Lately Lily

The Adventures of a Travelling Girl

Chronicle Books Where has Lily been lately? Everywhere! In this heartfelt picture book from illustrator Micah Player, Lily—a worldtravelling girl with boundless curiosity—goes on enviable adventures with her best friend Zeborah, travelling by plane, train, boat, and even by camel. Whether venturing far away or staying close to home, Lily knows that the joy of discovery is the best way to travel each and every day. Readers and fans of the apparel line Lately Lily will appreciate this chance to join Lily on a world tour and experience the many delights of travel through her eyes.

His Wicked Games

The Cunningham Family, Book 1

Ember Casey A sizzling romance from USA Today bestseller Ember Casey. This wicked billionaire will do anything to get what he wants...and he's not afraid to play dirty. Lily Frazer would do anything to save the Frazer Center for the Arts—even take on the infamous billionaire Calder Cunningham. When Lily breaks onto the Cunningham estate, she only wants to find and reason with Calder. (All right, all right, she wants to punch him in the face, too, but that's Plan B.) As it turns out, the arrogant billionaire is willing to give her the money he promised, but there's a catch: she must win it from him. And the games he has in mind aren't exactly... innocent. Lily isn't about to give up the money without a fight (or let some haughty bastard seduce her), but she quickly discovers that there might be more to the brooding Calder than she initially perceived. As their games of cat and mouse become increasingly intense, she suddenly finds herself confused by her own emotions. Can she deny her attraction long enough to win the money she needs? His Wicked Games is a tale of devilish deeds, wild passions, and wicked romance. And it's currently FREE! *WARNING: This book contains steamy scenes and an alpha billionaire who's too sexy for his own good. The Cunningham Family Reading Order: His Wicked Games (Book 1) Truth or Dare (Book 2) Sweet Victory (Book 2.5) Her Wicked Heart (Book 3) Take You Away (Book 3.5) Lost and Found (Book 4) Completely (short story) Their Wicked Wedding (Book 5) A Cunningham Christmas (Book 5.5) Their Wicked Forever (Book 6) Keywords: Billionaire, Billionaire Romance, Billionaire Romance Novel, Steamy Romance, Sexy Bet, Stranded Romance, Romantic Comedy, New Adult, Free, Freebie, Free Romance Novel, Billionaire Romance Free, Romantic Comedy Free, New Adult Romance, Contemporary Romance, Contemporary Romance Novel, Romance Series, Contemporary Romance Free, Erotic Romance, Erotic Romance Free, Billionaire Erotic Romance, Alpha Billionaire, Alpha Billionaire Romance, Billionaire Romance Series

To the Lighthouse

Renard Press Ltd Described by Virginia Woolf herself as 'easily the best of my books', and by her husband Leonard as a 'masterpiece', *To the Lighthouse*, first published in 1927, is one of the milestones of Modernism. Set on the Isle of Skye, over a decade spanning the First World War, the narrative centres on the Ramsay family, and is framed by Mrs Ramsay's promise to take a trip to the lighthouse the next day - a promise which isn't to be fulfilled for a decade. Flowing from character to character and from year to year, the novel paints a moving portrait of love, loss and

perception. Bearing all the hallmarks of Woolf's prose, with her delicate handling of the complexities of human relationships, *To the Lighthouse* has earned its reputation - frequently appearing in lists of the best novels of the twentieth century, it has lost not an iota of brilliance.

Cogheart

Usborne Publishing Ltd Lily's life is in mortal peril. Her father is missing and now silver-eyed men stalk her through the shadows. What could they want from her? With her friends - Robert, the clockmaker's son, and Malkin, her mechanical fox - Lily is plunged into a murky and menacing world. Too soon Lily realises that those she holds dear may be the very ones to break her heart... Murder, mayhem and mystery meet in this gripping Victorian adventure.

The Giver

Houghton Mifflin Harcourt Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

Code the Classics Volume 1

Addressing Adversity

Prioritising adversity and trauma-informed care for children and young people in England.

