Fear Not

Living Grace and Truth in a Frightened World

Chalice Press *Learn how to face your fears and and live into courageous and faithful action with Fear Not. Americans live in a culture of fear, whether we know it or care to admit it. Who will attack us next? Who will steal our jobs? Whose relationship undermines the sanctity of mine? In an era when manipulative messaging is unavoidable, politicians, media, marketers, and even faith leaders play on our fears and use them to win elections, gain attention, sell products, and influence the way you view those around you — all in the name of claiming power. Fear Not subverts insidious fear-based messaging with the creation of courageous communities committed to truth-telling, grace, hope, and love. Drawing on decades as a community-building and church growth leader for churches and nonprofit organizations, Eric H.F. Law shares practical resources and processes for bringing diverse people together to build authentic relationships and share their truth. Each chapter includes suggested activities and questions for discussion and tips for creating small discussion groups.*

A Pac-Man Perspective on Organisational Change

Lulu.com *Living theory is a way of making use of personal accounts of experienced practice. As the Pac-Man perspective on organisational change helps the change agent articulate the personal values he is committed to and how these values may be resisted in practice, living theory is useful for developing knowledge that has a practical impact on self-improvement and social change, but it is also a type of theory that is difficult to publish in academic outlets. As a consequence of this, publishing Pac-Man living-theory research becomes a Pac-Man game in itself, with the journal editors as one of the four adversary gatekeepers, but it is a rewarding game for those who want to contribute both theoretically and practically on how to make the world a better place.*

Sunshine Through the Rain

Page Publishing Inc *Sunshine through the Rain follows Christie Ann Cook, a cynical, wise-beyond-her-years, truth-telling young girl who is coming of age in the Deep South during the civil rights movement, women's rights, and Roe v. Wade. Christie narrates her story mixing equal measures of drama and humor. She is trying to determine who she is in a home where her mother's main goal is to turn her into a Southern belle while her father tries to turn her into the boy he always wanted.*

Guided by Ernestine, the family's housekeeper/nanny/saint, Christie develops her own ideas of right and wrong, and they aren't always popular in the racially charged South. Christie takes us through the assassinations of John F. Kennedy and Martin Luther King, the violent death of Ernestine's young cousin, and the rape of her college roommate. She desperately tries to make sense of a world that's gone crazy, realizing in the end each one of us decides our own fate and the right thing and the difficult thing are most often the same thing.

Living Artfully

A Heart-full Guide of Ideas and Inspirations That Celebrate Life, Love, and Moments That Matter

Simon and Schuster *Many people today are looking outside themselves for well-being and happiness when what they're searching for has been inside them all along." -- Sandra Magsamen Living artfully is expressing who you are through the moments that you create. Living Artfully reminds us to explore and experience life with more heart, meaning, purpose, and joy. It asks us to imagine, to dream big, to believe in ourselves, to celebrate the people in our lives, make each day count, dance when the spirit moves us, laugh out loud, and let our voices be heard. In this beautiful, life-changing book, acclaimed artist and entrepreneur Sandra Magsamen will transform everything you think you know about art, creativity, and personal fulfillment. And she'll show you that you've already got just what you need in your own two hands to create the life of joy and beauty that you want -- for yourself and others. Living Artfully puts you in direct touch with your own imagination, where the only rule is there are no rules. Warm, encouraging, always good-humored, it is full of inspiring stories about people who pursue their own creative impulses and are rewarded with unexpected and delightful results. By following the ten principles of Living Artfully -- Magsamen's own dynamic process of creative thinking and being -- you will embark on an exciting personal journey of self-discovery. You'll learn how to connect with everyone in your life in inventive new ways, through everyday things, caring gestures, meaningful moments, and simple gifts that really make a difference. You'll also discover how, where, and when you can use your own creative language -- the images, words, sounds, foods, or crafts through which you most easily express yourself. To Sandra Magsamen, Living Artfully is connection. It's the ultimate form of*

communication. It's recognizing and embracing your own powerful, creative abilities. And the first step on the journey to Living Artfully is to rediscover the gifts of imagination, curiosity, and playfulness -- gifts that you already possess. Each chapter presents a wealth of practical and fun ideas that you can tailor to suit your own circumstances and preferences and that will jump-start your imagination and free dormant or forgotten talents. By giving yourself permission to be yourself, you'll embark on a personal renaissance, connecting with your inherent sense of fun and optimism and discovering that even simple tasks of everyday life can become perfect, natural outlets for your newfound creativity. Filled with Sandra's stunning, four-color, signature artwork, Living Artfully is not a how-to book but a why-to -- uplifting, motivational, and fun. It is also a guide into a new cultural movement in which people choose to live with a creative purpose, celebrating the people, places, and moments that make life truly meaningful.
