Tom Kundig: Houses

Princeton Architectural Press "Architect Tom Kundig is known worldwide for the originality of his work. This paperback edition of **Tom Kundig: Houses**, first published in 2006, collects five of his most prominent early residential projects, which remain touchstones for him today. In a new preface written for this edition, Kundig reflects on the influence that these designs continue to have on his current thinking. Each house, presented from conceptual sketches through meticulously realized details, is the product of a sustained and active collaborative process among designer, builder, and client. The work of the Seattle-based architect has been called both raw and refined--disparate characteristics that produce extraordinarily inventive designs inspired by both the industrial structures ubiquitous to his upbringing in the Pacific Northwest and the vibrant craft cultures that are fostered there." --

Slave Stealers

True Accounts of Slave Rescues: Then and Now

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Janey the Vet

Saving Sri Lanka's Street Dogs

Michael O'Mara Books 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey

introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Vipers and Virtuosos

Aiden From the second I saw her, I knew she'd be my ruin. Sitting all alone at the bar, she looked like an angel. Eurydice in human form; her beauty eclipsed by demons. Now, I'm one of them. The ghost she's tried for years to escape. Thinking I wouldn't be able to find her. But I never stopped trying, and now that I have, her past sins should be the least of her worries. Riley From the moment he saw me, I knew I'd ruin his life. Alone at the bar, I dared the monster to come and play. Orpheus in the flesh, with his sad songs and strange obsessions. I became one of them. The siren who calls to the darkest parts of him. Only, I disappeared before he could act on it. But now he's here, and he wants me to repent for my sins. *** *Vipers and Virtuosos is a full-length, standalone dark rockstar romance inspired by the myth of Orpheus and Eurydice. It is NOT fantasy, historical, or a retelling. If you are not a dark romance reader, this book may not be suitable for you. Reader discretion is advised.

Rusch to Glory

Adventure, Risk & Triumph on the Path Less Traveled

VeloPress Rebecca Rusch is one of the great endurance athletes of our time. Known today as the Queen of Pain for her perseverance as a relentlessly fast runner, paddler, and mountain bike racer, Rusch was a normal kid from Chicago who abandoned a predictable life for one of adventure. In her new book *Rusch to Glory: Adventure, Risk & Triumph on the Path Less Traveled*, Rusch weaves her fascinating life's story among the exotic locales and extreme conditions that forged an extraordinary athlete from ordinary roots. Rusch has run the gauntlet of endurance sports over her career as a professional athlete-- climbing, adventure racing, whitewater rafting, cross-country skiing, and mountain biking-- racking up world championships along the way. But while she might seem like just another superhuman playing out a fistful of aces, her empowering story proves that anyone can rise above self-doubt and find their true potential. First turning heads with her rock climbing and paddling skills, Rusch soon found herself spearheading adventure racing teams like Mark Burnett's Eco-Challenge series. As she fought her way through the jungles of Borneo, raced camels across Morocco, threaded the rugged Tian Shan mountains, and river-boarded the Grand Canyon in the dead of winter, she was forced to stare down her own demons. Through it all, Rusch continually redefined her limits, pushing deep into the pain cave and emerging ready for the next great challenge. At age 38, Rusch faced a tough decision: retire or reinvent herself yet again. Determined to go for broke, she shifted her focus to endurance mountain bike racing and rode straight into the record books at a moment when most athletes walk away. *Rusch to Glory* is more than an epic story of adventure; it is a testament to the rewards of hard work, determination, and resilience on the long road to

personal and professional triumph.

Hidden in Plain View

The Aboriginal People of Coastal Sydney

UNSW Press **Contrary to what you may think, local Aboriginal people did not lose their culture and die out within decades of Governor Phillip's arrival in Sydney in 1788. Aboriginal people are prominent in accounts of early colonial Sydney, yet we seem to skip a century as they disappear from the historical record, re-emerging early in the twentieth century. What happened to Sydney's indigenous people between the devastating impact of white settlement and increased government intervention a century later? Hidden in Plain View shows that Aboriginal people did not disappear. They may have been ignored in colonial narratives but maintained a strong bond with the coast and its resources and tried to live on their own terms. This original and important book tells this powerful story through individuals, and brings a poorly understood period of Sydney's shared history back into view. Its readers will never look at Sydney in the same way. Paul Irish has breathed new life into people written out of history. - Stan Grant This landmark book will open your eyes to the enduring Aboriginal history of Sydney, a story which was there all along, a story that changes everything. - Grace Karskens**

Walker Evans

Cuba

J Paul Getty Museum Publications **"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.**

Scorch

Soft Skull In the future world of Scorch, America is run by a "corporacracy." Three conglomerates have taken control not by force but by manipulating common beliefs and values through the media, and particularly by playing on Americans' fears of Big Brother. Consumerism and privatization have run amok in this landscape of flashing screens and subtle brainwashing, a world where even city streets and public schools are run by big business. This is a darkly comic first novel of a dystopian future, with echoes of 1984 and Brave New World.
