**e-artnow** This unique collection of British mysteries by H. C. McNeile has been designed and formatted to the highest digital standards. Herman Cyril McNeile (1888-1937) commonly known as H. C. McNeile or Sapper, was a British soldier and author. Drawing on his experiences in the trenches during the First World War, he started writing short stories and getting them published in the Daily Mail. After the war McNeile left the army and continued writing, although he changed from war stories to thrillers. In 1920 he published Bulldog Drummond, whose eponymous hero became his best-known creation. The character was based on McNeile himself, on his friend Gerard Fairlie and on English gentlemen generally. Drummond is a First World War veteran, brutalised by his experiences in the trenches and bored with his post-war lifestyle. He publishes an advertisement looking for adventure, and soon finds himself embroiled in a series of exploits, many of which involve Carl Peterson—who becomes his nemesis—and Peterson's mistress, the femme fatale Irma. McNeile interspersed his Drummond work with other detective novels and story collections that included two characters who appeared as protagonists in their own works, Jim Maitland and Ronald Standish. H. C. McNeile thrillers

are a continuation of his war stories, with upper class Englishmen defending England from foreigners plotting against it. ## The Complete Rougon-Macquart Cycle (All 20 Unabridged Novels in one volume)

e-artnow sro This carefully crafted ebook: "The Complete Rougon-Macquart Cycle (All 20 Unabridged Novels in one volume)" is formatted for your eReader with a functional and detailed table of contents. Les Rougon-Macquart is the collective title given to a cycle of twenty novels by French writer Émile Zola. Subtitled *Histoire naturelle et sociale d'une famille sous le Second Empire* (Natural and social history of a family under the Second Empire), it follows the life of a fictional family living during the Second French Empire (1852-1870) and is an example of French naturalism. Table of Contents: 1.La Fortune des Rougon (1871) 2.La Curée (1871-2) 3.Le Ventre de Paris (1873) 4.La Conquête de Plassans (1874) 5.La Faute de l'Abbé Mouret (1875) 6.Son Excellence Eugène Rougon (1876) 7.L'Assommoir (1877) 8.Une Page d'amour (1878) 9.Nana (1880) 10.Pot-Bouille (1882) 11.Au Bonheur des Dames (1883) 12.La Joie de vivre (1884) 13.Germinal (1885) 14.L'Œuvre (1886) 15.La Terre (1887) 16.Le Rêve (1888) 17.La Bête humaine (1890) 18.L'Argent (1891) 19.La Débâcle (1892) 20.Le Docteur Pascal (1893) The series began with La Fortune des Rougon

(The Fortune of the Rougons), which introduces the Rougons and the Macquarts. Zola examines the impact of environment by varying the social, economic, and professional milieu in which each novel takes place. *La Curée* (The Kill) explores the land speculation and financial dealings that accompanied the renovation of Paris during the Second Empire. *Le Ventre de Paris* (Savage Paris; also translated as *The Fat and the Thin*) examines the structure of the Halles, the vast central marketplace of Paris. *Son Excellence Eugène Rougon* (His Excellency Eugène Rougon) traces the machinations and maneuverings of cabinet officials in Napoleon III's government. *L'Assommoir* (Drunkard) shows the effects of alcoholism in a working-class neighbourhood by focusing on the rise and decline of a laundress, Gervaise Macquart. *Nana* follows the life of Gervaise's daughter as her economic circumstances and hereditary penchants lead her to a career as an actress, then a courtesan. *Au Bonheur des dames* (Ladies' Delight) depicts the mechanisms of a new economic entity, the department store, and its impact on smaller merchants. *Germinal* depicts life in a mining community by highlighting relations between the bourgeoisie and the working class. A quite different work, *L'Oeuvre* (The Masterpiece), explores the milieu of the art world and the relationships among the arts through an examination of the friendship between an Impressionist painter, Claude Lantier, and a naturalist novelist, Pierre Sandoz. In *La Terre* (Earth) Zola depicts what he considered to be the sordid lust for land among the French peasantry. In *La Bête humaine* (The Human Beast) he analyzes the hereditary urge to kill that haunts the Lantier branch of the family. *La Débâcle* (The Debacle) traces both the defeat of the French army by the Germans at the Battle of Sedan in 1870 and the anarchist uprising of the Paris Commune. Finally, in *Le Docteur Pascal* (Doctor Pascal) he uses the main character, the doctor Pascal Rougon, armed with a genealogical tree of the Rougon-Macquart family published with the novel, to expound the theories of heredity underlying the entire series. Émile Zola (1840 - 1902), French novelist, critic, and political activist who was the most prominent French novelist of the late 19th century. He was noted for his theories of naturalism, which underlie his monumental 20-novel series *Les Rougon-Macquart*, and for his intervention in the Dreyfus Affair through his famous open letter, "J'accuse."

