Drawn to the Rhythm A Passionate Life Reclaimed Drawn to the Rhythm: A Passionate Life Reclaimed W. W. Norton & Company *The inspiring story of one woman's journey of healing and transformation. Sara Hall's life seemed perfect: a wealthy husband, a big house in an affluent suburb, three healthy children. But the surface of Hall's life hid a marriage filled with sorrow and pain. One day, at age forty-two, Hall sees a lone figure rowing in the harbor, and that image becomes her holy grail. In this richly layered memoir, the author tells how her determination to master rowing a single shell gave her the courage to free herself from the dark forces of abuse in her childhood and the failure of her marriage. In lyrical prose, Hall describes the rigors of rowing, the elation of winning, the joy of total engagement in passionate enterprise, and the triumph of breaking free. Ultimately, she declares sovereignty over her life and wins a world championship gold medal. Drawn to the Rhythm is a brave and soulful book, written for all women who seek to find their strength and voice.* **Row Daily, Breathe Deeper, Live Better A Guide to Moderate Exercise iUniverse** *Advance Praise for Row Daily "This book has the potential to change and lengthen your active life." -Jo A. Rowing News Rowing News Advocating for Women with Postpartum Mental Illness A Guide to Changing the Law and the National Climate Rowman & Littlefield Publishers *Advocating for Women with Postpartum Psychosis takes the reader into the world of one of the most misunderstood mental illnesses. Affecting 1 to 2 out of 1,000 childbearing women a year in the United States, postpartum psychosis creates hallucinations and delusions, which, if untreated, can lead to infanticide and subsequently imprisonment or death for the mother. While other parts in the world, particularly the United Kingdom have more sympathetic laws, in the United States, women with postpartum psychosis are often stigmatized as "baby killers", and face the ultimate penalty. Through this book, though, authors Feingold and Lewis humanize the mother's experience to promote understanding and compassion. Beginning with an overview of the mental health and legal facets surrounding postpartum psychosis, the authors then provide vital resources and tools for mental health practitioners and legal professionals to enact change in their practices and communities. Complete with case studies and the authors' experiences in changing the law in their own state of Illinois, this book is a necessary resource for furthering dialogue and action around maternal mental illness.*

Violent States and Creative States (Volume 2) Human Violence and Creative Humanity Jessica Kingsley Publishers *This is a provocative collection exploring the different types of violence and how they relate to one another, examined through the integration of several disciplines, including forensic psychotherapy, psychiatry, sociology, psychosocial studies and political science. By examining the 'violent states' of mind behind specific forms of violence and the social and societal contexts in which an individual act of human violence takes place, the contributors reveal the dynamic forces and reasoning behind specific forms of violence including structural violence, and conceptualise the societal structures themselves as 'violent states'. Other research often stops short at examining the causes and risk factors for violence, without considering the*

opposite states that may not only mitigate, but allow for a different unfolding of individual and societal evolution. As a potential antidote to violence, the authors prescribe an understanding of these 'creative states' with their psychological origins, and their importance in human behaviour and meaning-seeking. Making a call to move beyond merely mitigating violence to the opposite direction of fostering creative potential, this book is foundational in its capacity to cultivate social consciousness and effect positive change in areas of governance, policy-making, and collective responsibility. **Volume 2: Human Violence and Creative Humanity** explores violent states of mind, behavioural or subjective, interpersonal violence (including self-injury) and the fine distinctions between violent and creative states of mind. **The Pleasure Is All Yours Reclaim Your Body's Bliss and Reignite Your Passion for Life Shambhala Publications** Reconnect to your inner sense of pleasure and joy through embodiment practices, which put you in touch with the natural wisdom of your body and enhance your ability to connect with others. In this time of increased fatigue, loneliness, and anxiety, disconnection from our bodies and from each other is at the core of our personal pain and our collective suffering. Women in particular are rewarded for, and expected to participate in self-denial. By weaving together historical and cultural commentary, humorous and poignant anecdotes, and experiential tools backed by science, *The Pleasure Is All Yours* is a step-by-step guide to help you release barriers to receiving life's pleasures and deeper connections with others. In this timely guide, holistic psychologist, relationship and sex therapist, and yoga teacher Dr. Rachel Allyn introduces bodyfulness, an embodiment method she developed to help you to awaken into your body's own capacity for healing and deeper connection. Allyn explains how bodyfulness can connect you to four essential and overlooked types of pleasure—sensual, playful, lively, and erotic— which overlap in many ways, and helps you identify what can inspire your own pleasure in each category. Through bodyful activities such as breathing exercises, mindfulness, yoga, auditory release, and dynamic movements, this book helps you reunite with your inherent wisdom and soulful delight. **Kliatt Young Adult Paperback Book Guide The Life of Goethe When I Lay My Isaac Down Unshakable Faith in Unthinkable Circumstances NavPress Publishing Group** You're never ready for calamity to strike. She soon found her calling as a dance instructor, but like many baby boomers, she put her passion on hold to focus on starting a family. Only when her marriage ended and she was left with little means of support for herself and her two young sons did Vicki return to her first true love: teaching dance. In doing so, she found much more than a way to make a living: she found a way to make a difference. With her exuberant personality, infectious enthusiasm, and unwavering belief in the magic of movement to make even the darkest times better, Vicki has inspired thousands of women to do things they never dreamed possible. At the age of sixty-two, when her peers were thinking about retirement, Vicki opened the doors to what has become America's largest adult tap dancing studio. She has gone from teaching fifty students a year to teaching more than five hundred, and thanks to Vicki, Harrisburg, Pennsylvania, has become the unofficial tap capital of the world and the home of her celebrated "Tap Pups." The majority of the women (and a handful of men) in her classes are*

