### STARGATE SG-1 ATLANTIS Homeworlds

### STARGATE ATLANTIS From the Depths

### The Host

*Hachette UK* Melanie Stryder refuses to fade away. The earth has been invaded by a species that takes over the minds of their human hosts while leaving their bodies intact, and most of humanity has succumbed. Wanderer, the invading 'soul' who has been given Melanie's body, knew about the challenges of living inside a human: the overwhelming emotions, the too-vivid memories. But there was one difficulty Wanderer didn't expect: the former tenant of her body refusing to relinquish possession of her mind. Melanie fills Wanderer's thoughts with visions of the man Melanie loves - Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. As outside forces make Wanderer and Melanie unwilling allies, they set off to search for the man they both love.

### STARGATE ATLANTIS Pride of the Genii

### The Invincible

*MIT Press* A space cruiser, in search of its sister ship, encounters beings descended from self-replicating machines. In the grand tradition of H. G. Wells and Jules Verne, Stanisław Lem's *The Invincible* tells the story of a space cruiser sent to an obscure planet to determine the fate of a sister spaceship whose communication with Earth has abruptly ceased. Landing on the planet Regis III, navigator Rohan and his crew discover a form of life that has apparently evolved from autonomous, self-replicating machines—perhaps the survivors of a “robot war.” Rohan and his men are forced to confront the classic quandary: what course of action can humanity take once it has reached the limits of its knowledge? In *The Invincible*, Lem has his characters confront the inexplicable and the bizarre: the problem that lies just beyond analytical reach.

### Final Days

*Pan Macmillan* But this new mode of transportation comes at a price and there are risks. Saul Dumont knows this better than anyone. He's still trying to cope with the loss of the wormhole link to the Galileo system, which has stranded him on Earth far from his wife and child for the past several years. Only weeks away from the link with Galileo finally being re-established, he stumbles across a conspiracy to suppress the discovery of a second, alien network of wormholes which lead billions of years in the future. A covert expedition is sent to what is named Site 17 to investigate, but when an accident occurs and one of the expedition, Mitchell Stone, disappears - they realise that they are dealing with something far beyond their understanding. When a second expedition travels via the wormholes to Earth in the near future of 2245 they discover a devastated, lifeless solar system - all except for one man, Mitchell Stone, recovered from an experimental cryogenics facility in the ruins of a lunar city. Stone may be the only surviving witness to the coming destruction of the Earth. But why is he the only survivor - and once he's brought back to the present, is there any way he and Saul can prevent the destruction that's coming?

### STARGATE SG-1 Permafrost

### The Forever War

*Harper Collins* Drafted into the ranks of Earth's interstellar warriors, private William Mandella finds his fight against the Taurans secondary to the side-effects of faster-than-light space travel, which affects the rate at which he ages. Winner of the Hugo and Nebula Awards. Reprint. 25,000 first printing.

### Doctor Who: Tales of Terror

*Penguin UK* A new spine-chilling collection of twelve short illustrated adventures packed with terrifying Doctor Who monsters and villains, just in time for Halloween 2017! Each short story will feature a frightening nemesis for the Doctor to outwit, and each will star one incarnation of the Doctor with additional appearances from favourite friends and companions such as Sarah Jane, Jo and Ace.

### STARGATE SG-1 & STARGATE ATLANTIS Far Horizons

### The Snow Queen

*Macmillan* The imperious Winter colonists have ruled the planet Tiamat for 150 years, deriving wealth from the slaughter of the sea mers. But soon the galactic stargate will close, isolating Tiamat, and the 150-year reign of the Summer primitives will begin. All is not lost if Arienrhod, the ageless, corrupt Snow Queen, can destroy destiny with an act of genocide. Arienrhod is not without competition as Moon, a young Summer-tribe sibyl, and the nemesis of the Snow Queen, battles to break a conspiracy that spans space.

### Robot Uprisings

*Vintage* A lively collection of stories about robotic revolution and human resistance includes contributions by such genre luminaries as Alan Dean Foster, Corey Doctorow and Ian McDonald. Original. 30,000 first printing.

