"I had the pleasure of sharing Mount Everest with Roger and his lovely wife Lesley on yet another challenge Roger had undertaken. He is a great man with a remarkable story and I was massively inspired by his determination and drive and his never say die attitude. I am honoured to share a Guinness world record with Roger and have no doubt he will continue to inspire us all!" - Shane Williams MBE "Roger is "hard wired" for success. (If he can beat cancer, he can easily beat the Channel!)" - Jock Wishart From the icy wastes of the North Pole to the vast expanse of the Sahara, from the stormy reaches of the Atlantic Ocean to the dizzying heights of Mount Everest, *Live a Life to Die For* is an adventure like no other. Roger Davies has rowed, trekked, raced - and played the odd game of weird rugby - across some of the most inhospitable terrain on the planet, and his epic story is packed with spills, thrills, high comedy and personal tragedy. But this book is much more than a great outdoors adventure; it is the story of one person's struggle to throw off the shackles of alcoholism, to come to terms with the after-effects of brutality and trauma, and to leave the grey margins of the criminal underworld behind him. Along the way, he meets an extraordinary cast of characters: the good, the bad, the heroic and the plain crazy. Join Roger on his quirky, unique journey, from small-time thug, to charity worker in Africa, to record-breaking adventurer; and find out how he overcame the burden of his past and learned to Live a Life to Die For.

### **ARCTIC ADVENTURE: MY LIFE IN THE FROZEN NORTH**

---

Shortly after his death in 1957, "The New York Times" obituary of Peter Freuchen noted that "except for Richard E. Byrd, and despite his foreign beginnings, Freuchen was perhaps better known to more people in the United States than any other explorer of our time." During his lifetime Freuchen's remarkable adventures, related in his books, magazine articles, and films, made him a legend. In 1910, Freuchen and his friend and business partner, Knud Rasmussen, the renowned polar explorer, founded Thule-a Greenland Inuit trading post and village only 800 miles from the North Pole. Freuchen lived in Thule for fifteen years, adopting ways of its natives. He married an Inuit woman, and together they had two children. Freuchen went on many expeditions, quite a few of which he barely survived, suffering frostbite, snow blindness, and starvation. Near the North Pole there is no such thing as an easy and safe outing. In "Arctic Adventure" Freuchen writes of polar bear hunts, of meeting Eskimos who had resorted to cannibalism during a severe famine, and of the thrill of seeing the sun after three months of winter darkness. Trained as a journalist before he headed north, Freuchen is a fine writer and great storyteller (he won an Oscar for his feature film script of *Eskimo*). He writes about the Inuit with genuine respect and affection, describing their stoicism amidst hardship, their spiritual beliefs, their ingenious methods of surviving their harsh environment, their humor and joy in the face of danger and difficulties, and the social politics behind such customs as "wife-trading." While his experiences make this book a

pageturner, Freuchen's warmth, self-deprecating wit, writing skill and anthropological observations make this book a literary stand out.

### THE MEANING OF TRAVEL

---

---

## PHILOSOPHERS ABROAD

---

[Oxford University Press, USA](#) How can we think more deeply about our travels? This was the question that inspired Emily Thomas' journey into the philosophy of travel. Part philosophical ramble, part travelogue, *The Meaning of Travel* begins in the Age of Discovery, when philosophers first started taking travel seriously. It meanders forward to consider Montaigne on otherness, John Locke on cannibals, and Henry Thoreau on wilderness. On our travels with Thomas, we discover the dark side of maps, how the philosophy of space fuelled mountain tourism, and why you should wash underwear in woodland cabins... We also confront profound issues, such as the ethics of 'doom tourism' (travel to 'doomed' glaciers and coral reefs), and the effect of space travel on human significance in a leviathan universe. The first ever exploration of the places where history and philosophy meet, this book will reshape your understanding of travel.

## HIKE OF LIFE ADVENTURE

---

[Janus Publishing Company Lim](#) Using a model of life as a series of lessons, this collection of life-changing experiences, ideas, and perceptions illustrates the author's transformational technology of self-study—a technique of using life experiences for positive forward growth rather than rehashing experiences and remaining trapped in the past. The affirmation that humans are unique, beautiful, innocent, and capable of growth invigorates every page.

### **ON LEOPARD ROCK: A LIFE OF ADVENTURES**

Bonnier Publishing Fiction Ltd. Wilbur Smith has lived an incredible life of adventure, and now he shares the extraordinary true stories that have inspired his fiction. I've been writing novels for over fifty years. I was lucky enough to miss the big wars and not get shot, but lucky enough to grow up among the heroes who had served in them and learn from their example. I have lucked into things continuously. I have done things which have seemed appalling at the time, disastrous even, but out of them have come another story or a deeper knowledge of human character and the ability to express myself better on paper, write books which people enjoy reading. Along the way, I have lived a life that I could never have imagined. I have been privileged to meet people from all corners of the globe, I have been wherever my heart has desired and in the process my books have taken readers to many, many places. I always say I've started wars, I've burned down cities and I've killed hundreds of thousands of people - but only in my imagination! From being attacked by lions to close encounters with deadly reef sharks, from getting lost in the African bush without water to crawling the precarious tunnels of gold mines, from marlin fishing with Lee Marvin to near death from crash-landing a Cessna airplane, from brutal school days to redemption through writing and falling in love, Wilbur Smith tells us the intimate stories of his life that have been the raw material for his fiction. Always candid, sometimes hilarious and never less than thrillingly entertaining, *On Leopard Rock* is testament to a writer whose life is as rich and eventful as his novels are compellingly unputdownable.

