#### **A CHILDREN'S BOOK INSPIRED BY FRIEDENSREICH HUNDERTWASSER**

---

*Prestel Junior In this fairy tale-like story a beloved tree is saved and children learn how architecture can co-exist with nature. The Austrian artist Friedensreich Hundertwasser believed that humanity and nature shared a harmonious partnership, a philosophy that he demonstrated with his architectural creations. Filled with color-saturated illustrations that echo Hundertwasser's bold style, this story introduces young readers to the idea of environmentally conscious and playful architecture. When construction starts on a new building in Lea's neighborhood, she fears that her favorite tree will be chopped down. For days she watches anxiously as the tree is covered up and surrounded by bricks. Finally, she learns that the tree has been spared and made the centerpiece of a fantastic new building, where it will live a long and healthy life. Lucie Vandeveld's joyful drawings convey a kid's-eye view of city life, complete with people, pets, automobiles, and machinery. As the new building emerges, readers will come to learn about some of Hundertwasser's celebrated and offbeat principles--such as the rights of tenants to paint the walls outside of their windows, that trees should be given their own rooms, and that "straight lines lead to the downfall of humanity." A brief biography of Hundertwasser at the end of the book fills readers in on the work of this pioneering artist whose ideas were once radical but are now integrated into many architectural concepts.*

---

Cambridge University Press The diverse countries of Latin America have produced a lively and ever evolving tradition of novels, many of which are read in translation all over the world. This Companion offers a broad overview of the novel's history and analyses in depth several representative works by, for example, Gabriel García Márquez, Machado de Assis, Isabel Allende and Mario Vargas Llosa. ## BREAKING THE POWER OF MANIPULATION

---

---

### EXPOSING THE CONTROLLING SPIRIT

---

CreateSpace Breaking the Power of Manipulation takes a serious look at the signs and the effects of a person being controlled and manipulated. Manipulation is a common phenomenon in today's world. Everyday you come across headlines of newspapers reporting how common, innocent people are being victimized in the name of religion and God. Manipulation makes you dependent upon the will of the perpetrator. The perpetrator may succeed in making you feel that you have no potential to do anything of your own without their help and intervention. He brings you to such a state of mind that you lose confidence in yourself and instead always go to him for help making even the smallest decisions. In this process, you become dependent and subjugated to that person. In this book I shall mainly focus on one spirit that is very common and found especially in religious circles, but as well in offices, families and circle of friends. One could detect it easily if one knows its behavior. It is a product of the flesh that opens the door to an evil spirit. It is behavior that operates through a person to control by the use of manipulative, domineering and intimidating tactics. When it is in the church it is to disrupt the flow of the Spirit. The devil hates the prophetic flow of God, because the prophetic ministry demands repentance and cuts away evil without compromise. The prophet always speaks against Jezebel. Additionally, the prophetic words come with creative power, which renders the enemy helpless. There is such significance in the fact that Jezebel wanted to destroy Elijah. The Jezebel spirit hates the prophetic, uncompromising voice. It cannot accomplish its agenda with a prophet around. However, I shall not so much talk about the queen Jezebel, but expose how hidden motives combine with a strong desire in certain people find ways to achieve influence and exercise control.

### IN THE MIDST OF WINTER

---

---

#### A NOVEL

---

Simon and Schuster New York Times and worldwide bestselling "dazzling storyteller" (Associated Press) Isabel Allende returns with a sweeping novel about three very different people who are brought together in a mesmerizing story that journeys from present-day Brooklyn to Guatemala in the recent past to 1970s Chile and Brazil. In the *Midst of Winter* begins with a minor traffic accident—which becomes the catalyst for an unexpected and moving love story between two people who thought they were deep into the winter of their lives. Richard Bowmaster—a 60-year-old human rights scholar—hits the car of Evelyn Ortega—a young, undocumented immigrant from Guatemala—in the middle of a snowstorm in Brooklyn. What at first seems just a small inconvenience takes an unforeseen and far more serious turn when Evelyn turns up at the professor's house seeking help. At a loss, the professor asks his tenant Lucia Maraz—a 62-year-old lecturer from Chile—for her advice. These three very different

people are brought together in a mesmerizing story that moves from present-day Brooklyn to Guatemala in the recent past to 1970s Chile and Brazil, sparking the beginning of a long overdue love story between Richard and Lucia. Exploring the timely issues of human rights and the plight of immigrants and refugees, the book recalls Allende's landmark novel *The House of the Spirits* in the way it embraces the cause of "humanity, and it does so with passion, humor, and wisdom that transcend politics" (Jonathan Yardley, *The Washington Post*). *In the Midst of Winter* will stay with you long after you turn the final page.

#### **THE RELIGIOUS DIMENSIONS OF POPULAR MUSIC**

---

NYU Press "Sylvan's thesis furnishes far more of the same valued experiences than is usually realized: ritual activity, communal ceremony, a philosophy and worldview, a code for living one's life, a cultural identity, a social structure, a sense of belonging, and crucially, Sylvan argues encounters with the numinous." —*Journal of Religion* Most studies of the religious significance of popular music focus on music lyrics, offering little insight into the religious aspects of the music itself. *Traces of the Spirit* examines the religious dimensions of popular music subcultures, charting the influence and religious aspects of popular music in mainstream culture today and analyzing the religious significance of the audience's experiences, rituals, and worldviews. Sylvan contends that popular music subcultures serve the function of religious communities and represent a new and significant religious phenomenon. Drawing on ethnographic fieldwork using interviews and participant observation, Sylvan examines such subcultures as the Deadheads, raves and their participants, metalheads, and Hip Hop culture. Based on these case studies, he offers a comprehensive theoretical framework in which to study music and popular culture. In addition, he traces the history of West African possession religion from Africa to the diaspora to its integration into American popular music in such genres as the blues, rock and roll, and contemporary musical youth subcultures.

