The Image of Man

The Creation of Modern Masculinity

Oxford University Press What does it mean to be a man? What does it mean to be manly? How has our notion of masculinity changed over the years? In this book, noted historian George L. Mosse provides the first historical account of the masculine stereotype in modern Western culture, tracing the evolution of the idea of manliness to reveal how it came to embody physical beauty, courage, moral restraint, and a strong will. This stereotype, he finds, originated in the tumultuous changes of the eighteenth century, as Europe's dominant aristocrats grudgingly yielded to the rise of the professional, bureaucratic, and commercial middle classes. Mosse reveals how the new bourgeoisie, faced with a bewildering, rapidly industrialized world, latched onto the knightly ideal of chivalry. He also shows how the rise of universal conscription created a "soldierly man" as an ideal type. In bringing his examination up to the present, Mosse studies the key historical roles of the so-called "fairer sex" (women) and "unmanly men" (Jews and homosexuals) in defining and maintaining the male stereotype, and considers the possible erosion of that stereotype in our own time.

The Dunayevskaya-Marcuse-Fromm Correspondence, 1954-1978

Dialogues on Hegel, Marx, and Critical Theory

Lexington Books This volume contains the correspondence during the years 1954 to 1978 between Marxist-Humanist and feminist philosopher Raya Dunayevskaya (1910-87) and the Hegelian Marxist philosopher and social theorist Herbert Marcuse (1898-1979) and the psychologist and social critic Erich Fromm (1900-80). The exchanges show the deeply Marxist and humanist concerns of these theorists while also highlighting their significant differences on key issues in philosophy, politics, and psychology during the turbulent decades of the 1950s, 1960s, and 1970s.

'The most important book of the year ... Here it is, laid bare: cartel as corporation, corporation as cartel; cocaine as pure capitalism ... Saviano realises the brutal truth: that to understand narco-traffic is to understand the modern world ... it is revolutionary' Ed Vulliamy, Observer 'A dense, dazzling, dizzying narrative about the terrifying violence of the cocaine trade, but also the vast, unassailable reach of it' Rose George, Independent 'A tremendously gripping work of reportage' Ian Thomson, Evening Standard 'Italy's bravest investigative writer ... must-read nonfiction' GQ 'Impassioned, remarkable' Misha Glenny, Financial Times 'After reading Saviano, it becomes impossible to see Italy, and the global market, in the same way again' The New York Times

Refugee Tales

Comma Press Two unaccompanied children travel across the Mediterranean in an overcrowded boat that has been designed to only make it halfway across... A 63-year-old man is woken one morning by border officers 'acting on a tip-off' and, despite having paid taxes for 28 years, is suddenly cast into the detention system with no obvious means of escape... An orphan whose entire life has been spent in slavery - first on a Ghanaian farm, then as a victim of trafficking - writes to the Home Office for help, only to be rewarded with a jail sentence and indefinite detention... These are not fictions. Nor are they testimonies from some distant, brutal past, but the frighteningly common experiences of Europe's new underclass - its refugees. While those with 'citizenship' enjoy basic human rights (like the right not to be detained without charge for more than 14 days), people seeking asylum can be suspended for years in Kafka-esque uncertainty. Here, poets and novelists retell the stories of individuals who have direct experience of Britain's policy of indefinite immigration detention. Presenting their accounts anonymously, as modern day counterparts to the pilgrims' stories in Chaucer's Canterbury Tales, this book offers rare, intimate glimpses into otherwise untold suffering.

Europe and Empire

On the Political Forms of Globalization

Fordham Univ Press The European Union and the single currency have given Europe more stability than it has known in the past thousand years, yet Europe seems to be in perpetual crisis about its global role. The many European empires are now reduced to a multiplicity of ethnicities, traditions, and civilizations. Europe will never be One, but to survive as a union it will have to become a federation of "islands" both distinct and connected. Though drawing on philosophers of Europe's past, Cacciari calls not to resist Europe's sunset but to embrace it. Europe will have to open up to the possibility that in few generations new exiles and an unpredictable cultural hybridism will again change all we know about the European legacy. Though scarcely alive in today's politics, the political unity of Europe is still a necessity, however impossible it seems to achieve.

The Western Codification of Criminal Law

A Revision of the Myth of its Predominant French Influence

Springer This volume addresses an important historiographical gap by assessing the respective contributions of tradition and foreign influences to the 19th century codification of criminal law. More specifically, it focuses on the extent of French influence – among others – in European and American civil law jurisdictions. In this regard, the book seeks to dispel a number of myths concerning the French model's actual influence on European and Latin American criminal codes. The impact of the Napoleonic criminal code on other jurisdictions was real, but the scope and extent of its influence were significantly less than has sometimes been claimed. The overemphasis on French influence on other civil law jurisdictions is partly due to a fundamental assumption that modern criminal codes constituted a break with the past. The question as to whether they truly broke with the past or were merely a degree of reform touches on a difficult issue, namely, the dichotomy between tradition and foreign influences in the codification of criminal law. Scholarship has unfairly ignored this important subject, an oversight that this book remedies.