*in their fifties and sixties, but instead of yielding to the expectation that they'd be slowing down at this stage of life, tap has helped them to get in touch with their own natural rhythm. Tap helped Anni, 56, get through a difficult divorce with grace. It gave Betsy a newfound self-confidence, and at 57 she was inspired to wear eye makeup for the first time in thirty years. And when Jeanne, 62, was diagnosed with cancer, the Tap Pups rallied to offer their full support. Vicki's students come from all walks of life: teachers, doctors, nurses, lawyers, insurance agents, therapists, CPAs, retirees—married, divorced, single, and widowed—but through dancing together, no matter their innate talent or years of experience, Vicki's Tap Pups have found a potent source of friendship, vitality, and fulfillment. After years of putting everyone else first, these women know that now it's their time to shine. In *Encore Performance*, Vicki inspires readers of all ages to listen to the beat of their own hearts and dance through life as they were born to do.*

Revelation/Apocalypse Macmillan Education AU *This unusual book - rich in colours, textures and symbolism - serves as a memento of the changing millennium. Based on The Book of Revelation, it traces a 4-year project by Melbourne-based artist Irene Barberis. She studied ancient Apocalypses in famous manuscript collections in London and Paris, then created her own contemporary version, using abstract and figurative images and new materials and techniques. It includes fold-out pages and images printed on tracing-paper. The book is introduced by Dr Michelle Brown, Curator of Illuminated Manuscripts in the British Library, London. The stunning photographs of the artworks and the artist's studio are by Garry Sommerfeld.*

Poet Lore Symbols of the Eternal Doctrine From Shamballa to Paradise Theosophy Trust Books *The remarkable essays in this volume were written for the expressed purpose of helping both the newcomer to spiritual thinking as well as the skilled practitioner to see the everyday objects - from the wind and ships to deserts and lakes - and subjects - from dogs and ravens to dolphins and whales - surrounding us as concrete embodiments and living symbols of the fundamental spiritual Essence from which everything has evolved. These universal symbols are not just accidental mental constructs but are living realities that not only point to spiritual dimensions far beyond themselves but profoundly embody those spiritual realities. Learning to see the world around us afresh in the light of its spiritual dimension reorients us to taking up again the age-old task of treading the Path and aids us in activating our higher spiritual capacities which, when awakened, shed the pristine light of universal Theosophy on the path of spiritual self-regeneration in the service of humanity. The 28 wide-ranging articles in this volume span a wide spectrum of human thought: from the Tetraktys to the Cross, from the Altar to the Mirror, from the Pentagon to the Dodecahedron, from the Dog to the Dwarf, from the Heart to the Fool; indeed, from Shamballa to Paradise. These essays reveal the fundamental religious, philosophical, and scientific aspects to the most mundane and most refined realities of our common, everyday world. Both the serious reflection upon and casual reading of these essays is a joyous expedition through the all-too-common truncated perceptions we have of our world to a higher level of awareness of the myriad ways in which the life of the universal Spirit is made manifest.*