### Homecoming

*Fandemonium Limited* In this first installment in a six book series set after the end of Stargate Atlantis's final season, Atlantis returns to the Pegasus Galaxy where the Wraith are now under the new and powerful Queen of Death who desperately needs Dr. Rodney McKay--the only one who can lead them to Earth. Original.

### The Android's Dream

*Pan Macmillan* From New York Times bestseller and Hugo Award-winner John Scalzi, *The Android's Dream* is a wild-and-woolly caper novel of interstellar diplomacy. 'The Android's Dream is just the right gene-splicing of fast action and furious comedy SF has been needing for ages' - *SFF180* When a human kills an alien during diplomatic negotiations, the fall-out is astronomical. To prevent interstellar war, humanity must deliver an extremely rare sheep for the aliens' coronation ceremony - or face enslavement. So Earth's government turns to Harry Creek: ex-cop, war hero and hacker extraordinaire. It should be a straightforward mission, but there are others who covet the priceless animal. Ruthless mercenaries, a religious cult, and alien races eager to spark revolution. Harry's mission will take him across the galaxy, as he tries to pull off the grand diplomatic coup of the century. There'll only be one chance to save the life of the sheep - and ensure the future of humanity. Praise for John Scalzi: 'John Scalzi is the most entertaining, accessible writer working in SF today' - Joe Hill 'Scalzi is one of the slickest writers that SF has ever produced' - *Wall Street Journal*

### Half Way Home

*John Joseph Adams* Nearly sixty teens awaken halfway through their training, stranded on a harsh alien world with few supplies, no adults, and led by a treacherous artificial intelligence, but their greatest enemy is each other.

## Egyptscape

*Egyptscape is a free-wheeling adventure story involving time travel, an out of work Egyptologist, and a government sponsored experiment that opened the door to a long-dead ancient civilization, and the inevitable contamination due to the crossing of time.*

## The Illiterate

*This story of exile and loss, of how, for the refugee, the country in which she eventuall settles, however kind and well-meaning its inhabitants, will always be a poor and inadequate substitute for the country of one's birth, its language always an alien thing, however proficient she becomes in it - this is the story of so many people today that it is perhaps the story of our time. This is Agota Kristof's memoirs.*

## How to Write Science Fiction & Fantasy

*Writer's Digest Books Offers tips and advice on writing science fiction, discussing the rules of fiction, and how to structure a successful story.*

## I Will Fear No Evil

*Penguin The brilliantly shocking story of the ultimate transplant from New York Times bestselling author Robert A. Heinlein. As startling and provocative as his famous Stranger in a Strange Land, here is Heinlein's awesome masterpiece about a man supremely talented, immensely old and obscenely wealthy who discovers that money can buy everything. Even a new life in the body of a beautiful young woman. Once again, master storyteller Robert A. Heinlein delievers a wild and intriguing classic of science fiction.*

## 7th Sigma

*Macmillan Welcome to the territory. Leave your metal behind, all of it. The bugs will eat it, and they'll go right through you to get it...Don't carry it, don't wear it, and for god's sake don't come here if you've got a pacemaker. The bugs showed up about fifty years ago--self-replicating, solar-powered, metal-eating machines. No one knows where they came from. They don't like water, though, so they've stayed in the desert Southwest. The territory. People still live here, but they do it without metal. Log cabins, ceramics, what plastic they can get that will survive the sun and heat. Technology has adapted, and so have the people. Kimble Monroe has chosen to live in the territory. He was born here, and he is extraordinarily well adapted to it. He's one in a million. Maybe one in a billion. In 7th Sigma, Gould builds an extraordinary SF novel of survival and personal triumph against all the odds. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.*