The House of Others

Northwestern University Press The illegitimate son of a fortune teller, Ezio Comparoni (1920-52) never knew his father, rarely left his home town, and admitted no one to his home. His deliberate obscurity was compounded by his use of many pseudonyms, including Silvio d'Arzo, under which he wrote the remarkable novella and three stories collected in *The House of Others*. The novella *The House of Others* is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on "special cases"--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

The contributors focus on attitudes of medieval men and women toward their own society. Along with vivid descriptions of what life was like for warrior knights, monks, high churchmen, criminals, lepers, shepherds, and prostitutes, this innovative approach offers a valuable new perspective on the complex social dynamics of feudal Europe. In hoc tam discors turba consentiet; cum interim iniurias pro beneficiis reddimus, et prima causa est, cur quis ingratus sit, si satis 32 gratus esse non potuit. Eo perductus est furor, ut periculosissima res sit beneficia in aliquem magna conferre; nam quia putat turpe non reddere, non vult esse, cui reddat. Tibi habe, quod accepisti; we should take counsel regarding them, not with their reputation but with their nature; those things possess no grandeur wherewith to enthrall our minds, except the fact that we have become accustomed to marvel at them. For they are not praised because they ought to be desired, but they are desired because they have been praised; and when the error of individuals has once created error on the part of the public, then the public error goes on creating error on the part of individuals. But just as we take on faith such estimates of values, so let us take on the faith of the people this truth, that nothing is more honourable than a grateful heart. This phrase will be echoed by all cities, and by all races, even those from savage countries. Upon this point good and bad will agree. Some praise pleasure, some prefer toil; some say that pain is the greatest of evils, some say it is no evil at all; some will include riches in the Supreme Good, others will say that their discovery meant harm to...

Handbook on European data protection law

2018 Edition

Council of Europe The rapid development of information technology has exacerbated the need for robust personal data protection, the right to which is safeguarded by both European Union (EU) and Council of Europe (CoE) instruments. This handbook is designed to familiarise legal practitioners not specialised in data protection with this emerging area of the law. It provides an overview of the EU's and the CoE's applicable legal frameworks. It also explains key case law, summarising major rulings of both the Court of Justice of the European Union and the European Court of Human Rights. In addition, it presents hypothetical scenarios that serve as practical illustrations of the diverse issues encountered in this ever-evolving field.

Zeno's Conscience

Vintage Long hailed as a seminal work of modernism in the tradition of Joyce and Kafka, and now available in a supple new English translation, Italo Svevo's charming and splendidly idiosyncratic novel conducts readers deep into one hilariously hyperactive and endlessly self-deluding mind. The mind in question belongs to Zeno Cosini, a neurotic Italian businessman who is writing his confessions at the behest of his psychiatrist. Here are Zeno's interminable attempts to quit smoking, his courtship of the beautiful yet unresponsive Ada, his unexpected-and unexpectedly happy-marriage to Ada's homely sister Augusta, and his affair with a shrill-voiced aspiring singer. Relating these misadventures with wry wit and a perspicacity at once unblinking and compassionate, Zeno's Conscience is a miracle of psychological realism.

Renaissance Rewritings

Walter de Gruyter GmbH & Co KG 'Rewriting' is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship. In order to contribute to a further reassessment of such a notion, this volume investigates a wide range of medieval and early modern literary transformations, especially focusing on texts (and contexts) of Italian and French Renaissance literature. The first section of the book, "Rewriting", gathers essays which examine medieval and early modern rewritings while also pointing out the theoretical implications raised by such texts. The second part, "Rewritings in Early Modern Literature", collects contributions which account for different practices of rewriting in the Italian and French Renaissance, for instance by analysing dynamics of repetition and duplication, verbatim reproduction and free reworking, textual production and authorial self-fashioning, alterity and identity, replication and multiplication. The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature, perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542: "Essere modernamente antichi e anticamente moderni".

On Tyranny

[University of Chicago Press](#) On Tyranny is Leo Strauss's classic reading of Xenophon's dialogue, Hiero or Tyrannicus, in which the tyrant Hiero and the poet Simonides discuss the advantages and disadvantages of exercising tyranny. This edition includes a translation of the dialogue, a critique of the commentary by the French philosopher Alexandre Kojève, Strauss's restatement of his position in light of Kojève's comments, and finally, the complete Strauss-Kojève correspondence. "Through [Strauss's] interpretation Xenophon appears to us as no longer the somewhat dull and flat author we know, but as a brilliant and subtle writer, an original and profound thinker. What is more, in interpreting this forgotten dialogue, Strauss lays bare great moral and political problems that are still ours." —Alexandre Kojève, Critique "On Tyranny is a complex and stimulating book with its 'parallel dialogue' made all the more striking since both participants take such unusual, highly provocative positions, and so force readers to face substantial problems in what are often wholly unfamiliar, even shocking ways." —Robert Pippin, History and Theory "Every political scientist who tries to disentangle himself from the contemporary confusion over the problems of tyranny will be much indebted to this study and inevitably use it as a starting point."—Eric Voegelin, The Review of Politics Leo Strauss (1899-1973) was the Robert Maynard Hutchins Distinguished Service Professor of Political Science at the University of Chicago.