YoungMinds / Health Education England / Human-Experience / An edited collection of papers published by YoungMinds and funded by Health Education England. With 1 in 3 adult mental health conditions related directly to adverse childhood experiences, it is vital that we understand the impact that adversity and trauma can have on the mental

health and wellbeing of young people, and how we can strengthen resilience and support recovery. **Addressing Adversity** presents evidence, insight, direction and case studies for commissioners, providers and practitioners in order to stimulate further growth in adversity and trauma-informed care, and spark innovation and good practice across England. **Section 1: Understanding adversity, trauma and resilience** includes evidence and analysis of the impact that adverse childhood experiences and trauma have on children and young people's mental health and wider outcomes across the lifecourse. **Section 2: Addressing childhood adversity and trauma** includes insights from the NHS in England, organisations and clinicians working with children and young people who have experienced forms of adversity and trauma. **Section 3: Emerging good practice** includes insight, case studies and working examples of adversity and trauma-informed service models being developed across England. The collection ends with an agenda for change, calling on all Directors of Public Health, commissioners and providers to make adversity and trauma-informed care a priority in their locality.

Why Don't Students Like School?

A Cognitive Scientist Answers Questions About How the Mind Works and What It Means for the Classroom

John Wiley & Sons Easy-to-apply, scientifically-based approaches for engaging students in the classroom Cognitive scientist Dan Willingham focuses his acclaimed research on the biological and cognitive basis of learning. His book will help teachers improve their practice by explaining how they and their students think and learn. It reveals-the importance of story, emotion, memory, context, and routine in building knowledge and creating lasting learning experiences. Nine, easy-to-understand principles with clear applications for the classroom Includes surprising findings, such as that intelligence is malleable, and that you cannot develop "thinking skills" without facts How an understanding of the brain's workings can help teachers hone their teaching skills "Mr. Willingham's answers apply just as well outside the classroom. Corporate trainers, marketers and, not least, parents -anyone who cares about how we learn-should find his book valuable reading." –Wall Street Journal

Game Theory Through Examples

Sesame and Lilies

Two Lectures Delivered at Manchester in 1864. 1. Of King's Treasuries. 2. Of Queens' Gardens

Sophie's World

Hachette UK The international bestseller about life, the universe and everything. When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, **SOPHIE'S WORLD** sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.

Mathematics for Machine Learning

Cambridge University Press Distills key concepts from linear algebra, geometry, matrices, calculus, optimization, probability and statistics that are used in machine learning.

Catching Fire (Hunger Games, Book Two)

Scholastic Inc. The second book in Suzanne Collins's phenomenal and worldwide bestselling Hunger Games trilogy.

The Algorithmic Beauty of Plants

Springer Science & Business Media Now available in an affordable softcover edition, this classic in Springer's acclaimed Virtual Laboratory series is the first comprehensive account of the computer simulation of plant development. 150 illustrations, one third of them in colour, vividly demonstrate the spectacular results of the algorithms used to model plant shapes and developmental processes. The latest in computer-generated images allow us to look at plants growing, self-replicating, responding to external factors and even mutating, without becoming entangled in the underlying mathematical formulae involved. The authors place particular emphasis on Lindenmayer systems - a notion conceived by one of the authors, Aristid Lindenmayer, and internationally recognised for its exceptional elegance in modelling biological phenomena. Nonetheless, the two authors take great care to present a survey of alternative methods for plant modelling.

Letters To Lily

On how the world works

Profile Books In a frank and unpretentious series of letters addressed to a teenage granddaughter, this highly original book teaches us to know and understand the world we live in and its rules, and how to behave in it. In these thirty letters, Alan Macfarlane answers his granddaughter's questions about how the world works, how it got to be as it is, what it could be, and where she fits in. Lily's enquiries range from the intimate, personal and moral to the political, social and philosophical. What is the nature of good and evil? What is religion? How can I be truly me? Is right and wrong the same wherever you are? What is beauty? Does there have to be torture? Does money matter? Is knowledge always good? What is progress? What is truth? What is sex? Is democracy a good idea? These are just a few of the questions. In responding to Lily's challenging problems, Alan Macfarlane, from a lifetime's experience as a historian,

anthropologist and teacher, ranges through history and across the world's cultures. Her questions are timeless. His answers add up to a classic.

