DESIGNING WITH PLASTICS AND COMPOSITES: A HANDBOOK

Springer Science & Business Media For some time there has been a strong need in the plastic and related industries for a detailed, practical book on designing with plastics and composites (reinforced plastics). This one-source book meets this criterion by clearly explaining all aspects of designing with plastics, as can be seen from the Table of Contents and Index. It provides information on what is ahead as well as today's technology. It explains how to interrelate the process of meeting design performance requirements with that of selecting the proper plastic and manufacturing process to make a product at the lowest cost. This book has been prepared with an awareness that its usefulness will depend greatly upon its simplicity. The overall guiding premise has therefore been to provide all essential information. Each chapter is organized to best present a methodology for designing with plastics and composites. of industrial designers, whether in engineering This book will prove useful to all types or involved in products, molds, dies or equipment, and to people in new-product ventures, research and development, marketing, purchasing, and management who are involved with such different products as appliances, the building industry, autos, boats, electronics, furniture, medical, recreation, space vehicles, and others. In this handbook the basic essentials of the properties and processing behaviors of plastics are presented in a single source intended to be one the user will want to keep within easy reach.

BANKRUPTCY LITIGATION MANUAL, 2012-2013 EDITION

Wolters Kluwer Every step in the business bankruptcy litigation process is covered in Aspen Publishers' Bankruptcy Litigation Manual, from the drafting of the first pleadings through the appellate process. In fact, by making the Bankruptcy Litigation Manual a part of your working library, you not only get detailed coverage of virtually all the topics and issues you must consider in any bankruptcy case, you also get field-tested answers to questions you confront every day, such as: How to stay continuing litigation against a corporate debtor's non-debtor officers? What are the limits on suing a bankruptcy trustee? Is the Deprizio Doctrine still alive? Does an individual debtor have an absolute right to convert a case from Chapter 7 to Chapter 13? What prohibitions exist on cross-collateralization in financing disputes? Are option contracts "executory" for bankruptcy purposes? When, and under what circumstances, may a bankruptcy court enjoin an administrative proceeding against a Chapter 11 debtor? What are the current standards for administrative priority claims? When must a creditor assert its setoff rights? When can a remand order issued by a district court be reviewed by a court of appeals? What are the limits on challenging pre-bankruptcy real property mortgage foreclosures as fraudulent transfers? Can an unsecured lender recover contract-based legal fees incurred in post-bankruptcy litigation on issues of bankruptcy law? Is there a uniform federal limitation on perfecting security interests that primes a longer applicable state law period, thus subjecting lenders to a preference attack? Do prior bankruptcy court orders bar a plaintiff's later state court suit and warrant removal of the action in federal court? Michael L. Cook, a partner at Schulte Roth & Zabel LLP in New York and former long-time Adjunct Professor at New York University School of Law, has gathered together some of the country's top bankruptcy litigators to contribute to Bankruptcy Litigation Manual.
