Bulletin

Guide to U.S. Government Publications

Gale / Cengage Learning This comprehensive yet concise annual annotated reference source catalogs the important series, periodicals and reference tools published by U.S. government agencies. Over the years, the index section of the Guide to U.S. Government Publications has expanded to more than 40,000 entries. Agencies and titles are indexed, followed by a keyword title index for quick and easy referencing. No other single resource provides historical and current information on U.S. government publications in one place.

The Complete Idiot's Guide to U.S. Government and Politics

Penguin Presents an introduction to American government and politics, discussing such topics as the responsibilities of each branch of government, the Constitution, political parties, and how economic, foreign, and defense policies are formulated.

Pediatric Board Study Guide

A Last Minute Review

Springer Nature Building upon the highly successful 1st edition, this book is a comprehensive review designed to prepare pediatric residents, fellows, and pediatricians for the General Pediatrics Certifying Examination, and for the American Board of Pediatrics Maintenance of Certification. Pediatric Board Study Guide: A Last Minute Review, 2nd edition, covers all aspects of pediatric medicine; each chapter has been updated according to the most recent content specifications provided by the ABP. The 2nd edition provides more illustrations, diagrams, radiology images, and clinical case scenarios to further assist readers in reviewing pediatric subspecialties. New chapter topics include nutrition, sports medicine, patient safety, quality improvement, ethics, and pharmacology. Finally, the book closes with a "Last Minute Review" of high-yield cases arranged in the same sequence as the chapters, providing readers with a concise study guide of critical cases and conditions. Pediatric residents and fellows preparing for the board examination, pediatricians, and pediatric subspecialists preparing for certification maintenance will find Pediatric Board Study Guide: A Last Minute Review, 2nd edition easy to use and comprehensive, making it the ideal resource and study tool.

The Purposeful Argument: A Practical Guide

Cengage Learning Emphasizing the practical and the local, THE PURPOSEFUL ARGUMENT: A PRACTICAL GUIDE, 2E effectively brings argument into real life with community-based writing activities, illustrating that the tools and skills of argument are critical to success now-and well beyond. With a focus on accessibility, the text encourages students to argue in response to issues in a variety of environments-school, workplace, family, neighborhood, social-cultural, consumer, and concerned citizen-and learn how argument can become an essential negotiating skill in everyday life. It offers thorough treatments of Toulmin-based and Rogerian approaches to argument as well as teaches the value of fully understanding the opposition, the importance of aiming for the middle ground, and how to use a microhistory to forge an unconventional position. The only introduction to argument written with the today's diverse student body in mind, THE PURPOSEFUL ARGUMENT uses vivid explanations, detailed examples, and practical exercises to guide students step by step through the process of building an effective argument. In addition, a rich anthology of arguments covers a wide range of today's leading issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Yale Law School Guide to Research in American Legal History

Yale University Press The study of legal history has a broad application that extends well beyond the interests of legal historians. An attorney arguing a case today may need to cite cases that are decades or even centuries old, and historians studying political or cultural history often encounter legal issues that affect their main subjects. Both groups need to understand the laws and legal practices of past eras. This essential reference is intended for the many nonspecialists who need to enter this arcane and often tricky area of research.

Free Speech and Censorship: A Documentary and Reference Guide

ABC-CLIO The United States' collective understanding of First Amendment freedoms was formed by more than 200 years of tensions between the power of word and the power of the government. During that time, major laws and legal decisions defined the circumstances and degree to which personal expression could be rightfully expressed—and rightfully limited. This struggle to define the parameters of free speech continues today. Vibrant and passionate debates about First Amendment limitations once inspired by the dissemination of birth control information now address such issues as kneeling during the national anthem, removing controversial books from public libraries, attempts by the Trump administration to discredit the press, and disseminating false or hateful information through social media platforms. By exploring diverse examples of censorship victories and triumphs of free expression, readers will better understand the enormous impact of First Amendment freedoms on American society.

A Guide to the Study and Use of Military History

This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study. It is not a work to be read and lightly tossed aside, but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past.

Muslim Women, Transnational Feminism and the Ethics of Pedagogy

Contested Imaginaries in Post-9/11 Cultural Practice

Routledge Following a long historical legacy, Muslim women's lives continue to be represented and circulate widely as a vehicle of intercultural understanding within a context of the "war on terror." Following Edward Said's thesis that these cultural forms reflect and participate in the power plays of empire, this volume examines the popular and widespread production and reception of Muslim women's lives and narratives in literature, poetry, cinema, television and popular culture within the politics of a post-9/11 world. This edited collection provides a timely exploration into the pedagogical and ethical possibilities opened up by transnational, feminist, and anti-colonial readings that can work against sensationalized and stereotypical representations of Muslim women. It addresses the gap in contemporary theoretical discourse amongst educators teaching literary and cultural texts by and about Muslim Women, and brings scholars from the fields of education, literary and cultural studies, and Muslim women's studies to examine the politics and ethics of transnational anti-colonial reading practices and pedagogy. The book features interviews with Muslim women artists and cultural producers who provide engaging reflections on the transformative role of the arts as a form of critical public pedagogy.