Huis Clos

The full French text of Sartre's novel is accompanied by French-English vocabulary. Notes and a detailed introduction in English put the work in its social and historical context.

Working Mother

The magazine that helps career moms balance their personal and professional lives.

The Perks of Being a Wallflower

Proofreading, Revising & Editing Skills Success in 20 Minutes a Day

Learning Express Llc This comprehensive guide will prepare candidates for the test in all 50 states. It includes four complete practice exams, a real estate refresher course and complete math review, as well as a real estate terms glossary with over 900 terms, and expert test-prep tips.

A Monster Calls

Inspired by an idea from Siobhan Dowd

Candlewick Press NOW A #1 NEW YORK TIMES BESTSELLER! An unflinching, darkly funny, and deeply moving story of a boy, his seriously ill mother, and an unexpected monstrous visitor. At seven minutes past midnight, thirteen-year-old Conor wakes to find a monster outside his bedroom window. But it isn't the monster Conor's been expecting-- he's been expecting the one from his nightmare, the nightmare he's had nearly every night since his mother started her treatments. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. From the final idea of award-winning author Siobhan Dowd-- whose premature death from cancer prevented her from writing it herself-- Patrick Ness has spun a haunting and darkly funny novel of mischief, loss, and monsters both real and imagined.

The Death and Life of Great American Cities

Random House In this classic text, Jane Jacobs set out to produce an attack on current city planning and rebuilding and to introduce new principles by which these should be governed. The result is one of the most stimulating books on cities ever written. Throughout the post-war period, planners temperamentally unsympathetic to cities have been let loose on our urban environment. Inspired by the ideals of the Garden City or Le Corbusier's Radiant City, they have

dreamt up ambitious projects based on self-contained neighbourhoods, super-blocks, rigid 'scientific' plans and endless acres of grass. Yet they seldom stop to look at what actually works on the ground. The real vitality of cities, argues Jacobs, lies in their diversity, architectural variety, teeming street life and human scale. It is only when we appreciate such fundamental realities that we can hope to create cities that are safe, interesting and economically viable, as well as places that people want to live in. 'Perhaps the most influential single work in the history of town planning... Jacobs has a powerful sense of narrative, a lively wit, a talent for surprise and the ability to touch the emotions as well as the mind' New York Times Book Review

When Scotland Was Jewish

DNA Evidence, Archeology, Analysis of Migrations, and Public and Family Records Show Twelfth Century Semitic Roots

McFarland The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Her Mother's Daughter

A heartbreaking page-turner that will stay with you

Atlantic Books Hello! magazine's April 2018 'book of the week' Set across two decades in London and Ireland, Her Mother's Daughter sees the lives of a troubled and emotionally abusive mother and her innocent ten-year-old daughter change forever after one summer holiday. 1980: Josephine flees her home in Ireland, hoping never to return. She starts a new, exciting life in London, but as much as she tries, she can't quite leave the trauma of her childhood behind. Seventeen years and two children later, Josephine gets a call from her sister to tell her that their mother is dying and wants to see her - a summons she can't refuse. 1997: Ten-year-old Clare is counting down to the summer holidays, when she is going to meet her grandparents in Ireland for the first time. She hopes this trip will put an end to her mum's dark moods - and drinking. But family secrets can't stay buried forever and following revelations in Ireland, everything starts to unravel. Have Josephine and her daughter passed the point of no return?

