Designed specifically for today's students, Fundamentals of Nursing, 3rd Edition takes a fresh, conversational approach that is friendlier than typical books on nursing fundamentals. To make understanding easier, the book introduces basic information first and then follows with progressively more nuanced and complex nursing concepts. Practical exercises provide a unique kind of active learning, allowing you to apply concepts to actual patient care. Even care planning is different, as authors Barbara L. Yoost and Lynne R. Crawford are pioneers of conceptual care mapping — a visual, holistic way of making clinical judgments and planning patient care. Essentially, this text offers an easier, fundamentally different way to learn the nursing profession! UNIQUE! Building-block approach uses review questions and exam questions tied to learning objectives, starting at lower Bloom's taxonomy levels in the early chapters and building to more complex levels as you acquire more knowledge. UNIQUE! Warm, friendly writing style introduces concepts and terms more slowly, giving you time to practice, think critically, and gain mastery. Case studies open each chapter with real-world scenarios, helping you build analytical, critical thinking, and clinical judgment skills. Coverage of complementary therapies is integrated throughout the text, reflecting changes to the NCLEX® exam. Emphasis on assignment and delegation describes the differences between the two skills, and how and when they are appropriate for an RN. UNIQUE! Objective-driven approach presents clearly defined, numbered learning objectives that coordinate with all content and then wrap up with Objective Summaries. UNIQUE! Active learning activities help you apply chapter content to broader nursing concepts and realistic patient scenarios. UNIQUE! Conceptual care mapping is used throughout the text in conjunction with the Conceptual Care Map creator to help you develop clinical judgment and plans of

care. Boxed features cover the areas of interprofessional collaboration and delegation, ethical and legal practice, patient education and healthy literacy, health assessment questions, diversity considerations, evidence-based practice and informatics, home care considerations, QSEN, and safe practice alerts. NEW! Clinical Judgment in Nursing chapter introduces the concept of clinical judgment and the six NCSBN Clinical Judgment Measurement Model Skills. NEW! Clinical judgment steps are integrated within the nursing process. **Textbook of Basic Nursing** Lippincott Williams & Wilkins Now in its Ninth Edition, this comprehensive all-in-one textbook covers the basic LPN/LVN curriculum and all content areas of the NCLEX-PN®. nursing process. Also useful are review questions to help you get ready for the NCLEX-PN® examination. Written by educators Lisa Falgiatore Carroll and Janyce Collier, this edition adds new insight into the ways self-empowerment can help you achieve positive outcomes in class and on the job. Basic career information includes the value of the LPN, workforce trends, state regulations governing LPN practice, and insight into safe practice and NCLEX-PN® success. Learning features in each chapter include objectives and key terms with phonetic pronunciations, with definitions in the text and in the glossary. Storytelling narratives at the beginning of specific chapters use real-life scenarios to provide context for the topic. Get Ready for the NCLEX-PN® Examination section at the end of each chapter includes key points, critical thinking scenarios, additional learning resources, and review questions with answers at the back of the book. Test-taking and interview preparation tips prepare students to take the NCLEX-PN Examination and guide you through the job search, applications, and interviews — including electronic resumes. Critical Thinking boxes provide opportunities to practice problem solving. Coordinated Care boxes develop leadership and management skills with hints, tools, and activities. Keep in Mind boxes introduce the underlying theme of each chapter. Professional Pointers boxes give advice on nursing best practices in practice settings. Try This! boxes challenge students to imagine, visualize, and think outside the box. Full-color design makes this text visually appealing and easy to read. References cite evidence-based information and can be found in the back of the book. NEW! Next-Generation NCLEX® (NGN) Examination-style questions are provided at the end of each chapter. NEW! Empowerment boxes introduce tools that can affect positive outcomes in class, clinicals, and professional practice. NEW! Updated content includes delegation, preparing students for leadership positions immediately upon graduation, and the latest on clinical judgment. **McGraw-Hill Review for the NCLEX-RN Examination** McGraw Hill Professional The first guide specifically organized around the new NCLEX-RN test plan—from an acclaimed educator and author Written by prominent educator and nursing book author Fran Monahan, this review gets you ready for today's NCLEX-RN exam in a way that no other source can duplicate.
