, including international politics and diplomatic practice.

Intellectual Property Law

Commercial, Creative and Industrial Property

Law Journal Press This book discusses the TRIPs Agreement, the Madrid Protocol and other international conventions, and compares the basic principles of U.S. law with Asian & European law.

A Dictionary of Modern Legal Usage

Oxford University Press, USA A comprehensive guide to legal style and usage, with practical advice on how to write clear, jargon-free legal prose. Includes style tips as well as definitions.

A Dictionary of Law

Oxford University Press, USA Written in a clear and jargon-free style, this dictionary is useful to anyone without a legal qualification who comes into contact with the law in the United Kingdom or any Commonwealth country where the legal system is founded on English law.

Encyclopedic Dictionary of Roman Law

The Lawbook Exchange, Ltd. A comprehensive reference that includes a useful English-Latin law glossary and an extensive bibliography (centered on English-language publications) that covers all of the dictionary's topics. A formidable research tool. Originally published: Philadelphia: The American Philosophical Society, [1953] (Transactions of the American Philosophical Society; New Series, Volume 43, Part 2, 1953). [ii], 333-808 pp. "This dictionary is intended to meet the needs of the student with little or no knowledge of Roman law or indeed of Latin. It seeks to provide a brief picture of Roman legal institutions and sources as a sort of first introduction to them. A very large number of brief-usually very brief-entries provide explanations of Roman legal terms, civil and criminal, and summary accounts of the sources. This is a formidable task to undertake single-handed, and Dr. Berger is to be congratulated on the great learning and thoroughness with which he has carried it through. ... The work ends with a remarkable general bibliography listing some fifteen hundred works under headings ranging from the main divisions of the law to 'Christianity and Roman Law' and 'Roman law in non-juristic sources.' This last is particularly valuable."--BARRY NICHOLAS 44 Journal of Roman Studies 160 (1954) "The publication of Mr. Adolf Berger's encyclopedic dictionary of Roman law is a very important accomplishment in the recent history of American legal scholarship. The American legal world owes him homage for putting at its disposal the scholarship of twentieth-century European Romanism, or indicating the entrances thereto." --MITCHELL FRANKLIN 28 Tulane Law Review 412 (1953-1954)

Basic Legal Research for Criminal Justice and the Social Sciences

Jones & Bartlett Learning This essential primer on legal research is written specifically for criminal justice and social sciences students. The book's basic, how-to approach makes it suitable not only as a guiding text for research courses, but also as a key supplementary text for courses in which legal research is a secondary requirement. Stripped of the cumbersome information found in similar texts for legal students, this slim essentials book gives criminal justice and social sciences students the tools they need for successful research.

The Language of the Law

Wipf and Stock Publishers This is that rare book which both informs and entertains. It is scholarly and sprightly - an unusual combination for any book, let alone one treating of the law. Lawyers and laymen alike can read it with profit and amusement. I hope many do, for it deserves a wide audience. The Honorable Arthur J. Goldberg (1908-1990), United States Supreme Court, The New York Herald Tribune A superb piece of writing, lucid, witty, meticulous in scholarship and unfailingly interesting. Robert R. Kirsch, Los Angeles Times We now have a full-scale study of our legal language that is written with an extraordinary awareness for vacuous words and phrases and an astounding amount of research into their history and usage.... This book has a practical value to every lawyer who drafts a document, a pleading, or even a letter. It is a great plea to bring the law up to date by awakening us to the empty verbalisms in which we think we are housing our thoughts.... It is a rare book that has value for all lawyers, despite the tendency of publishers and reviewers to make this claim with great frequency. Here, however, is a rarity. No lawyer could fail to learn many facts of surprising interest. But beyond this, 'The Language of the Law' presents a subtle challenge to the American Bar, a stimulus to improve our work and our profession by sharpening the product of our minds. If we meet this challenge head-on, we can perform a far more fundamental and genuine service to our clients, the public, and to ourselves than any other area of improvement, including court reform, can possibly offer. Ray D. Henson, American Bar Association Journal It should be compulsory reading for lawyers and judges; for a layman it is learning and entertainment of high order. The Honorable Matthew O. Tobriner (d. 1982), Associate Justice, Supreme Court of California, San Francisco Chronicle ...[B]rilliant and discursive treatise, concisely and urbanely presented,...a remarkable stimulus, recommended highly to the general reader as well as the wordy professional. Hugo Sonnenschein, Jr., Chicago Daily News

The Law Times Reports

Containing All the Cases Argued and Determined in the House of Lords, [etc.] ; Together with a Selection of Cases of Universal Application Decided in the Superior Courts in Ireland and in Scotland

Construction Accident Law

A Comprehensive Guide to Legal Liability and Insurance Claims

American Bar Association Twenty years ago, there were 2500 lawyers in China, basically no legal system, and law schools and law libraries had either been closed or destroyed. It was one of the poorest countries in the world with an adult literacy rate of one-third. Today, illiteracy has dropped to below 10 per cent, consumption has more than doubled, and China has exploded as a major economic force in the global community, with the USA alone investing billions of dollars, aside from pursuing an increasing number of untapped markets. Now with more than 100,000 lawyers and mandated Rule of Law, China has enacted a multitude of new laws, regulations, and orders that must be understood if one wants to do any kind of foreign investment or trade in that country. This work is a guide to the complex laws of China. It opens with a survey of the historical development of China's contemporary legal system, and provides a summary of Chinese legislative and regulatory institutions and their functions. It also gives an overview of the judiciary and the many forces affecting China's evolving legal system.

Spiers and Surene's French and English pronouncing dictionary

Newly composed from the French dictionaries of the French academy, Laveaux, Boiste, Bescherelle, Landais, etc., and from the English dictionaries of Johnson, Webster, Worcester, Richardson, etc

A Dictionary of Law

OUP Oxford This best-selling dictionary is an authoritative and comprehensive source of jargon-free legal information. It contains over 4,200 entries that clearly define the major terms, concepts, processes, and the organization of the English legal system. This is a reissue with new covers and essential updates to account for recent changes. Highlighted feature entries discuss key topics in detail, for example adoption law, the appeals system, statement of terms of employment, and terrorism acts, and there is a useful Writing and Citation Guide that specifically addresses problems and established conventions for writing legal essays and reports. Now providing more information than ever before, this edition features recommended web links for many entries, which are accessed and kept up to date via the Dictionary of Law companion website. Described by leading university lecturers as 'the best law dictionary' and 'excellent for non-law students as well as law undergraduates', this classic dictionary is an invaluable source of legal reference for professionals, students, and anyone else needing succinct clarification of legal terms. Focusing primarily on English law, it also provides a one-stop source of information for any of the many countries that base their legal system on English law.