# Dancing With the Enemy

Nicholas Walker Written by a bestselling author this enormously gripping novel is set Jersey, during World War Two, when The Channel Islands were occupied by Germany. It is very much based on fact: All the buildings, streets, munitions and army terms are accurate, and all the incidents that take place in the novel are taken from incidents that actually happened during the war. After the first year of occupation the only resistance to the Germans came from the children of the island, indeed at one time the schools had to close because virtually all the teenage boys were locked up in the local prison...this is the basis for the story. There are four main characters in the story, Rex, Sue, David and Marianne. The first three are old friends, David and Sue are twins and Rex is their leader and Sue has a crush on Rex. Sue is very outspoken while David is a quiet follower of the others. Rex is the driving force, he leads the children of Jersey and is very brave, enjoying dangerous confrontations with the Germans. Marianne is the good girl of the school and very much a loner, she always obeys the teachers and the Germans and Rex finds himself having to act as her protector from the other children when they begin to view her as a traitor. One night Rex finds out that Marianne is hiding a family of Jews in the hills and brings in the other two to help her. To their astonishment, the girl who spends her nights working in her father's hotel: *Dancing With The Enemy*, is her own one-woman resistance group, receiving orders from Britain. Sue is wildly jealous of Marianne's growing relationship with Rex but is forced to subdue it when they join forces. Rex's group, who, up till then, had merely crept around painting Victory Vs everywhere, now find themselves involved in a much more dangerous business: Smuggling fugitives, disarming mines and spying. Marianne saves Sue when she falls into a Gestapo trap, then she and Rex are trapped themselves and Rex saves Marianne's life and in the process learns she is herself a Jewess and has spent some time in a concentration camp. Marianne gradually shows them how to fight the Germans and Rex begins to understand the commitment needed: When he asks her if she sleeps with the Germans, she tells him no but she will if it becomes necessary! A high-ranking American officer crash lands on the island and the children have to hide him. the Germans take hostages, amongst them Rex and David, and promise to shoot them if the officer is not handed over. The novel is full of action and emotion, but the story is about the realities of war: The sacrifices that have to be made. But it is not a sad book, it is full of the humour that dangerous situations bring and the accelerated relationships that take place in time of war. The book ends on an upbeat note, leaving the way clear for a series of follow up novels.

## The Contemporary American Short-Story Cycle

## The Ethnic Resonance of Genre

LSU Press James Nagel offers the first systematic history and definition of the short-story cycle as exemplified in contemporary American fiction, bringing attention to the format's wide appeal among various ethnic groups. He examines in detail eight recent manifestations of the genre, all praised by critics while uniformly misidentified as novels. Nagel proposes that the short-story cycle, with its concentric as opposed to linear plot development possibilities, lends itself particularly well to exploring themes of ethnic assimilation, which mirror some of the major issues facing American society today.

## A Handbook for Cycling

## Transportation Engineers

MIT Press This new edition of John Forester's handbook for transportation policy makers and bicycling advocates has been completely rewritten to reflect changes of the last decade. It includes new chapters on European bikeway engineering, city planning, integration with mass transit and long-distance carriers, "traffic calming," and the art of encouraging private-sector support for bicycle commuting. A professional engineer and an avid bicyclist, John Forester combined those interests in founding the discipline

of cycling transportation engineering, which regards bicycling as a form of vehicular transportation equal to any other form of transportation. Forester, who believes that riding a bicycle along streets with traffic is safer than pedaling on restricted bike paths and bike lanes, argues the case for cyclists' rights with zeal and with statistics based on experience, traffic studies, and roadway design standards. Over the nearly two decades since *Bicycle Transportation* was first published, he has brought about many changes in the national standards for highways, bikeways, bicycles, and traffic laws. His *Effective Cycling Program* continues to grow.

## Women's Work

## Nationalism and Contemporary African American Women's Novels

University of Virginia Press In *Women's Work*, Courtney Thorsson reconsiders the gender, genre, and geography of African American nationalism as she explores the aesthetic history of African American writing by women. Building on and departing from the Black Arts Movement, the literary fiction of such writers as Toni Cade Bambara, Paule Marshall, Gloria Naylor, Ntozake Shange, and Toni Morrison employs a cultural nationalism—practiced by their characters as "women's work"—that defines a distinct contemporary literary movement, demanding attention to the continued relevance of nation in post-Black Arts writing. Identifying five forms of women's work as organizing, dancing, mapping, cooking, and inscribing, Thorsson shows how these writers reclaimed and revised cultural nationalism to hail African America.