### **BOOK THREE - THE GREAT ADVENTURE (PART ONE)**

---

Createspace Independent Publishing Platform The idea of going on adventures captured my imagination ever since the sixth grade when my friend Dan first introduced me to J.R.R. Tolkien's 'The Hobbit' and 'The Lord of the Rings' trilogy set in the fictional world of Middle-earth. I dreamed of going off on an adventure like Bilbo and Frodo Baggins through the Shire and beyond, but how does one take an adventure in the here-and-now of the real world? I didn't know how it might be possible, but understood it was up to me to figure out a way to turn my dreams into my reality. Adventure was never an offered class in my curriculum or coursework in school while growing up, but I was convinced there must be a way to go on great adventures in life. I figured that I'd just have to make it up on my own along the way - and when I wasn't accepted into the College of Veterinary Medicine at Michigan State University during Winter Term 1976, I realized this was my opportunity to follow my dreams and leave MSU. I finally settled on the idea of a great bicycle adventure around the United States and despite being broke, I set out to plan how to accomplish such a journey. Finally, after saving money and buying equipment, Bruce and I set out to begin 'The Great Adventure' on the sunny morning of Wednesday, September 22, 1976. This is the story of Part One of 'The Great Adventure' from southwest of Flint, MI, to our arrival at my aunt and uncle's house in Tallahassee, Florida - a journey around the U.S. in 1976-1977 of over 8,000 miles that eventually finished in Seattle, WA - enjoy!

### MY ADVENTURES IN LIFE AND FOOD

---

[Anchor Books](#) Food writer and restaurant critic Moira Hodgson has served up a delightful memoir of meals and wild adventures around the world, sprinkling in recipes along the way. The daughter of a British Foreign Service officer, Moira Hodgson spent her childhood in many a strange and exotic land. She discovered American food in Saigon, ate wild boar and snails in Berlin, and, when she returned to England as a teenager, learned how to prepare potatoes in every imaginable guise from her eccentric Irish grandmother. She was seventeen when her father was posted to the United Nations, and in New York was introduced for the first time to oysters and cheesecake. Soon, drawn to a more bohemian life, she moved downtown, where she served elaborate meals to artists and writers from the closet-sized kitchen of her Greenwich Village apartment. She lived in Chiapas, Mexico, where she learned to make quesadillas on a charcoal brazier; in Lapland, she cooked on a Coleman stove in the back of a VW bus; and at the farmhouse near Marrakesh where she stayed in Morocco, she dined on mechoui, a whole lamb that was baked for a day over coals in a pit in the courtyard. Hodgson quickly earned a reputation as a discerning critic and an intuitive, entertaining writer. Today, her columns in the New York Observer are widely read by knowledgeable New Yorkers. IT SEEMED LIKE A GOOD IDEA AT THE TIME reflects Hodgson's talent for connecting her love of food with the people and places in her life. It also proves her a talented storyteller, with wit, humor and an eye for detail.

### AN APPALACHIAN TRAIL JOURNEY

---

[Appalachian Mountain Club](#) Derick Lugo had never been hiking. He didn't even know if he liked being outside all that much. He certainly couldn't imagine going more than a day without manicuring his goatee. But with a job overseas cut short and no immediate plans, this fixture of the greater New York comedy circuit began to think about what he might do with months of free time and no commitments. He had heard of the Appalachian Trail and knew of its potential for danger and adventure, but he had never seriously considered attempting to hike all 2,192 miles of it. Then again, what could go wrong for a young black man from the city trekking solo through the East Coast backwoods? The Unlikely Thru-Hiker is the story of how an unknowing ambassador of one of the AT's least common demographics, unfamiliar with both the outdoors and thru-hiking culture, sets off with an extremely overweight pack and a willfully can-do attitude to conquer the infamous trail. What follows are eye-opening lessons on preparation, humility, race relations, and nature's wild unpredictability. But this isn't a hard-nosed memoir of discouragement or intolerance. What sets Lugo apart from the typical walk in the woods is his refusal to let any challenge squash his inner Pollyanna. Through it all, he perseveres with humor, tenacity, and an unshakeable commitment to grooming--earning him the trail name "Mr. Fabulous"--that sees him from Springer Mountain in Georgia to Katahdin in Maine.