## The Fabulous Riverboat

*Hachette UK Resurrected on the lush, mysterious banks of Riverworld, along with the rest of humanity, Samuel Langhorne Clemens (a.k.a. Mark Twain) has a dream: to build a riverboat that will rival the most magnificent paddle-wheelers ever navigated on the mighty Mississippi. Then, to steer it up the endless waterway that dominates his new home planet - and at last discover its hidden source. But before he can carry out his plan, he first must undertake a dangerous voyage to unearth a fallen meteor. This mission would require striking an uneasy alliance with the bloodthirsty Viking Erik Bloodaxe, treacherous King John of England, legendary French swordsman Cyrano de Bergerac, Greek adventurer Odysseus, and the infamous Nazi Hermann Göring. All for the purpose of storming the ominous stone tower at the mouth of the river, where the all-powerful overseers of Riverworld - and their secrets - lie in wait . . .*

## Death by Silver

*His practice newly established, metaphysician Ned Mathey can't afford to turn away any clients. But the latest Londoner to seek Ned's magical aid gives him pause: Mr Edgar Nevett, an arrogant banker, is the father of the bully who made Ned's life hell at boarding school. Nevertheless, Ned accepts the commission to ensure the Nevett family silver bears no ancient or modern curses, and then prepares to banish the Nevett family to unpleasant memory again. Until Edgar Nevett is killed by an enchanted silver candlestick-one of the pieces Ned declared magically harmless. Calling on his old school friend Julian Lynes-private detective and another victim of the younger Nevett-Ned races to solve the murder, clear the stain on his professional reputation, and lay to rest the ghosts of his past. Assisted by Ned's able secretary Miss Frost, who has unexpected metaphysical skills of her own, Ned and Julian explore London's criminal underworld and sodomitical demimonde, uncover secrets and scandals, confront the unexpected murderer and the mysteries of their own relationship. In Death by Silver veteran authors Melissa Scott and Amy Griswold introduce a Victorian London where magic works, influencing every aspect of civilized life, and two very appealing detectives.*

## 666 Charing Cross Road

*Hachette UK From olde London Town to the juicy heart of the Big Apple, something is waiting to bite In a Manhattan gallery, a strange, undead woman, who's been lost for centuries, is found in a basement and becomes the centrepiece of Shelley's new museum show. Nicknamed Bessie, the Scottish Bride, she becomes an overnight celebrity as Christmas approaches. From the dusty vaults beneath the famed bookshops in Charing Cross Road, Shelley's bibliophile aunt Liza receives crumbling volumes by post, while her friend Jack prefers brand-new books and his brand-new lover. When a small leather-bound book of spells arrives, Liza finds it repellent. But its arcane magic brings Bessie to life, and enthrals Shelley's posh boyfriend Daniel - literally. It contains the quintessence of evil in the form of a dark bloodstain marking several pages: vampire blood. As Daniel's power grows, everyone's lives are infected. Soon the vicious vampire infestation rife in NYC threatens to spread to London - and only the Scottish Bride and her new friends can stop it...*

## A Bright Shore

## The Eden Chronicles-Book One

*Eden Chronicles A military Sci-Fi political thriller set a short decade from now. In 2031, holding to the concept of Individual Liberty can get you killed. Western Civilization is in collapse, a process led and driven by the world's leading supposed democracies, our own included. What was once the western world's guiding light of Liberty is quickly being replaced by state sponsored serfdom under the guise of a global economic re-set done in the name 'the workers.' The people of The Program have seen the unfettered growth of government power coming for decades and they've worked in secret since the 1950's on engineering their way around and through the multiverse established by Quantum theory. They aren't perfect and they've lost the political fight to the left's government power and to the right's corporate statism. The world's people have been force fed a political chasm between left and right for so long they don't recognize that the governments themselves drive this supposed battle while ensnaring everyone. Those that see the truth, people from nearly every country on the planet, have banded together in secret knowing they can't win. Not on this world. They're leaving... ... but new destinations rarely mirror the guide book. The thing about a new empty world is that they may not be the only ones willing to fight for it. A debut novel, the first in a series from a former CIA operations officer who has decided that his lifelong writing habit/hobby/obsession is more fun than "real" work. "Finally an author that doesn't pull punches..." - Amazon reviewer"It's 4 am, and I'm not going to work - just finished one of the best books I've read in years..." - Amazon reviewer*