Harry Potter and the Order of the Phoenix

Bloomsbury Publishing Celebrate 20 years of Harry Potter magic! Dark times have come to Hogwarts. After the Dementors' attack on his cousin Dudley, Harry Potter knows that Voldemort will stop at nothing to find him. There are many who deny the Dark Lord's return, but Harry is not alone: a secret order gathers at Grimmauld Place to fight against the Dark forces. Harry must allow Professor Snape to teach him how to protect himself from Voldemort's savage assaults on his mind. But they are growing stronger by the day and Harry is running out of time. These new editions of the classic and internationally bestselling, multi-award-winning series feature instantly pick-up-able new jackets by Jonny Duddle, with huge child appeal, to bring Harry Potter to the next generation of readers. It's time to PASS THE MAGIC ON ...

Who Cares Wins

Reasons For Optimism in Our Changing World

Penguin UK Global warming has reached terrifying heights of severity, human consumption has caused the extinction of countless species and neoliberalism has led to a destructive divide in wealth and a polarization of mainstream politics. The climate crisis demands action. Your planet needs you! Can we shop our way out of a crisis? Will technology save the day? What does it mean to be a citizen and not a consumer? Are the real solutions inside of us? Who Cares Wins provides a plethora of solutions guaranteed to inspire and create lasting global change. Lily Cole has met with some of the millions of people around the world who are working on creative, innovative solutions to our biggest challenges and are committed to creating a more sustainable and peaceful future for humanity. Embracing debate and exploring issues from fast fashion to fast food, farming to plastic waste, renewable energy to gender equality, the book features interviews with diverse voices from entrepreneurs like Stella McCartney and Elon Musk, to activists such as Extinction Rebellion co-founder Dr Gail Bradbrook, Farhana Yamin, Isabella Tree, Putanny Yawanawa and Alice Waters, to offer a beacon of possibility and celebrate the joy and power of collective global creativity in challenging times. Who Cares Wins is a rousing call to action that will instil hope and leave you feeling equipped with the solutions and practical steps needed to make a difference. We are the ancestors of our future: a generation that will either be celebrated for its activism or blamed for its apathy. _____ It is time for us to choose solutions over despair, to act now and create a better future. 'It's a positive, useful book - how to make choices. We need to get governments on board. I wish Lily was world controller' Vivienne Westwood, fashion designer and founder of Vivienne Westwood Ltd 'A welcome and thorough overview of some of the many aspects of the crisis humanity is now facing alongside the visionary possibilities for change at our fingertips. If we don't act it isn't for lack of good ideas' Dr Gail Bradbrook, co-founder of Extinction Rebellion 'Your book is golden, like you' Patti Smith

Best Man

Zeb Evans doesn't do messy. The product of a disorganised and chaotic childhood, Zeb likes order and control, and as the boss of his own employment agency he can give that to himself. Life runs along strict lines and he never mixes business with pleasure. Everything in his life lives in neat, alphabetized boxes. Until Jesse. Jesse Reed is Zeb's complete opposite. He's chaos personified. A whirling cyclone of disorder. He's also charming and funny and a very unwanted distraction. Which is why it comes as a complete surprise to Zeb to find himself asking Jesse to pose as his boyfriend for a few days in the country at a wedding. Zeb doesn't do impulsive, but as the time away progresses, he finds himself increasingly drawn to the merry and irreverent Jesse. But can he bring himself to break the hard-won lessons he's learnt in life? And even if he can, how could Jesse be attracted to him anyway? He's so much older than Jesse, not to mention being his boss. From the bestselling author of the Mixed Messages and Finding Home series comes a warm and funny romance about one man's fight for control and another man's determination to circumvent it.

Report of the National Reading Panel : Teaching Children to Read : an Evidence-based Assessment of the Scientific Research Literature on Reading and Its Implications for Reading Instruction

Courier Dover Publications This compilation of long-inaccessible puzzles by a famous puzzle master offers challenges ranging from arithmetical and algebraical problems to those involving geometry, combinatorics, and topology, plus game, domino, and match puzzles. Includes answers.

