### Le indagini di Sally Lockhart

*Salani* Sally Lockhart è una giovane donna, possiede una bella casa, una florida azienda e una bambina meravigliosa, figlia dell'amatissimo e perduto Frederick. Niente e nessuno è riuscito finora a sconfiggerla, finché un misterioso nemico torna dal passato per distruggerla. Quest'uomo è al centro di una rete di sfruttamento e disperazione che minaccia di inghiottire anche la felice esistenza di Sally. E lei dovrà fare appello a tutto il suo coraggio, a tutta la sua intelligenza, perché sta per trovarsi sola contro un nemico quasi invincibile? Dal genio narrativo di Philip Pullman, ecco il terzo volume delle avventure di Sally Lockhart, ambientate in una misteriosa e suggestiva Londra vittoriana.

### L'ombra nel Nord

### Le indagini di Sally Lockhart

*Salani* Ancora una volta Philip Pullman ci trascina in un'appassionante storia ricca di colpi di scena, dove si intrecciano mondo degli affari e politica, magia e mistero, amore e morte. Sally ha ventidue anni e, seguendo il proprio fiuto per gli affari e per il rischio, apre un ufficio di consulenza finanziaria. L'incarico che le è stato appena affidato la conduce ad Axel Bellmann, uomo ricchissimo e potente, ma anche circondato da un sinistro alone di mistero. Il secondo capitolo del mystery vittoriano creato da Philip Pullman, autore della Bussola d'oro.

### La principessa di Iatta

### Le indagini di Sally Lockhart

*Salani* Ricordate Jim Taylor, l'amico di Sally Lockhart dai tempi del Rubino di fumo? E la piccola Adelaide, che la terribile signora Holland trattava come una schiava? Sono passati dieci anni, ma Jim non ha mai smesso di cercarla; e un giorno, all'improvviso, la ritrova. In un rocambolesco viaggio da Londra alla Mitteleuropa, Pullman racconta una storia d'amore ricca di colpi di scena e dal finale struggente. Dal grande autore della Bussola d'oro, ecco il quarto e ultimo capitolo delle eccezionali avventure di Sally Lockhart nella misteriosa e suggestiva Londra vittoriana.

## Il rubino di fumo

## Le indagini di Sally Lockhart

*Salani Attento alle Sette Benedizioni...* Quando pronuncia per la prima volta queste parole, Sally non conosce ancora il loro significato e il loro potere micidiale. Ma la persona che le sente muore di paura. Così comincia la terribile avventura di una ragazzina di sedici anni nei sordidi bassifondi della Londra vittoriana: perseguitata da canaglie e assassini, cerca di risolvere il mistero della morte del padre, ma ovunque si volti incontra nuovi pericoli ed enigmi. Chi ha rubato il rubino lasciatole in eredità dal padre? E in che modo è legato al traffico d'oppio? La ragazza scopre presto di essere al centro del mistero, e che dalla soluzione di questo dipende la sua vita... Nel primo libro della serie di Sally Lockhart Philip Pullman rivisita il genere classico del romanzo giallo e lo ambienta nella nebbiosa e miserabile Londra di fine Ottocento, in un'atmosfera degna di Dickens: segreti, omicidi, salvataggi miracolosi, un cast di personaggi onesti e ignobili energumeni al servizio di un grande narratore.

## Inherent Vice

*Random House* Read the cult classic behind the major new film starring Joaquin Phoenix, Reese Witherspoon and Josh Brolin. Part noir, part psychedelic romp, all Thomas Pynchon - private eye Doc Sportello comes, occasionally, out of a marijuana haze to watch the end of an era as free love slips away and paranoia creeps in with the L.A. fog. It's been awhile since Doc Sportello has seen his ex-girlfriend. Suddenly out of nowhere she shows up with a story about a plot to kidnap a billionaire land developer whom she just happens to be in love with. Easy for her to say. It's the tail end of the psychedelic sixties in L.A., and Doc knows that 'love' is another of those words going around at the moment, like 'trip' or 'groovy', except that this one usually leads to trouble. Despite which he soon finds himself drawn into a bizarre tangle of motives and passions whose cast of characters includes surfers, hustlers, dopers and rockers, a murderous loan shark, a tenor sax player working undercover, an ex-con with a swastika tattoo and a fondness for Ethel Merman, and a mysterious entity known as the Golden Fang, which may only be a tax dodge set up by some dentists. In this lively yarn, Thomas Pynchon, working in an unaccustomed genre, provides a classic illustration of the principle that if you can remember the sixties, you weren't there...or...if you were there, then you...or, wait, is it...

As awed as she is by the Downside, however, she also questions its origins, and when she finds out that this fantastic world is not all it appears to be, she is determined to tell Talon the truth. Then a construction accident threatens to crush Talon's world, and his loyalty is put to the test. Can the truth save the Downside, or will it destroy an entire civilization? Neal Shusterman takes readers on an amazing journey into a place that's only a few steps away, yet beyond their wildest dreams.