## The Apocalypse Codex

### Book 4 in The Laundry Files

*Hachette UK* Bob Howard used to fix computers for the Laundry - the branch of the British Secret Service that deals with otherworldly threats - but those days are over. He's not only been promoted to active service but actually survived missions against cultists, enemy spies and tentacled horrors from other dimensions. Willingly or not, he's on his way up in this dangerous organisation. When a televangelist with connections to 10 Downing Street seems able to work miracles, the Laundry takes an interest. But an agency that answers to the Prime Minister can't spy on him themselves, and Bob's shadowy superiors come up with a compromise - they hire 'freelancers', with Bob in charge. British citizens who discover the occult are either forcibly recruited by the Laundry or disposed of, and Bob's never heard of freelancers before. Officially they don't exist. Anyone who's big and bad enough to remain independent is going to be hard to handle, and Bob's not too sure that the one-week 'people management' course he was sent on in Milton Keynes is going to be enough . . .

### Point of Dreams

### A Novel of Astreiant

*Lethe Press* The city of Astreiant has gone crazy with enthusiasm for a new play, "The Drowned Island," a lurid farrago of melodrama and innuendo. Pointsman Nicolas Rathe is not amused, however, at a real dead body on stage and must investigate. A string of murders follow, perhaps related to the politically important masque that is to play on that same stage. Rathe must once again recruit the help of his lover, former soldier Philip Eslingen, whose knowledge of actors and the stage, and of the depths of human perversity and violence, blends well with Rathe's own hard-won experience with human greed and magical mayhem. Their task is complicated by the season, for it is the time of year when the spirits of the dead haunt the city and influence everyone, and also by the change in their relationship when the loss of Philip's job forces him to move in with Nicolas. Mystery, political intrigue, floral magic, astrology, and romance--both theatrical and personal--combine to make this a compelling read. A winner of the Lambda Literary Award for Best LGBT Speculative Fiction.

### Lion of Senet

### Second Sons Trilogy

*HarperCollins Australia* true darkness, she often heard Murray say, was in men's souls. On the world of Ranadon there is no night and both suns shine brightly. the intervention of Belagren, High Priestess of the Shadowdancers, has banished the Age of Shadows from the skies. Belagren's position is at risk as political rivalries erupt into a deadly game. A volcanic eruption shipwrecks a mysterious sailor on the island of Elcast. His arrival stirs up old hatreds and unravels old secrets. And brings Antonov, the powerful Lion of Senet - and fear - to the Keep of the Duke of Elcast. A strong friendship begins to develop between Dirk, second son of the Duke, and Kirshov Latanya, second son of the Lion of Senet. But will they survive the ambitions of Antonov and Belagren? ### Putting the Science in Fiction

### Expert Advice for Writing with Authenticity in Science Fiction, Fantasy, & Other Genres

*Penguin* Science and technology have starring roles in a wide range of genres--science fiction, fantasy, thriller, mystery, and more. Unfortunately, many depictions of technical subjects in literature, film, and television are pure fiction. A basic understanding of biology, physics, engineering, and medicine will help you create more realistic stories that satisfy discerning readers. This book brings together scientists, physicians, engineers, and other experts to help you: • Understand the basic principles of science, technology, and medicine that are frequently featured in fiction. • Avoid common pitfalls and misconceptions to ensure technical accuracy. • Write realistic and compelling scientific elements that will captivate readers. • Brainstorm and develop new science- and technology-based story ideas. Whether writing about mutant monsters, rogue viruses, giant spaceships, or even murders and espionage, Putting the Science in Fiction will have something to help every writer craft better fiction. Putting the Science in Fiction collects articles from "Science in Sci-fi, Fact in Fantasy," Dan Koboldt's popular blog series for authors and fans of speculative fiction ([dankoboldt.com/science-in-scifi](http://dankoboldt.com/science-in-scifi)). Each article discusses an element of sci-fi or fantasy with an expert in that field. Scientists, engineers, medical professionals, and others share their insights in order to debunk the myths, correct the misconceptions, and offer advice on getting the details right.