#### **A MAGICIAN AMONG THE SPIRITS**

---

Cambridge University Press Harry Houdini (1874-1926), whose real name was Erik Weisz, was one of the most famous magicians and escapologists of all time. He was highly sceptical of the many claims made concerning psychic and paranormal phenomena, which were very popular in the late nineteenth and early twentieth centuries. He attended hundreds of séances for the purposes of his study, and never experienced one he believed genuine. In this book, published in 1924, he described the mediums and psychics whom he revealed as fraudulent, exposing the tricks which had convinced many notable scientists and academics. These included spirit writing, table rapping, spirit manifestations, and levitation. Among those he revealed as frauds was the famous medium Mina Crandon, and his exposures led to a public split with his former friend Sir Arthur Conan Doyle, a firm believer. The book is a fascinating account of superstition and gullibility.

## EVERY TIME I FEEL THE SPIRIT

---

### RELIGIOUS EXPERIENCE AND RITUAL IN AN AFRICAN AMERICAN CHURCH

---

NYU Press *Dreams and visions, prophetic words from God about "dusty souls," speaking in tongues while "in the spirit"—narratives of these and similar events comprise the heart of Every Time I Feel the Spirit. This in-depth study of a Black congregation in Charleston, South Carolina provides a window into the tremendously important yet still largely overlooked world of African American religion as the faith is lived by ordinary believers. For decades, scholars have been preoccupied with the relation between Black Christianity, civil rights, and social activism. Every Time I Feel the Spirit is about black religion as religion. It focuses on the everyday experience of religion in the church, congregants' relationships with God, and the role that God and Satan play in congregants' lives—not only as objects of belief but as actual agents. It explores the concepts of religious experience and religious ritual, while emphasizing the attributions that people make to the operation of spiritual forces and beings in their lives. Through interviews and field work, Nelson uncovers what religious people themselves see as important about their faith while extending and refining sociological understandings of religious ritual and religious experience.*

### SATAN'S COUNTERFEIT HEALING

---

Wipf and Stock Publishers *"The Christian church worldwide has been taken prisoner by Satan's counterfeit healing." This statement is based on the author's personal experience, modest exposure to the Toronto Blessing, observation of parachurch healing ministries, and extensive historical reconstructions. Satan's Counterfeit Healing presents and evaluates Satan's supernatural healing from the Paleolithic period (ca. 45000 BCE) to the contemporary church. The guiding thesis is that Satan and his demonic surrogates perform miracles which are evident as psi paranormal phenomena. These manifestations include physical and exorcistic supernatural healings. Paleolithic and Neolithic periods produced Great Mother goddess worship and healing, which have persisted ever since. These idolatries, combined with OT nature gods, were a backdrop to Jesus' true miracles. For two thousand years of church history there's been a tug-of-war between true and false healing. Mother goddess as Mariological shrine healing joined with natural and demonic magic, and esoteric energy psi. Alongside these the Holy Spirit has raised up genuine healers and their ministries. Modern healing is marked by energy counterfeits and faith healing, the latter especially accompanied by trance, false prophecy, and psi transformations. True divine healing can be recovered when Christians repudiate nature gods, reject false prophecy, and restore proper eschatology.*

### **A DECISION FRAMEWORK FOR MANAGING THE SPIRIT LAKE AND TOUTLE RIVER SYSTEM AT MOUNT ST. HELENS**

*National Academies Press The 1980 eruption of Mount St. Helens in southwest Washington State radically changed the physical and socio-economic landscapes of the region. The eruption destroyed the summit of the volcano, sending large amounts of debris into the North Fork Toutle River, and blocking the sole means of drainage from Spirit Lake 4 miles north of Mount St. Helens. As a result of the blockage, rising lake levels could cause failure of the debris blockage, putting the downstream population of approximately 50,000 at risk of catastrophic flooding and mud flows. Further, continued transport of sediment to the river from volcanic debris deposits surrounding the mountain reduces the flood carrying capacity of downstream river channels and leaves the population vulnerable to chronic flooding. The legacy of the 1980 eruption and the prospect of future volcanic, seismic, and flood events mean that risk management in the Spirit Lake Toutle River system will be challenging for decades to come. This report offers a decision framework to support the long-term management of risks related to the Spirit Lake and Toutle River system in light of the different regional economic, cultural, and social priorities, and the respective roles of federal, tribal, state, and local authorities, as well as other entities and groups in the region. It also considers the history and adequacy of characterization,*

monitoring, and management associated with the Spirit Lake debris blockage and outflow tunnel, other efforts to control transport of water and sediment from the 1980 and later eruptions, and suggests additional information needed to support implementation of the recommended decision framework.

## **BODY, SOUL, SPIRITS AND SUPERNATURAL COMMUNICATION**

---

*Cambridge Scholars Publishing* This book provides a nuanced picture of the notions of body and soul held by the peoples of Europe through the soul concepts associated with the Judeo-Christian tradition and other religions and denominations; and the alternative traditions preserved alongside Christianity in folklore collections, linguistic and literary records. The studies also emphasize the connections between these notions and beliefs related to death and the dead, as well as questions of communication between the human world and the spirit world. The essays here focus on the roles notions of the soul and the spirit world play in the everyday life, religion and mentality of various communities; their folklore and literary representations, as well as the narrative metaphors, motifs, topoi and genres of ideas about the soul and about supernatural communication, along with questions of the relationship between narratives and religious notions. This book will appeal to researchers and students of religion, mythology, folklore and the anthropology of religion, as well as general readers interested in the humanities.
