began in 1918 and ended in 1988 when it was absorbed into the Stagecoach Group. Prior to that several smaller companies had been swallowed by Ribble, these include Scout and Standerwick. Both Scout and Standerwick had pinned themselves to the Blackpool trade and were never on an equal footing with Ribble. The company headquarters were in Frenchwood, Preston and amongst its prestige services was The Gay Hostess route, X1 from Preston to London. This was set up in the late 1960s to exploit the motorways. The cream double-deckers used on the service had a hostess on-board to serve refreshments, they also had toilets and used the then new Atlanteans. This title builds upon the success of 'Working Days: Midland Red' and explores another of the classic ex-BET companies through the reminiscences of those that worked for the company during the period from the early 1950s through to the mid-1970s. Roger Davies provides some brilliant information about the company and an excellent range of illustrations covering both vehicles and ephemera. **Lancashire United The Fleet, 1900-1981 Scientific and Technical Books and Serials in Print The Oil Engine and Gas Turbine INDIA'S NEW CAPITALISTS Caste, Business, and Industry in a Modern Nation** [Hachette UK](#)

It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no longer the exclusive bastion of the old mercantile castes. In this meticulously researched book - acclaimed for being the first social history to document and understand India's new entrepreneurial groups - Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.

La segunda parte de La autobiografía de Fidel Castro contiene la etapa más apasionante de la vida de Fidel —sus años de establecimiento y mantenimiento en el poder— y coincide con el tiempo en que el autor ha estado más cerca del Comandante. Norberto Fuentes desvela en este libro los entresijos del gobierno cubano, todas las maniobras de Fidel Castro para permanecer al mando de la Revolución, el funcionamiento de los servicios secretos y las complejas relaciones internacionales de Cuba. **The Leyland Bus Ted Grant: The Permanent Revolutionary** [Wellred Books](#) Ted Grant was a well-known figure in the international Marxist movement. He had a significant impact on British politics. When he died all the most important newspapers carried extensive obituaries that recognised this

fact. This is a remarkable work that comprehensively covers the development of Ted's life and ideas, starting from his early family background in Johannesburg right up to his death in London in 2006 at the age of 93. From his earliest youth in South Africa Ted Grant dedicated his life to the struggle for the emancipation of the working class. Moving to Britain in 1934 to seek new horizons, within a decade he had become the leading theoretician of the Trotskyist movement. The book deals with the launch of the Fourth International and Ted's battle to defend the ideas of Trotsky, which brought him into conflict with the leaders of the International after the Second World War. It explains the important theoretical questions and debates of this period and it outlines Ted Grant's important theoretical contribution to Marxism. Ted was the founder and theoretical inspirer of the Militant Tendency, which Michael Crick once described as the fifth political party in Britain. The book traces the rise and fall of Militant. It provides a fascinating insight into a subject that remains a closed book to most political analysts even now. **Beerman's Financial Year Book of Southern Africa Investors' Manual and Cyclopaedia of South African Public Companies** "Incorporating the Handbook of public companies of Rhodesia, Zambia and Malawi, " 1965-1972. **Essentials of Marketing** [Pearson Education](#) Brassington and Pettitt's *Essentials of Marketing* is the indispensable introduction to the subject for all students taking a short or one-semester Marketing module - whatever their background.
