The books are available in print, as well as ebooks. [DigiCat](#) hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. Soil Survey of Crawford County, Michigan States at War A Reference Guide for Michigan in the Civil War [University of Michigan Regional](#) Unlike most books about the Civil War, which address individual battles or the war at the national level, States at War: A Reference Guide for Michigan in the Civil War chronicles the actions of an individual state government and its citizenry coping with the War and its ramifications, from transformed race relations and gender roles, to the suspension of habeas corpus, to the deaths of over 10,000 Michigan fathers, husbands, sons, and brothers who had been in action. The book compiles primary source material--including official reports, legislative journals, executive speeches, special orders, and regional newspapers--to provide an exhaustive record of the important roles Michigan and Michiganders had in the War. Though not burdened by marching armies or military occupation like some states to the southeast, Michigan nevertheless had a fascinating Civil War experience that was filled with acute economic anxieties, intense political divisions, and vital contributions on the battlefield. This comprehensive volume will be the essential starting point for all future research into Michigan's Civil War-era history. Family Trails Contains checklist of recent additions to the genealogical collections of the Michigan Unit. Monthly Catalog of United States Government Publications Monthly Catalogue, United States Public Documents The Searcher Michigan Genealogy Sources & Resources [Genealogical Publishing Com](#) Michigan Genealogy identifies records on the state and regional level and then the county level, providing details of vital records, court and land records, military records, newspapers, and census records, as well as the holdings of the various societies and institutions whose resources and facilities support the special needs of the genealogist. This thoroughly revised and expanded edition lists, county by county, the names addresses, websites, e-mail addresses, and hours of business of libraries, archives, genealogical and historical societies, courthouses, and other record repositories; describes their manuscripts and record collections; highlights their special holdings; and provides details regarding queries, searches, and restrictions on the use of their records. Gardner, McAnallen, Ralston and Fehrenbach Family History [Virtualbookworm Publishing](#) Hearing friends talk about their ancestors and genealogical research prompted the author to wonder about her ancestors and started her on a journey that may never end. With the help of distant cousins contacted on the Internet, it was soon apparent that James Gardner of Butler County, Pennsylvania, was her great-great-great-grandfather. But there the trail grew cold. Where was he born and who were his parents? Was he part of the William and Sarah Gardner family that moved from Maryland to the wild frontier of Westmoreland County, Pennsylvania, either before or during the Revolutionary War? Most of the descendants of James and Martha "Molly" McAnallen Gardner married, had children and brought many other surnames to the Gardner family tree. Among those surnames are Ackerman, Brinkley, Cameron, Cann, Carson, Dover, Duffy, Fehrenbach, Grossman, Harriger, Hoge, Johnson, Mansfield, Marmie, McAnallen, Mershimer, Ott, Rohrer, Shoaf, Teal, Welsh and Wimer. With the help of more research and information from yet unknown cousins, this family tree will continue to grow and spread its branches. Perhaps we will even learn about the ancestors of James Gardner. Bibliographic Guide to Maps and Atlases Academic American Encyclopedia Report on Water and Related Land Resources, Wisconsin River Basin, Wisconsin--Michigan Indian Names on Wisconsin's Map [Univ of Wisconsin Press](#) List of place-names, primarily those names after American Indian tribes or individuals, including some historical information about each person or tribe. Decisions on Geographic Names in the United States Mitchell's School Atlas Comprising the Maps and Tables Designed to Accompany Mitchell's School and Family Geography A Research Guide to Cartographic Resources Print and Electronic Sources [Rowman & Littlefield](#) This book navigates the numerous American and Canadian cartographic resources available in print, and online, offering information on how to locate and access the large variety of resources. Cartographic materials are highlighted and summarized, along with lists of map libraries and geospatial centers, and related professional associations. Census of the State of Michigan, 1894 Great Lakes Creoles A French-Indian Community on the Northern Borderlands, Prairie du Chien, 1750-1860 [Cambridge University Press](#) A case study of one of America's many multi-ethnic border communities, Great Lakes Creoles builds upon recent research on