The Giver Quartet

Son

Houghton Mifflin Harcourt Unlike the other Birthmothers in her utopian community, teenaged Claire forms an attachment to her baby, feeling a great loss when he is taken to the Nurturing Center to be adopted by a family unit.

To Life!

Eco Art in Pursuit of a Sustainable Planet

Univ of California Press This title documents the burgeoning eco art movement from A to Z, presenting a panorama of artistic responses to environmental concerns, from Ant Farms anti-consumer antics in the 1970s to Marina Zurkows 2007 animation that anticipates the havoc wreaked upon the planet by global warming.

Pre-Incident Indicators of Terrorist Incidents

The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct

DIANE Publishing This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the

terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Les Mains Sales

First published in 1985. Routledge is an imprint of Taylor & Francis, an informa company.

Best Love

Noah and Sage have been best friends since they were seven when Sage climbed over the wall between their childhood homes. They know everything about each other apart from one small thing. Noah is hopelessly in love with Sage and doesn't ever intend to tell him. However, fate has other plans. A dating website with a glitch in its system leads Sage to challenge Noah. Two days in which they will show each other their best dates. What could possibly go wrong? At the end of these two days will the men discover that the best love comes with someone who really knows you, or will they fall back into being just good friends? This short story from bestselling author, Lily Morton, was originally featured in the Heart2Heart Anthology. It has had a new scene and epilogue added to it.

Thinking in Systems

A Primer

Chelsea Green Publishing In the years following her role as the lead author of the international bestseller, *Limits to Growth*—the first book to show the consequences of unchecked growth on a finite planet— Donella Meadows remained a pioneer of environmental and social analysis until her untimely death in 2001. *Thinking in Systems*, is a concise and crucial book offering insight for problem solving on scales ranging from the personal to the global. Edited by the Sustainability Institute's Diana Wright, this essential primer brings systems thinking out of the realm of computers and equations and into the tangible world, showing readers how to develop the systems-thinking skills that thought leaders across the globe consider critical for 21st-century life. Some of the biggest problems facing the world—war,

hunger, poverty, and environmental degradation—are essentially system failures. They cannot be solved by fixing one piece in isolation from the others, because even seemingly minor details have enormous power to undermine the best efforts of too-narrow thinking. While readers will learn the conceptual tools and methods of systems thinking, the heart of the book is grander than methodology. Donella Meadows was known as much for nurturing positive outcomes as she was for delving into the science behind global dilemmas. She reminds readers to pay attention to what is important, not just what is quantifiable, to stay humble, and to stay a learner. In a world growing ever more complicated, crowded, and interdependent, Thinking in Systems helps readers avoid confusion and helplessness, the first step toward finding proactive and effective solutions.

Weapons of Math Destruction

How Big Data Increases Inequality and Threatens Democracy

Penguin UK A former Wall Street quant sounds an alarm on the mathematical models that pervade modern life - and threaten to rip apart our social fabric We live in the age of the algorithm. Increasingly, the decisions that affect our lives - where we go to school, whether we get a loan, how much we pay for insurance - are being made not by humans, but by mathematical models. In theory, this should lead to greater fairness: everyone is judged according to the same rules, and bias is eliminated. And yet, as Cathy O'Neil reveals in this urgent and necessary book, the opposite is true. The models being used today are opaque, unregulated, and incontestable, even when they're wrong. Most troubling, they reinforce discrimination. Tracing the arc of a person's life, O'Neil exposes the black box models that shape our future, both as individuals and as a society. These "weapons of math destruction" score teachers and students, sort CVs, grant or deny loans, evaluate workers, target voters, and monitor our health. O'Neil calls on modellers to take more responsibility for their algorithms and on policy makers to regulate their use. But in the end, it's up to us to become more savvy about the models that govern our lives. This important book empowers us to ask the tough questions, uncover the truth, and demand change.