The heir named in her will is an impossibility, her favorite, Keira Renault, member of a family deposed and disgraced generations before--the man she claimed as the power behind her throne. As the Empire's notables jockey for position behind the various claimants, Keira must defeat his rivals in simulation and reality--and somehow hold the factions together long enough for the Empire to survive.

### Resident Evil: The Final Chapter (The Official Movie Novelization)

*Titan Books* As the only survivor of what was meant to be humanity's final stand against the undead hordes, Alice must return to where the nightmare began — Raccoon City, where the Umbrella Corporation is gathering its forces for a final strike against the only remaining survivors of the apocalypse. In a race against time Alice will join forces with old friends, and an unlikely ally, in an action-packed battle with undead hordes and new mutant monsters.

## The End of All Things

*Pan Macmillan The universe is a hostile place in John Scalzi's The End of All Things the sixth in The Old Man's War series. Our fate is in their hands . . . The Colonial Union's Defence Force was formed to save humanity when aggressive alien species targeted our worlds. Now Lieutenant Harry Wilson has an urgent new mission, as a hostile universe becomes ever more dangerous. He must investigate a sinister group, which lurks in the darkness of space playing different factions against one another. They'll target both humans and aliens, and their motives are unfathomable. The Defence Force itself is weakening as its soldiers fall - without recruits to replace them. Relations with Earth have broken down and it will send no more troops, even as human colonies become increasingly vulnerable to alien attack. Lieutenant Wilson and Colonial Union diplomats must race to keep the peace, seek reconciliation with an enraged Earth, and maintain humanity's unity at all costs. If they don't, it will mean oblivion, extinction and the end of all things.*

## The Fold

### A Novel

*Crown A page-turning science-fiction thriller from the author of Paradox Bound and the Ex-Heroes series. Step into the fold. It's perfectly safe. The folks in Mike Erikson's small New England town would say he's just your average, everyday guy. And that's exactly how Mike likes it. Sure, the life he's chosen isn't much of a challenge to someone with his unique gifts, but he's content with his quiet and peaceful existence. That is, until an old friend presents him with an irresistible mystery, one that Mike is uniquely qualified to solve: far out in the California desert, a team of DARPA scientists has invented a device they affectionately call the Albuquerque Door. Using a cryptic computer equation and magnetic fields to "fold" dimensions, it shrinks distances so that a traveler can travel hundreds of feet with a single step. The invention promises to make mankind's dreams of teleportation a reality. And, the scientists insist, traveling through the Door is completely safe. Yet evidence is mounting that this miraculous machine isn't quite what it seems—and that its creators are harboring a dangerous secret. As his investigations draw him deeper into the puzzle, Mike begins to fear there's only one answer that makes sense. And if he's right, it may only be a matter of time before the project destroys...everything. A cunningly inventive mystery featuring a hero worthy of Sherlock Holmes and a terrifying final twist you'll never see coming, The Fold is that rarest of things: a genuinely page-turning science-fiction thriller.*

## The Human Division

*Pan Macmillan Hard-core science fiction at its very best, John Scalzi's The Human Division is the fifth in The Old Man's War series. Lieutenant Harry Wilson has an impossible mission. He must help preserve the union of humanity's colonies, in the wake of a terrible revelation. For years the Colonial Union has protected its citizens from the dangerous universe around them. But the people of Earth now know the ugly truth. The Union deliberately kept Earth as an ignorant backwater - and as a source of recruits for its war against hostile aliens. Now, other alien races have formed a new alliance against the Union. And they've invited the incensed people of Earth to join them. Managing the Colonial Union's survival will take all the political cunning and finesse its diplomats can muster. And Harry and his team will be deployed to deal with the unexpected - for failure is unthinkable. Continue the gripping space war series with The End of All Things.*