## The Philosophy of Film Noir

*University Press of Kentucky* From **The Maltese Falcon (1941)** to **Touch of Evil (1958)**, the classic film noir is easily recognizable for its unusual lighting, sinister plots, and feeling of paranoia. For critics and fans alike, these films defined an era. **The Philosophy of Film Noir** explores philosophical themes and ideas inherent in classic noir and neo-noir films, establishing connections to diverse thinkers ranging from Camus to the Frankfurt School. The authors, each focusing on a different aspect of the genre, explore the philosophical underpinnings of classic films such as **The Big Sleep (1946)**, **Out of the Past (1947)**, and **Pulp Fiction (1994)**. They show how existentialism and nihilism dominate the genre as they explore profound themes in a vital area of popular culture.

## TV Horror

### Investigating the Darker Side of the Small Screen

*Bloomsbury Publishing* Horror is a universally popular, pervasive TV genre, with shows like **True Blood**, **Being Human**, **The Walking Dead** and **American Horror Story** making a bloody splash across our television screens. This complete, utterly accessible, sometimes scary new book is the definitive work on TV horror. They uncover horror in mainstream television from procedural dramas to children's television and, through close analysis of landmark TV auteurs including **Rod Serling**, **Nigel Kneale**, **Dan Curtis** and **Stephen Moffat**, together with case studies of such shows as **Dark Shadows**, **Dexter**, **Pushing Daisies**, **Torchwood**, and **Supernatural**, they explore its evolution on television. This book is a must-have for those studying TV Genre as well as for anyone with a taste for the gruesome and the macabre.

## With Liberty for Some 500 Years of Imprisonment in America

*UPNE* From Columbus' voyages to the New World through today's prison expansion movements, incarceration has played an important, yet disconcerting, role in American history. In this sweeping examination of imprisonment in the United States over five centuries, Scott Christianson exposes the hidden record of the nation's prison heritage, illuminating the forces underlying the paradox of a country that sanctifies individual liberty while it continues to build and maintain a growing complex of totalitarian institutions. Based on exhaustive research and the author's insider's knowledge of the criminal justice system, *With Liberty for Some* provides an absorbing, well-written chronicle of imprisonment in its many forms. Interweaving his narrative with the moving, often shocking, personal stories of the prisoners themselves and their keepers, Christianson considers convict transports to the colonies; the international trade in captive indentured servants, slaves, and military conscripts; life under slavery; the transition from colonial jails to model state prisons; the experience of domestic prisoners of war and political prisoners; the creation of the penitentiary; and the evolution of contemporary corrections. His penetrating study of this broad spectrum of confinement reveals that slavery and prisons have been inextricably linked throughout American history. He also examines imprisonment within the context of the larger society. *With Liberty for Some* is a thought-provoking work that will shed new light on the ways in which imprisonment has shaped the American experience. As the author writes, "Prison is the black flower of civilization -- a durable weed that refuses to die."

## The Commissariat of Enlightenment

*Scribner Book Company* Ken Kalfus's mesmerising first novel is about two events that become milestones in the history of the modern media: the death of Tolstoy and the murder of Lenin. One young filmmaker was there. The story begins in 1910, as Leo Tolstoy lies dying in Astapovo, a railway station in provincial Russia. Members of the press from around the world have descended upon this sleepy hamlet to record his passing for a public suddenly ravenous for celebrity news. Cinema is the newcomer, and Nikolai Gribshin arrives to capture the extraordinary scene and learn how to wield his camera as a political tool. At this historic moment, he comes across two men - the scientist, Professor Vorobev, and the revolutionist, Joseph Stalin - who have radical, mysterious plans for the future. Soon they will accompany him on a long, cold march through an era of brutality and absurdity, as science struggles with superstition. Brimming with intellect, humour, and rich, inventive storytelling, *THE COMMISSARIAT OF ENLIGHTENMENT* is a novel of ideas that brilliantly evokes the tragi-comic world of revolutionary Russia as well as the birth of today's image-based society.

## Killer Comet

## What the Carolina Bays Tell Us

The Carolina Bays have posed a mystery since their discovery in the 1930's. They look like they were made by impacts, but they were not created by impacts of extraterrestrial bodies. Solving the puzzle of how the bays formed provides clues that can be used to confirm that the Earth was hit by a comet 12,900 years ago. The Glacier Ice Impact Hypothesis and the evidence provided by the Carolina Bays clarifies how the large animals that lived in North America and the Clovis people who hunted them died. The whole extinction event took place in less than ten minutes. The Younger Dryas cooling period that followed could have been triggered by the material ejected above the atmosphere by the comet impact.

To study, design and deploy cognitive systems there is a need to consider aspects of systems design, embodiment, perception, planning and error recovery, spatial insertion, knowledge acquisition and machine learning, dialog design and human robot interaction and systems integration. The CoSy project addressed all of these aspects over a period of four years and across two different domains of application - exploration of space and task / knowledge acquisition for manipulation.
