**The Ghost of Christmas Past A Christmas Ghost Cozy Amateur Sleuth Paranormal Mystery Romance Novel (Haunted Holidays Small Town Animals Humorous Witch Story)** [Angie Fox](#) From NY Times Bestselling Author, Angie Fox, a hauntingly fun holiday addition to the USA TODAY bestselling Southern Ghost Hunter series Southern girl Verity Long needs a Christmas miracle... Verity is ready to deck the halls, jingle some bells, and maybe, just maybe have a merry Christmas with her boyfriend's stuffy family. Truly, if she doesn't extend the proverbial olive branch to the overbearing Wydells, she's afraid she'll hit them over the head with it. But when her boyfriend's mother pulls a shocking stunt, Verity finds herself with a big decision to make. And if that's not enough, there's an unexpected guest at her door. It's the ghost of the woman who helped rescue Verity's pet skunk three years ago that very night. And now she's there to change Verity's life as well. \*A "between the books" stand-alone holiday story you don't want to miss! **Ghosts, Holes, Rips and Scrapes Shakespeare in 1619, Bibliography in the Longue Duree** [University of Pennsylvania Press](#) Four years before the publication of the First Folio, a group of London printers and booksellers attempted to produce a "collected works" of William Shakespeare as a series of quarto pamphlets. Haunted by the past, and the shadow of guilt that creeps over the heart from words spoken in anger, and all the rest that's left unsaid. Hank Stanford, a small town lawyer, is determined to drag all the skeletons from the closet of his marriage and salvage what is left of the life and love that he's shared with his wife of twenty years, only to find that it is too late for redemption. An original novel by the indie best-selling author of The Oldest Living Vampire Tells All. **Old-fashioned Roses The Hole of the Pit** [The Oleander Press](#) CLASSIC EARLY HORROR IN THE STYLE OF MR JAMES BY A FRIEND AND COLLEAGUE "The haunted house story becomes a real nerve-shredder..." 'Adrian Ross' was a great name to conjure with in the early years of the 20th century. A founding father of 'musical comedy', this celebrated librettist wrote over two thousand lyrics and worked on around sixty popular musicals, including the hugely successful English versions of The Merry Widow and Lilac Time. In his completely different earlier life, under his own name of Arthur R. Ropes, he was a multi-talented Cambridge don, a Senior Fellow at King's College during the 1880s, alongside M.R. James. He composed two impressive works of supernatural horror fiction - both narrated by Cambridge scholars - which appear here together in one volume for the first time. Ross and James were among the first writers of the late nineteenth century who moved away from the familiar traditional Victorian ghosts to the much stranger world of centuries-old demons, all extremely dangerous and horrifying, defying any clear description. For example, the traditional haunted house tale takes a hideous descent into grave terror here. While the Collected Ghost Stories of M.R. James have been widely available for decades, it is now time for the collected horror fiction of 'Adrian Ross' to be available for the present 21st century generation. All the while opening a new tomorrow to the newest addition to her manifest, the miner girl Piglet whose youth and vigor threaten Candide with happiness and new adventures. *Black Hole Drive* is a tome on hope and spins a tale of true satisfaction for those in its world. Piglet is thus launched into intrigues and art with few to guide her but the crew she has just met and the mining colony that has been her home for nearly two decades. **Ghost Towns of Muskoka Dundurn** The authors explore the tragic history of communities whose stars have long since faded, and the people who once lived, loved, and labored in them. **The Ghost of the McDow Hole Hole A Ghost Story CreateSpace** Every marriage is haunted. Haunted by the past, and the shadow of guilt that creeps over the heart from words spoken in anger, and all the rest that's left unsaid. Hank Stanford, a small town lawyer, is frustrated with his life, and his marriage. Determined to drag all the skeletons from the closet of his marriage and salvage what is left of the love that he's shared with his wife of twenty years, he ditches the mistress and goes home to clear his conscience. But it's too late for redemption. His wife is dead...by her own hand. What follows is a nightmare of family secrets, incest, madness and murder. His tormented wife might be dead, but the terrible secrets she took to the grave are not, and the husband she left behind is about to find out that death is not always the end-- of love, of life... or of fear. **Ghost Stories from the Ghosts' Point of View, Vol. 1 Crystal pointe Media, Inc.** Now in its second edition, this ground-breaking book shares with you stories of life after death from the ghosts' own point of view. "Twenty acres are just about enough." Frost started out as a school teacher living the rural life of a would-be farmer, and later turned to farming full time when he bought a place of his own. After a sojourn in England where his first two books were published to critical acclaim, he returned to New England, acquired a new farm and became a rustic for much of the rest of his life. Frost claimed that all of his poetry was farm poetry. His deep admiration for Virgil's Georgics, or poems of rural life, inspired the creation of his own New England "georgics," his answer to the haughty 20th-century modernism that seemed certain to define the future of Western poetry. Like the "West-Running Brook" in his poem of the same name, Frost's poetry can be seen as an embodiment of contrariness. **The Last Water Hole in the West The Colorado-Big Thompson Project and the Northern Colorado Water Conservancy District** "The history of the largest transmountain diversion project ever built - the Colorado-Big Thompson (C-BT) - designed to bring Colorado River water through a thirteen-mile tunnel under the Continental Divide to farmers in the South Platte River basin. The book also offers a detailed exploration of the Northern Colorado Water Conservancy District (NCWCD), the agency created to oversee the design, construction, water delivery, and payment of the monumental C-BT. Using a wealth of sources - minutes, reports, speeches, memoranda, newspaper accounts, and interviews with NCWCD officials - Daniel Tyler presents a practical, hands-on story of construction, operation, and maintenance of a supplemental water delivery system. Tyler writes history that reflects the pros and cons of litigation and negotiation in water-conflict resolutions. His book is also a chronology of the struggle between disciples of water development and proponents of environmental causes, including many issues of relevance to other state and federal entities with a stake in western water"--P.
