## Let's Do Nothing!

Candlewick Press "A hilarious debut told mainly through the zany artwork. . . . The pictures capture the universality of the moment." — School Library Journal (starred review)  
Frankie and Sal have already played every sport and board game invented, baked and eaten batches of cookies, and painted a zillion pictures. What's left to do? Nothing! Ten seconds of nothing! Can they do it? With a wink to the reader and a command of visual humor, feature-film animator Tony Fucile demonstrates the Zen-like art of doing nothing . . . oops! Couldn't do it!

## Letting Go of Nothing

## Relax Your Mind and Discover the Wonder of Your True Nature

New World Library A practical and empowering approach to the age-old quest to let go of the thoughts and feelings that block happiness, impede change, and hinder self-acceptance  
Anyone who has dipped a toe into any of the world's spiritual traditions knows that letting go and letting be are key. But how? In this fresh, frank, and powerful guide, Peter Russell allows readers to see that the things we get hung up on are generally not tangible problems in the present, but are instead thoughts, feelings, interpretations, beliefs, or expectations we have about them. These are not actual things; they exist only in our minds. And we can strip these "no-things" of their power and let them go by making a simple change of mind. Russell boils this letting go down to remarkably easy methods of accepting, acknowledging, recognizing, and even befriending what we tend to run from. This paradoxical practice generates peace of mind, fresh perspectives, and wisdom in action. In turbulent times like ours, this is a true power, one available to us all.

## Do Nothing!

## How to Stop Overmanaging and Become a Great Leader

Penguin UK Award-winning business professor Keith Murnighan teaches us how doing less will get you more in Do Nothing! Would you like to go on holiday without having to check daily that your team is doing its job? Can you turn off your phone and your email, knowing that everything is under control? For most managers this is just a dream. But Do Nothing! reveals that such a 'hands off' approach is both achievable and highly effective. In this compelling and imaginative book, award-winning business professor Keith Murnighan shows how really successful leaders create a culture of independence and trust. Identify the team members who you can rely on - then step aside and let them do their jobs. With a raft of provocative suggestions ('ignore performance goals!', 'de-emphasize profits!'), Do Nothing! proves that behaving naturally can work against you. Doing less will get you more. 'A compelling analysis...Allows leaders to both work less and be better at their craft' Robert Cialdini, author of Influence 'This rare book provides a refreshing perspective and tangible advice on leadership that isn't available anyplace else' Bob Sutton, author of The No Asshole Rule J. Keith Murnighan is an award-winning professor at the Kellogg School of

Management at Northwestern University and an active consultant and trainer for a host of companies around the world. His research has been cited in The Wall Street Journal, The New York Times, The Economist, and Forbes. He lives in Evanston, Illinois.

European Romanticism

A Reader

A&C Black Romanticism was always culturally diverse. Though English-language anthologies have previously tended to see Romanticism as predominantly British, the term itself actually originated in Germany, where it became the banner of a Europe-wide movement involving the profound intellectual and aesthetic changes which we now associate with

modernity. This anthology is the first to place British Romanticism within a comprehensive and multi-lingual European context, showing how ideas and writers interconnected across national and linguistic boundaries. By reprinting everything in the original languages, together with an English translation of all non-English material in parallel on the opposite page, it offers a new intellectual map of Romanticism. Material is thematically arranged as follows: - Art & Aesthetics - The Self - History - Language - Hermeneutics & Theology - Nature - The Exotic - Science While focusing on European texts, the inclusion of essays on their North American and Japanese reception means that Romanticism can be seen as a global phenomenon, influencing a surprising number of the ways in which the modern world sees itself.

EVELINA

The Alpha

David Gomadza A suspenseful romantic action-packed thriller. A gorgeous young lady turned Most Wanted. A romantic trip and a love to die for. A hidden secret. An evil brutal regime practicing a cult they believe existed even before God created the world. Until the regime is stopped life is on the line. A must read. ABOUT THE SERIES EVELINA A secret cult that existed even before this world was created is still at the center of murder a thousand years later. A ruthless regime is using this cult to run rampage and havoc. A corrupt and evil world where murder is the norm. A place so dark and scary where they all come out in numbers where they are slaughtered in thousands. A place where they are naked:-no rights, hopes, or anything to hang on to. A place where the only hope and courage is the heart-engraved-belief that someone will solve God's Dilemma and rise to save humanity. A pledge to fight to the death because the sole existence of the regime is to restore the lost kingdom of darkness at humanity's expense. Where restoring it means slaughtering two-

thirds of the world's population in 48 hours known as the 48 Hours of Darkness. It's a story of great courage in the face of death. The rise of Tomorrow's World Order citing the system as the root of all evil setting a collision course with the regime. The suspenseful questions are when and of what magnitude will the collision be and the devastating outcome? Will the regime allow a system change? Where stakes are high and the regime will defend the system at any cost will they succeed and at what cost? How can mankind survive the most feared devil's ghosts? Are you to be the lucky few to be spared in the 48 hours of darkness? Is mankind doomed or there is hope? What is God's Dilemma and can it really be solved? Unless God's Dilemma is solved mankind is doomed. A race against time where it's a matter of life or death for the strongest men let alone for Evelina caught up in all this. Will she survive the greatest manhunt since the world was created with everyone after her with the most powerful man demanding her too? Only one way to find out. Get this book right now.

## A Model of Creation

Lulu.com This paperback, just as we have with both issues of the Unified Mind Theory is identical to the hardcover issue, only its binding is different. Two books provide for a greater platform to describe the same thing. One looks great on the shelf, while the less fancy copy may attract the prudent student. Enlightenment for 20 bucks! A Model of Creation shows us a new way to look at Creation, the universe and the formation of life. We are liberated from a narrow, 4-dimensional view of the world with its assumption of bigbang and antimatter as the foundation to its evolution. We are lifted to a clearer vision where mass is recycled on a continuous basis and therefore by definition not real. What is not now does not exist since reality does not change! Creation is real. It is recessional velocity which drives and shapes the universe.

## Embracing the Dutch Art of Doing Nothing

**HarperCollins** The Dutch people are some of the happiest in the world. Their secret? They are masters of nixsen, or the art of doing nothing. Nixsen is not a form of meditation, nor is it a state of laziness or boredom. It's not scrolling through social media, or wondering what you're going to cook for dinner. Rather, to niks is to make a conscious choice to sit back, let go, and do nothing at all. With this book, learn how to do nothing in the most important areas of your life, such as: **AT HOME:** Find a comfy nook and sit. No technology or other distractions. **AT WORK:** Stare at your computer. Take in the view from your office. Close your eyes. **IN PUBLIC:** Forget waiting for the bus, enjoy some relaxing nixsen time. Backed with advice from the world's leading experts on happiness and productivity, this book examines the underlying science behind nixsen and how doing less can often yield so much more. Perfect for anyone who feels overwhelmed, burnt out, or exhausted, **NIKSEN** does not tell you to work harder. Instead, it shows you how to take a break from all the busyness while giving you sincere, heartfelt permission to do nothing.
