BASIC TOOLS FOR BEGINNING WRITERS

HOW TO TEACH ALL THE SKILLS BEGINNING WRITERS NEED--FROM ALPHABET RECOGNITION AND SPELLING TO STRATEGIES FOR SELF-EDITING AND BUILDING COHERENT TEXT

Pembroke Publishers Limited This practical book offers effective and creative activities that help young students master the skills they need to grow as writers. Among the topics discussed, the book thoroughly explores the important beginning steps, such as: putting pencil to paper; identifying and printing letters of the alphabet; exploring sound-symbol matches. Basic Tools for Beginning Writers recognizes that story and image are good ways to introduce students to concepts. The making of a simple word such as "go" is told as a story, the combining of onsets with rhymes seen as a slide, and the learning of the alphabet is shown as a rap or jive. Game formats designed to stimulate learning incorporate all aspects of language--talk, phonemes, words, and sentences. Throughout the book, teachers will find "Making It Simpler" and "Increasing the Challenge" sections to help adapt activities to the needs of both struggling and more accomplished students. Teachers will find many opportunities to incorporate essential skills in everyday routines that range from the four stages of the Morning Message to techniques for promoting printing, writing and reading in learning centers.

HANS VON BÜLOW'S LETTERS TO JOHANNES BRAHMS

In addition to selected facsimiles of letters, postcards, and concert programs, this research edition of the correspondence of these two giants of classical music includes a thorough commentary explaining individuals, events, and issues discussed in the letters. Authoritatively researched, Hinrichsen's edition of these letters, artfully translated by Cynthia Kloor, brings to life the world of music that Brahms and Bülow inhabited.

PLATO'S LYSIS

Cambridge University Press The Lysis is one of Plato's most engaging but also puzzling dialogues; it has often been regarded, in the modern period, as a philosophical failure. The full philosophical and literary exploration of the dialogue illustrates how it in fact provides a systematic and coherent, if incomplete, account of a special theory about, and special explanation of, human desire and action. Furthermore, it shows how that theory and explanation are fundamental to a whole range of other Platonic dialogues and indeed to the understanding of the corpus as a whole. Part One offers an analysis of, or running commentary on, the dialogue. In Part Two Professors Penner and Rowe examine the philosophical and methodological implications of the argument uncovered by the analysis. The whole is rounded off by an epilogue of the relation between the Lysis and some other Platonic (and Aristotelian) texts.

THE SCARLET LETTER

A ROMANCE

TRANSPARENT SIMULACRA

SPANISH FICTION, 1902-1926

University of Missouri Press The development of basic textual strategies in Spanish fiction from 1902 to 1926 is the focus of this study. Challenging traditional views of the relationships between the literature produced by the Generation of 1898 and the Spanish vanguard movement, Spires traces through analyses of select works a process of evolution beginning at the turn of the century and continuing into the 1920s. Spires demonstrates how the somewhat tentative strategies of the first decade became more daring in the second. As opposed to the extant historical, autobiographical, and thematic surveys of this period, *Transparent Simulacra* features structuralist and post-structuralist readings of fiction by Baroja, Azorín, Unamuno, Pérez de Ayala, Gómez de Serna, Jarnés, and Salinas. These approaches offer not only revisionist views of a literary period but also revisionist readings of some of Spain's best-known fiction.

THE CORRESPONDENCE OF SIGMUND FREUD AND SÁNDOR FERENCZI: 1908-1914

Harvard University Press Volume 1 of the three-volume Freud-Ferenczi correspondence closes with Freud's letter from Vienna, dated June 28, 1914, to his younger colleague in Budapest: "I am writing under the impression of the surprising murder in Sarajevo, the consequences of which cannot be foreseen."
