## Team Cul de Sac

# Cartoonists Draw the Line at Parkinson's

*Andrews McMeel Publishing* When Richard Thompson, creator of the cartoon strip Cul de Sac, learned that he had Parkinson's disease, the entire cartoon community was moved. From other cartoonists to fans, the urge to "do something" was overwhelming. Enter Chris Sparks, friend of and webmaster for Richard, who came up with the idea of joining the Team Fox effort. Having read two of Michael J. Fox's books, he knew about the foundation, which made him think of creating a Team Cul de Sac to honor Richard and to raise money for and awareness about PD. He set up the team with the foundation and began the quest to create a book that contributors would donate their original art to be included in the book and to be auctioned off later. All of the auction's and a portion of the book's profits will be donated to Team Fox. The response to Chris's call for art has been impressive. From indie cartoonists to noted syndicated, editorial, and magazine cartoonists to graphic novel artists, illustrators, and sheer Cul de Sac fans, the assortment of cartoon styles paying homage to Cul de Sac and Richard Thompson in Team Cul de Sac is truly inspiring.

## The Complete Cul de Sac Volume Two

*Andrews McMeel Publishing* Cul de Sac began newspaper syndication in September 2007 and ended in September 2012, when creator Richard Thompson retired to focus on treatment for Parkinson's disease. In its too-short time on the comics page, Cul de Sac garnered an avid fan base, a Reuben and a Harvey Award, and remarkable admiration from the cartooning community. In tribute to the strip, all the cartoons that were ever published are gathered here and as a bonus, there are selections of Richard Thompson's pre-syndication Cul de Sac watercolored Sundays. If you haven't discovered Richard Thompson's wonderful Cul de Sac comic strip, you are in for a real treat. Cul de Sac is noted not only for its humor and intelligence, but also for creator Richard Thompson's fun, imaginative watercolor artwork. Thompson's drawings, along with his pitch-perfect timing and gentle humor, made the cartoon an instant classic. Cul de Sac is brought to life through manhole-dancing Alice Otterloop, a curious four-year-old who discovers life's ups and downs in suburbia. Along with her Blisshaven Preschool classmates, Alice charms fans of all ages with her escapades. From crafting projects in a cloud of glitter and glue or just trying to comprehend a completely incomprehensible world, Alice is a creature of pure and indomitable will, an irresistible force. Alice describes her father's car as a "Honda-Tonka Cuisinart" and talks to the class guinea pig, Mr. Danders. Alice is joined by her family: her older brother Petey who is intent on being the King of the Picky Eaters; her dad, who's the Assistant Director of Pamphlets at the U.S. Department of Consumption, Office of Consumer Complaints; and her mom, who is capable of doing a million things simultaneously, about five of them well. This library of cartoons and art will both delight longtime fans and provide a fantastic introduction to new readers. Includes an introduction by Art Spiegelman.

## The Cul-de-Sac War

*Thomas Nelson* In this charming rom-com, two enemies find something they never expected in one another—taking "all's fair in love and war" to a hilarious and heartwarming new level. Actress Bree Leake doesn't want to be tied down, but just when it's time to move on again, Bree's parents make her an offer; hold steady in Abingdon for one full year, and they will give her the one thing she's always

wanted—her grandmother's house. Her dreams are coming true . . . until life throws her some curve balls. And then there's her new neighbor, Chip McBride. For the first time in her life, she's met the person who could match her free-spirited air—and it's driving her to the ledge of sanity. She would move heaven and earth to have him out of her life, but according to the bargain she's struck, she cannot move out of her house and away from the man who's making her life miserable. So begins Bree's obsessive new mission: to drive Chip out of the neighborhood—and fast. Bree isn't the only one who's a wee bit competitive, and as Chip registers what Bree's up to, he's more than willing to fight fire with fire. But as their pranks escalate, the line between love and hate starts to blur. Good fences make good neighbors—and sometimes love and hate share a backyard. Sweet, stand-alone romantic comedy

Cul De Sac

This Exit

*Andrews McMeel Publishing* "I hope you enjoy Cul de Sac as much as I do. I think you're in for a real treat." --Bill Watterson, creator of Calvin and Hobbes, 2008 "One of the five best features in any newspaper, period." --The Comics Reporter "One of

the few strips around where nearly every individual panel is stand-alone delight." --  
The Onion "...it really seems like the inheritor of 'Calvin and Hobbes.'" --Art  
Spiegelman "I can't say enough in his favor, so much is my admiration for his work."  
--Pat Oliphant More than half of our nation's population resides in the 'burbs.  
Knowingly, Richard Thompson's Cul de Sac follows the antics of four-year-old Alice  
Otterloop as she navigates her way through life at Blisshaven Preschool, "the scene  
of [her] daily toil." Suburbanites across the nation will easily recognize the quirks and  
conundrums associated with house-lined streets, sidewalk canvases, and  
magnetified refrigerator art. Instructed by the proper Miss Bliss, Alice regularly has  
issues with taking a nap, speaking out of turn, and remembering what a triangle  
looks like. Helping her through life's ups and downs are her eight-year-old brother  
Petey, Dad (a.k.a. Peter), and Mom (a.k.a. Madeline), as well as Mr. Danders, the  
preschool's pompously pedantic guinea pig. This is the strip's first book collection  
incorporating more than a year's worth of strips dating back to the cartoon's 2007  
debut. Thompson has received critical praise for doing a masterful job of  
commenting on social issues while entertaining in a freshly amusing and unexpected  
way.

In these visceral, stunningly crafted stories, people are effortlessly cruel to one another, and the natural world is a primitive salve. A wife is abandoned by her new husband in a ghost estate, with blood on her hands; a young woman is tormented by visions of the man murdered by her brother during the Troubles; a pregnant mother fears the worst as her husband grows illegal cannabis with the help of a vulnerable teenage girl; a woman struggles to forgive herself after an abortion threatens to destroy her marriage. Announcing a major new voice in literary fiction for the twenty-first century, these sharp shocks of stories offer flashes of beauty, and even humour, amidst the harshest of truths.
