Featured Articles

14 Hey big spender

Canadian teacher, Greg Miyanaga shows how a spot of DIY can pay dividends in creating great spaces in which to learn on a budget.

22 A splash of colour

One of the easiest ways of having a positive impact on the learning environment is paint – we look at options as well as what the experts tell us about colour theory.

34 The art of tidy

A survey by City of Liverpool college suggested that tidiness could be next to godliness when it came to their library spaces and it didn't cost them a penny.

42 Mashed up learning for knowmads

Professor Stephen Heppell gave a group of students from Spain just €500 to furnish their classroom: we share their results.

51 Learning Spaces Swedish style

Bicester meets Borås when the headteacher of an Oxfordshire school took a trip to the blue and yellow furniture store.

56 The secret of the shed

Less industrial, more industrious: a commercial building on a Slough business estate became a seat of learning when architects Manalo & White set to work.