gender, race, ethnicity, and politics as it examines the ways that the old fur trade families experienced and responded to the colonialism of United States expansion. Lucy Murphy examines Indian history with attention to the pluralistic nature of American communities and the ways that power, gender, race, and ethnicity were contested and negotiated in them. She explores the role of women as mediators shaping key social, economic, and political systems, as well as the creation of civil political institutions and the ways that men of many backgrounds participated in and influenced them. Ultimately, The Great Lakes Creoles takes a careful look at Native people and their complex families as active members of an American community in the Great Lakes region. Michigan History Mennonite Family History Michigan Place Names The History of the Founding and the Naming of More Than Five Thousand Past and Present Michigan Communities [Wayne State University Press](#) From Aabec in Antrim County to Zutphen in Ottawa County, from Hell to Hooker, Michigan Place Names is a compendium of information on the origins of the state's geographical names. With alphabetically arranged thumb-nail sketches, Walter Romig introduces readers to a host of colorful personalities and episodes which have achieved notoriety, though sometimes shortlived, by devising or lending their names to the state's settlements. Romig spent more than ten years researching and documenting the entries to which he added an extensive bibliography of sources and an index of the personal names used in the text. For the curious, the librarian, the genealogist, or the historian, his book is an indispensable resource. Michigan Place Names is another "Michigan classic" reissued as a Great Lakes Book. Land Atlas & Plat Book, Roscommon County, Michigan Boone Co, AR [Turner Publishing Company](#) Hearken, O Ye People The Historical Setting of Joseph Smith's Ohio Revelations [Greg Kofford Books](#) Best Book Award — Mormon History Association Best Book Award — John Whitmer Historical Association More of Mormonism's canonized revelations originated in or near Kirtland than any other place. Yet many of the events connected with those revelations and their 1830s historical context have faded over time. Barely twenty-five years after the first of these Ohio revelations, Brigham Young lamented in 1856: "These revelations, after a lapse of years, become mystified [sic] to those who were not personally acquainted with the circumstances at the time they were given." He gloomily predicted that eventually the revelations "may be as mysterious to our children . . . as the revelations contained in the Old and New Testaments are to this generation." Now, more than 150 years later, the distance between what Brigham Young and his Kirtland contemporaries considered common knowledge and our understanding of the same material today has widened into a sometimes daunting gap. Mark Staker narrows the chasm in Hearken, O Ye People by reconstructing the cultural experiences by which Kirtland's Latter-day Saints made sense of the revelations Joseph Smith pronounced. This volume rebuilds that exciting decade using clues from numerous archives, privately held records, museum collections, and even the soil where early members planted corn and homes. From this vast array of sources he shapes a detailed narrative of weather, religious backgrounds, dialect differences, race relations, theological discussions, food preparation, frontier violence, astronomical phenomena, and myriad daily customs of nineteenth-century life. The result is a "from the ground up" experience that today's Latter-day Saints can all but walk into and touch. Genealogies in the Library of Congress A Bibliography [Genealogical Publishing Com](#) The North Carolina Gazetteer, 2nd Ed A Dictionary of Tar Heel Places and Their History [Univ of North Carolina Press](#) The North Carolina Gazetteer first appeared to wide acclaim in 1968 and has remained an essential reference for anyone with a serious interest in the Tar Heel State, from historians to journalists, from creative writers to urban planners, from backpackers to armchair travelers. This revised and expanded edition adds approximately 1,200 new entries, bringing to nearly 21,000 the number of North Carolina cities, towns, crossroads, waterways, mountains, and other places identified here. The stories attached to place names are at the core of the book and the reason why it has stood the test of time. Some recall faraway places: Bombay, Shanghai, Moscow, Berlin. Others paint the locality as a little piece of heaven on earth: Bliss, Splendor, Sweet Home. In many cases the name derivations are unusual, sometimes wildly so: Cat Square, Huggins Hell, Tater Hill, Whynot. Telling us much about our own history in these snapshot histories of particular locales, The North Carolina Gazetteer provides an engaging, authoritative, and fully updated reference to place names from all corners of the Tar Heel State.