# The sixth Dray Prescott omnibus

**Bladud Books** Four hundred light years from Earth, Kregen is a marvelous world, peopled by wonderful beings, filled with light and clamor and furor of life lived to the hilt. But Kregen has its darker side, where horror and terror bind innocent people, where sorceries rend reason, where injustice denies light. Here, in the unforgiving yet rewarding world of Kregen, struggling through disaster and triumph, Dray Prescott has made his home. He has acquired a number of titles and estates but now the people of the island empire of Vallia, which has been ripped to shreds by ambitious and mercenary invaders, have called on him to lead them to freedom as their emperor. Reluctant to accept the imperium, he shoulders the burden because, rightly or wrongly, he sees this as the lesser evil... *A Life for Kregen*: Prescott is the unwilling battle arm of the mysterious Star Lords who contend for that planet with the powerful Savanti. Yet Prescott's ambitions are his own, for he has inherited the remnant of a shattered empire and must fight to bring hope and freedom to all its peoples. By his side stands his princess, Delia of the Blue Mountains, and a band of stalwart companions of many races and species. But arrayed against him are flying armadas, armed hordes, the wizardry of a super scientist, and, most shocking of all, the fury and steel claws of his own daughter, Dayra! *A Sword for Kregen*: The most popular game among the many peoples of Kregen is one that resembles chess, called Jikaida. Jikaida is a battle of wits and war game pieces that suits well the tension charged atmosphere that envelops Dray Prescott. Because reconquering Vallia is assuming the aspect of such a game, move versus countermove, horde against horde! But Dray Prescott finds himself no longer in control of the game when he becomes a living chessman on a real-life board at the dreaded arena of Jikaida City. There every move is accompanied by bloodshed and behind every game might hang the fate of a city, an island, or even a nation! *A Fortune for Kregen*: Fame and fortune may await the winners of the life and death game called Jikaida, but for Dray Prescott his triumphs seem to bring only infamy and misfortune. Prescott needs to find a way out of his Jikaida City exile, for his homeland needs him in its hour of danger. But it seems that fate will place him in an even more terrifying game: a treasure hunt played out in the illusion webbed catacombs of a haunted valley where desperate men come to find fortunes at the risk of their followers lives and their own sanity. *A Victory for Kregen*: The ending of Prescott's stark adventures as a living chess piece in the city of blood games was to be as terrifying as the perils that had gone before. Because now that transposed Earthman has to fight his way back to his embattled Vallian homeland across a sky full of danger and a sea full of death. And when he returns he will find the combat joined, his son at doom's door, his troops up against superior odds, and a battle he must personally fight that would be two battles in two different places at the same time! This edition

contains a glossary to the Jikaida cycle.

## The Art of Cycling, Living, and Dying

### Moral Theology from Everyday Life

Wipf and Stock Publishers **Forty years of avid bicycling came to a conclusion for D. Stephen Long in early October, 2020. Fearing his own imminent death required Long to reflect on life, on its beginnings, middle, and endings. This work uses the lessons learned from cycling, and the experience of the rapid onset of illness, to discuss God, friendship, racism, sexuality, justice, virtues, vices, and much more. It offers a moral theology but one more in keeping with how we take it up—not through theories but in the practices that make up everyday life. Attention to everyday life can help us live well and in so doing prepare us to die well.**

## The Black Phoenix Cycle

## Book I Camâroon

AuthorHouse **This is the story of Lars and his companions...time-lost and scattered across the Worlds of a fallen empire. A year ago two Black Phoenix warriors appeared out of the dark of night to capture Lars. His home was burned and his grandfather murdered. From there Lars embarked on an adventure across the fantastical land of Artaria. He became a soldier and fought in battle, journeyed the realm with a tribal prince and a wizened warrior, and mourned the death of a childhood friend. All the while an ancient enemy From Beyond the Grave had crossed over to the reality of the living. Aemellion, a mysterious man of impossible years, had emerged from myth and scorn to fight on the side of light and life. And Anna, a woman from another World and another era, had crossed the stellar reaches in search of Lars. Now the story takes Lars into manhood and to another World. But he does not go there alone. Aemellion opened the Gate for Lars. And Anna stepped with him. There is Alikae, the former prince of Artaria turned Brethren hunter. Gallion, the trepid and unfocused Elemental. And Sir Sheldon, the Last of the Wyvernknights. They will sail on the endless oceans and traverse the coldest mountains; they will meet new companions and confront old enemies; and as plans unravel and victory eludes them death may be the only choice that remains. Epic in its scope and spanning Worlds, the Black Phoenix Cycle will take you to the nightfall of an interstellar civilization, and back in time to its pinnacle. And through the millennia, two enemies will play out a game where the barrier**

between the living and the dead is ruptured and those closest to them regardless of love, loyalty, or sacrifice are merely pawns. The Cycle continues on Camroon.
