Old Brick Churches of Maryland

The Old Brick Churches of Maryland (Classic Reprint)

Excerpt from *The Old Brick Churches of Maryland* When relays of fresh inspiration are to be found along the road, writing a book becomes a veritable pleasure-trip. Such, indeed, has this book been to me from the moment when my cousin, Miss Stewart, suggested that we should sally forth together in quest of the Old Brick Churches of Maryland, and with brush and pen accentuate the fact of their existence. In this pleasure trip the Maryland Historical rooms might be called our booking-office, the Episcopal Library our first inn, and the Rev. George A. Leakin our genial fellow-passenger, who, with others, has indicated to us the points of interest along the way. I borrow my similes, perforce, from stage-coach days, for I cannot forget that Maryland in some sections is to this day a staging country. In addition, there is a research record guide arranged by county and type of record, and it identifies all genealogical manuscripts, books, and articles known to exist up to 1940, when this book was first published. Charles County, Maryland

A History

Heritage Books "The first Charles County was created by Cecil Calvert, Second Lord Baltimore, Oct. 3, 1650. It included all the present County as well as some of the counties of Calvert, St. Mary's, and Prince George's." Charles County today is located in southern Maryland between the Patuxent and the Potomac Rivers. Dozens of knowledgeable volunteers contributed information on a variety of topics, including agriculture and the tobacco industry, transportation and the Potomac, towns and villages, religion and churches, government, Black history, education, sociality, legend and folklore, and genealogy. The reader is introduced to many towns, and given brief sketches of Port Tobacco, Benedict, La Plata, Bryantown, Indian Head, St. Charles, and Waldorf. Black history has been compiled from the fragments of oral and written data to give a glimpse from that perspective. Newspapers, clubs and auxiliaries, and reminiscences are also touched on. The text is further enhanced by photographs and illustrations, poems, recipes, a bibliography, and a subject index. The chapter on genealogy sites numerous sources for research, and provides the names of early settlers, a guide to deciphering old documents, the Census of 1850 (by district) listing free heads of families, lists of late 1700s' marriages grouped by minister, and an 1878 list of physicians.