Shielding Lily

It's Lily Parker's first day at a new high school. She's a senior finishing her last semester, and all she wants to do is graduate and get out of town. Her home life is a secret hell, and she's trying to find a way out. But everything changes when Ren says hello and sees right through to her truth. Ren Hendrick's succeeds at everything he touches, including football. But he's never been passionate about anything. He's quiet and keeps to himself, which pisses people off. But he can't find the desire to care. He's lived a life without color, until Lily walks in and lights up his world. Their story is one of sweet young love and finding your forever before you can even dream of what that is. It's one of protecting what belongs to you and having the courage to follow your heart, no matter your age. **Warning: Call your dentist and schedule an appointment, because you're going to get nothing but cavities from this sugary book. Ren and Lily start off so innocent, but by the time it's over, you're gonna need to hose yourself off. We're talking two virgins who turn into maniacs. You're welcome!**

Man and His Symbols

Dell Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level

Life After Life

The global bestseller, now a major BBC series

Random House The PRIZE-WINNING BESTSELLER, now a major BBC1 DRAMA SERIES starring Thomasin McKenzie, Sian Clifford and James McArdle, directed by BAFTA award-winning John Crowley. 'Dazzling, witty, moving, joyful, mournful, profound... one of the best novels I've read this century' Gillian Flynn, bestselling author of GONE GIRL 'A box of delights ... it grips the reader's imagination on the first page and never lets go.' HILARY MANTEL, author of THE MIRROR AND THE LIGHT _____ What if you had the chance to live your life again and again, until you finally got it right? During a snowstorm in England in 1910, a baby is born and dies before she can take her

first breath. During a snowstorm in England in 1910, the same baby is born and lives to tell the tale. What if there were second chances? And third chances? In fact an infinite number of chances to live your life? Would you eventually be able to save the world from its own inevitable destiny? And would you even want to? *Life After Life* follows Ursula Todd as she lives through the turbulent events of the last century again and again. With wit and compassion, Kate Atkinson finds warmth even in life's bleakest moments, and shows an extraordinary ability to evoke the past. Here she is at her most profound and inventive, in a novel that celebrates the best and worst of ourselves. _____ 'Merging family saga with a fluid sense of time and an extraordinarily vivid sense of history at its most human level. A dizzying and dazzling tour de force' *Daily Mail* 'Absolutely brilliant...it reminded me a bit of her first book *Behind the Scenes at the Museum*, which is one of my most favourite books ever.' Marian Keyes, author of *Rachel, Again* 'An exceptional writer' *Guardian* '[A] magnificently tender and humane novel' *Observer* 'A ferociously clever writer...a big, bold novel that is enthralling, entertaining' *New Statesman* 'Exceptionally captivating' *New York Times* 'Truly brilliant...Think of Audrey Niffenegger's *The Time Traveler's Wife* or David Nicholl's *One Day*.. a rare book that you want to start again the minute you have finished.' *The Times*

The Plague Year

America in the Time of Covid

Penguin UK 'A virtuoso feat ... a book of panoramic breadth' *New York Times Book Review* 'A devastating analysis ... Wright is a master of knitting together complex narratives' *The Observer* Just as Lawrence Wright's *The Looming Tower* became the defining account of our century's first devastating event, 9/11, so *The Plague Year* will become the defining account of the second. The story starts with the initial moments of Covid's appearance in Wuhan and ends with Joseph Biden's inauguration in an America ravaged by well over 400,000 deaths - a mortality already some ten times worse than US combat deaths in the entire Vietnam War. This is an anguished, furious memorial to a year in which all of America's great strengths - its scientific knowledge, its great civic and intellectual institutions, its spirit of voluntarism and community - were brought low, not by a terrifying new illness alone, but by political incompetence and cynicism on a scale for which there has been no precedent. With insight, sympathy, clarity and rage, *The Plague Year* allows the reader to see the unfolding of this great tragedy, talking with individuals on the front line, bringing together many

moving and surprising stories and painting a devastating picture of a country literally and fatally misled. 'Maddening and sobering - as comprehensive an account of the first year of the pandemic as we've yet seen' Kirkus
